RARE AND GOOD PLANTS AT LOW PRICES

Lombardy Poplar

Cydonia or Fire Bush

LOMBARDY (Poplar)—One of the characteristic trees of Italy. With age, the Lombardy Poplar becomes one of the most striking and picturesque trees. Excellent for landmarks. 6 to 8 feet, 90c, 2 for 91c; 8 to 10 feet, \$1.00, 2 for \$1.01. Not Prepaid.

1-CENT Sale

RED BUD

CERCIS CANADENSIS — A handsome ornamental tree growing twenty or thirty feet high. It has broad irregular head and perfect, heart shaped glossy leaves. Beautifully attractive in early spring when the leafless branches and twigs are covered with rosy, pink blossoms. Very beautiful and attractive planted as single specimens or in groups, 2 to 3 feet 75c, 2 for 76c. Prepaid.

1-CENT Sale

CALTAPA BUNGEII

UMBRELLA TREE—Just the tree to be used for formal effects. Propagated on a stem of the Catalpa Speciosa. It makes a very unique ornamental tree. Has a broad, dome-shaped head at the top of a long straight stem. When the tree attains its full growth the top is often 15 feet in diameter and not over 3 to 4 feet tall on top of a strong stem from 5 to 7 feet in height. An exceptionally hardy variety. 5 to 7 feet, 1 year heads. \$1.50, 2 for \$1.51. Not Prepaid.

1-CENT Sale

ROSE TREE OF CHINA

The Rose Tree of China (*Prunus Triloba*) is the most beautiful and showy of all small trees. It begins to bloom before the leaves appear in the spring, being literally covered with very double rose-like pink flowers. As an ornament from early spring until late fall it has few equals. Grows usually to a height of but 8 feet, and is attractive as a specimen or when planted in groups or shrub border. It is hardy and easily grown. The rose-like blossoms make fine cut flowers. Choice trees for 90c each. By parcel post, prepaid.

KOLKWITZIA AMABILIS OR BEAUTY BUSH

A NEW SHRUB FROM CHINA

Following is a description of this new shrub, taken from a bulletin of the Arnold Arboretum Harvard University, of June 14, 1927, in which they say:

It is a twiggy shrub, growing from 6 to 8 feet tall, the whole plant forming a dome shaped mass. The flowers are produced along the whole length of the branches in clusters at the ends of short, leafy shoots. They are tubular with a gaping mouth, deep pink without, stained with yellow brown on the lower throat and lip. The graceful habit of the plant, its free-flowering qualities, pleasing color, combined with perfect hardiness, make this one of the most beautiful, as well as most useful shrubs that China has given to the gardens of this country. Related to the Weigelas or Diervillas, it is far more beautiful than any of them. New low price: Heavy 2-year-old plants, 90c each, 2 for 91c. Prepaid.

1-CENT Sale

Red Bud or Judas Tree

Rose Tree of China

CYDONIA or FIRE BUSH

JAPAN (Japonica)—Improved garden form, growing from 3 to 6 feet with spreading, spiny branches. The bright scarlet-red flowers appear before the leaves and are followed by globular fruits which are very fragrant. 2-3 ft., 50c, 2 for 51c. Prepaid.

1-CENT Sale

CHINESE FLOWERING CRAB

ELEYII—This is a purple-leaved, Crab of recent introduction from England. The flowers are large, of a deep red color. This is a valuable Flowering Crab and has purplish red foliage and attractive red fruits. 3 to 4 ft., \$1.00, 2 for \$1.01. Prepaid.

BEST STOCK AT LOWEST PRICES

TAKE
ADVANTAGE
OF OUR
1¢ SALE

We have been growing and selling Nursery Stock for 83 years. Never before in the history of our business, have we made such low prices on high quality stock.

Just take a look through this book. Notice that we prepay transportation on 95 per cent of the items offered. Then compare our prices with any that are offered you through any other source.

Remember our stock is shipped to you fresh from the nursery, and if the quality of the stock we ship would not be first class, we could not afford to make the strongest guarantee ever offered by any nursery. (See guarantee printed on this page).

STRONG HEALTHY STOCK

No. 517 Aug. 14, 1931
CERTIFICATE OF NURSERY
INSPECTION

Columbus, Ohio, Aug. 14, 1931
This is to certify, that the nursery stock of SPRING HILL NURSERIES, Bohlender Nurseries Co., Prop., of Tippecanoe City, County of Miami, State of Ohio, consisting of ornamentals, perennials, fruits and bulbs, has been inspected by a duly authorized inspector, and has been found apparently free from dangerously injurious insects and plant diseases. Permission is hereby granted the above mentioned nursery firm to sell and ship nursery stock which has been inspected for the year ending September 15, 1932.

W. W. ELLENWOOD,
Chief of Division
J. F. GUTHRIE,
Director of Agriculture.

Don't fail to take advantage of our 1c sale offered in this book. We absolutely give you two good, first quality plants for 1c more than the present low price for one.

No other investment you can make will pay such big dividends in both pleasure and profit as will dollars invested in Trees and plants that grow.

GENERAL INFORMATION

Everything in this catalog that can be conveniently shipped by parcel post is marked POSTPAID. They will be delivered to you PREPAID.

TREES and EVERGREENS and other items in this catalog too large to be sent parcel post are marked by Express. They will be sent to you by EXPRESS or Freight carrying charge Collect.

In case of mixed orders, where part of your order is to be prepaid and part not prepaid, the order will be shipped collect, but we will include enough extra plants of the varieties you have ordered to more than pay for our share of the express or freight charges.

SPECIAL NOTICE

Instead of making our 1c Sale Offer late in the season, we are offering it in this book on items wherever the 1c Sale sign is shown.

Spring Hill Nurseries, Tippecanoe City, O.

OUR GUARANTEE

We guarantee all our stock to be true to name, good, clean and healthy first-class stock. We also guarantee it to reach you in good growing condition. If at any time found otherwise we will gladly replace the stock or refund the purchase price. It is mutually agreed and understood that we cannot be held responsible for a greater amount than the original purchase price.

ROCK PLANTS

PRICE OF ALL ROCK PLANTS

15c each, 3 for 40c, Prepaid

ALYSSUM SAXATILE—Broad masses of bright yellow flowers in early spring. Excellent for Rock garden.

ANCHUSA *Myosotidiflora*—Dwarf plant, blue flowers resembling for-get-me-nots. May and June.

ARABIS—White Rock Cress, Alpina—Pure white flowers in masses. Good for cut flowers also.

ARENARIA, Montana—Evergreen trailing plant, dense foliage, white flowers.

ARMERIA, Thrift, Formosa—Grass like leaves, tufted habit, flowers in globular heads. Blooms May to September. Flowers light pink.

ASTERS, Mauve Cushion—Distinct variety, forms a circular cushion like plant. Flowers delicate mauve, with silvery white, blooms profusely. Late October and November.

AUBRETIA, Purple Rock Cress—Evergreen hoary foliage, attractive rosy lilac blooms from April to July.

CAMPANULA, Bellflower—One of the most popular plants for the rock garden.

Carpatica—Flowers clear blue on wiry stems. Blooms June to October.

Rotundifolia—Taller and more slender habit, clear blue flower. Good for crevices. Does well in light shade.

CERASTIUM, Chickweed, Tomentosum, (Snow in Summer)—Silvery white foliage, abundance of snow white flowers in May. Likes sunny position.

CHEIRANTHUS, Siberian Wallflower, Allioni. Biennial—Bright orange flowers of delightful fragrance, bloom profusely in early spring.

DIANTHUS, Caesius (Cheddar Pink)—Compact in habit, glaucous leaves, fragrant rose colored flowers in May.

Deltoides (Maiden Pink)—Prostrate in habit, narrow leaves crimson flowers in June. July. Very easily grown, and very attractive when in bloom. Price 15c each, 2 for 16c, prepaid.

Plumarius (Old Fashioned Pinks)—Fragrant flowers on long spikes, single and double, mixed colors, blooms throughout the summer.

Grasses, Ornamental, Festuca Glauc—Dense tufts of narrow blue grass. Used for edgings. Price 15c each, 2 for 16c, prepaid.

GYPSOPHILA, Baby's Breath, Repens—Beautiful trailing plant for the rockery, small white and pink flowers in July and Aug.

HELIANTHEMUM, Rock Rose, Mutabile—Evergreen foliage, white and yellow flowers, forms a dense mass. July to Sept.

HEUCHERA, Coral Bells—Heart shaped leaves, dainty blooms in graceful panicles. Sunny position.

Brizoides—Flowers pale pink in May.

Sanguinea—Flowers bright red, nice for cutting. June to September. Excellent for cutting.

IBERIS, Candytuft—Dark evergreen foliage, masses of snowy white blossoms in spring. Very desirable for rock garden.

Gibraltarica—Grows about 8 in. high.

Sempervirens—Very dwarf.

IRIS PUMILA—Beautiful little plants about 4 in. high, bloom in April and May. Good for borders. Blue only. Price, 15c each, 2 for 16c, prepaid.

LINUM, Flax, Narbonne—Spreading clump of attractive foliage with azure blue flowers with white eye.

Peronne—Flowers pale blue, graceful stems. Price 15c each, 2 for 16c, prepaid.

LYCHNIS, Catchfly, Vicaria Splendens—Old fashioned flower, large heads of flowers, pink, 8-10 in., blooms June and July.

PHLOX SUBULATA, Moss pinks—Moss like evergreen foliage, prolific bloomer, invaluable for rock garden.

Alba—Pure white flowers in May.

Rosea—Rose pink, thrives in hot-dry location.

Vivid—Bright pink with fiery red eye. Very good.

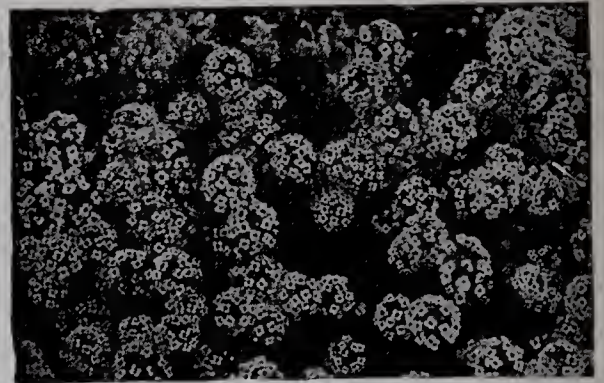

Alyssum

Polygonum

Gypsophila

Phlox Subulata

Aubretia

Iberis or Candytuft

1-CENT Sale **PLUMBAGO**, Leadwort—Larpenae—Very desirable rock plant and also for border. Leathery heart shaped leaves of bronzy green. Flowers of deep blue in small clusters just above foliage during late summer and fall. Price 15c each, 2 for 16c, prepaid.

POLEMONIUM, Jacobs Ladder—Graceful pinnate green leaves, blue flowers on erect stems.

SAPONARIA, Ocymoides, Trailing Vine—Flowers rosy pink produced in profusion just above foliage in May and June.

SEDUM, Stonecrop, Album—Dwarf, thick, waxy round foliage, white flowers.

Ewersi—Trailing habit, foliage glaucous gray, Rose colored flowers in October.

Larnatum—Glaucous heart shaped leaf on reddish stem, white flowers.

Kamschaticum—Foliage green, turning bronze in fall, flowers orange yellow. Very good.

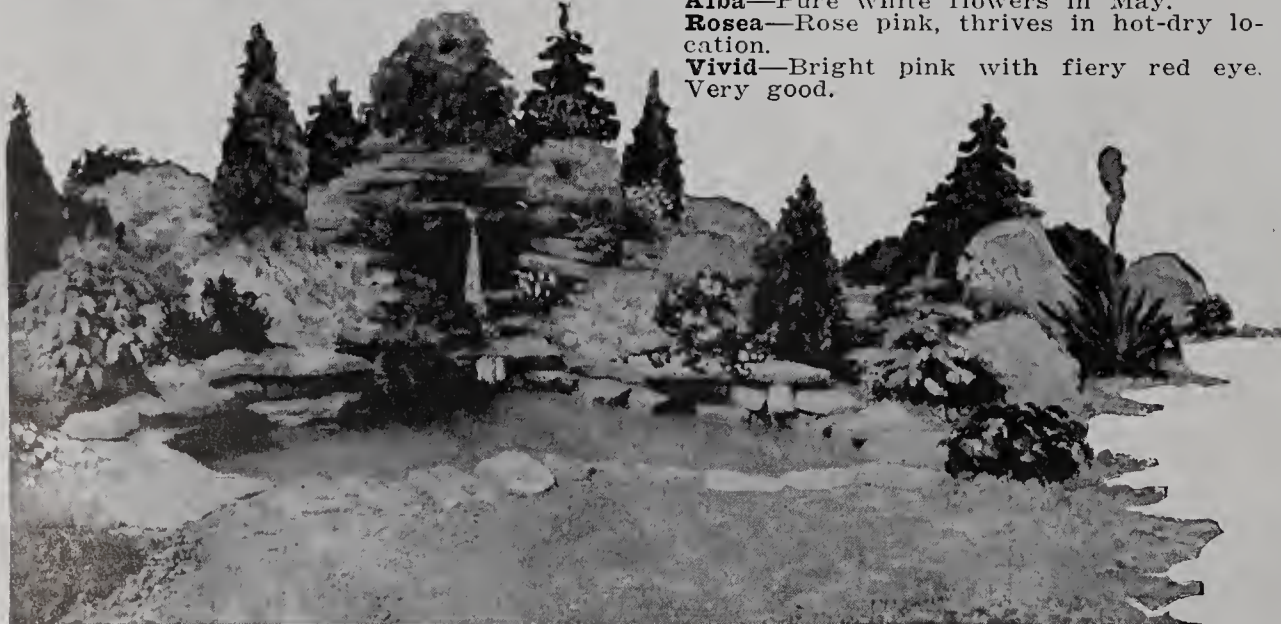

Anglicum—Grass like leaf, rose flowers, June and July.

Spathulatum—Yellowish leaf, Yellow flowers. Rapid grower, profuse bloomer, good for crevices.

Sexangular—Dark green foliage, yellow flowers.

1-CENT Sale **Spectabilis**—Erect growing, about 18 in., broad light green foliage, immense heads of rose colored flowers, very attractive late flowering plant. Price 15c each, 2 for 16c, prepaid.

Stoloniferum Album—Evergreen foliage, white flowers, one of the largest blooms of all Sedums.

A Well Planted Rock Garden

ROCK PLANTS

PRICE OF ALL ROCK PLANTS ON THIS PAGE
15c each, 3 for 40c, prepaid. Except where noted.

SEMPERVIVUM, House Leek, (Hen and Chicken)—Succulent plants of rosette like thick leaves, spreading habit. Very interesting.

Brauni—Large rosettes, bronze green leaf with almost red tip.

Globiferum—Flattened rosettes, grey green leaves tipped brown, pale yellow flowers.

Tectorum—Broad rosettes, reddish brown tips, flowers pale red. Old fashioned variety.

STACHYS, Woundwort, Lantana—Old fashioned garden flower, good for borders. Very dwarf, silvery foliage.

STATICE, Sea Lavender, Latifolia—Leathery dark green leaves, bearing flowers in heavy branched panicles. Good for cutting and also drying for winter. Flowers purplish blue, July and August.

THYMUS—Very dwarf, prostrate creeping plant with fragrant foliage. Does well in Sun. Price 15c each, 2 for 16c, prepaid.

TUNICA, Coat Flower, Saxifraga—Tufted habit, light pink flowers blooms all summer. Very desirable. Price 15c each, 2 for 16c, prepaid.

Sempervivum or Hen and Chickens

VERONICA, Speedwell. Prostrata—Light blue flowers, very dwarf and showy plant.

Teucrium—Spreading habit, dense growth. Blue flowers blooms May and June.

VIOLA CORNUTA—Very attractive plants, easy culture. Good selections of blue, yellow and blue and white. If kept from going to seed, will bloom until early winter.

Veronica, Prostrata

NEW AND RARE PLANTS

FLOWERING CRABS—MALUS

The Chinese Flowering Crabs are not as well known as the Flowering Cherries, but a lot of them are decidedly the most gorgeous and brilliant subjects for our gardens. The flowers are produced before the foliage, coming in multitudes and almost obliterating the branches. The effect is of a tree clothed in transparent silk gauze, shimmering and changing in color value with the elevation of the sun. The effect is beautiful in single trees or clumps, but is wonderful in hedges. They grow in any soil, and these wonderful trees are deserving of a spot on very home ground.

ELEYII—See inside front cover.

ALDENHAMENSIS—The Aldenhamensis is a new Flowering Crab, originating as a chance hybrid on the place of Hon. Vicary Gibbs at Aldenham, England. This is considered the finest of all the red-flowered Crab Apples flowering after most of the other Crabs have finished. Double red. 3 to 4 feet, \$1.00 each; 2 for \$1.75, prepaid.

FLORIBUNDA—Bright pink flowers upon opening turning to white. Small yellow fruit in the autumn. 3 to 4 feet, \$1.00 each, 2 for \$1.75. Prepaid.

PARKMANI—A broad spreading form with very bright rose-colored flowers of a semi-double form. 3 to 4 ft., \$1.00 each, 2 for \$1.75, prepaid.

BECHTELS—Pale pink double flowering; sweet scented flowers; upright habit; can be used as specimen plants, very attractive in groups. 2 to 3 ft. 80c ea, 2 for \$1.50, ppd.

FLOWERING HAWTHORNES

Handsome Dwarf Trees with shiny leaves. Very attractive in shape and color, they bloom in profusion late in spring time with compact clusters of double rose-like flowers. These are followed by large red fruits and autumnal colorings.

PAUL'S SCARLET THORN (Crataegus Oxycantha Splendens)—Flowers deep crimson scarlet, very double. This is one of the most attractive trees for specimen planting or groups, as showy in fruit as when in flower. 3 or 4 ft. size, \$1.50 each, 3 for \$3.50, prepaid.

1-CENT Sale **DOWNY HAWTHORNE** (Crataegus Mollis)—Bright green leaves with very showy fruit; fine for mass planting. 2 to 3 feet, 60c each, 2 for 61c. Prepaid.

WHITE FLG. ENGLISH HAWTHORNE (Crataegus Oxycantha Alba)—Pure white, very attractive double flowers. Beautiful in foliage and fruit in the Autumn. 2 to 3 ft., 50c each, 3 for \$1.25. Prepaid.

JAPANESE FLOWERING CHERRY

Also called the Rose Flowering Cherry. The most notable trees of this group in the United States are at Washington D. C. This collection of trees was presented to our nation by the City of Tokio, Japan. They were planted along the Potomac River Drive, and now since they have come into bloom, are visited by everybody in Washington during the blooming season. They are hardy everywhere and they should be largely planted.

WHITE FLOWERING CHERRY (Cerasus Avium Alba)—Beautiful small trees absolutely covered with flowers in the springtime. They are of very easy culture and will do well in any location where the soil is fertile and well drained. Flowers are pure white. Price: 3 to 4 ft., \$1.75 each, 2 for \$3.25 ppd.

PINK FLOWERING CHERRY (Cerasus Avium Rosea)—These trees are covered with flowers of a deep rose color, in clusters all over the trees. Has the same habit otherwise as the White Flowering. Price: 3 to 4 ft. trees, \$1.75 ea., 2 for \$3.25. Prepaid.

Flowering Hawthorne

FLOWERING PEACH

To those who have had the first view of a well developed tree of this kind in full bloom it appears that nothing more beautiful could possibly be found. We are indebted to Persia for this tree, from which country it was introduced into the United States a number of years ago.

PINK FLOWERING PEACH (Persica Vulgaris Rosea)—This variety has habits exactly like the white flowering, only the flowers are of a deep rose color. Price: 3 to 4 ft., \$1.25 each, 2 for \$2.40, prepaid.

Flowering Crab

Flowering Cherry

Mt. Ash

Ornamental Shade Trees

THRIFTY ROOTS—SHAPELY TOPS

A visit to the Ornamental section of our plantation is always a pleasure and education to those of our friends who live near enough to make the trip. We are always pleased to allow personal selection by our customers of particular trees.

The succeeding lists represent the most favored trees for lawn adornment, and the best types for street and grove.

We would be pleased to quote prices to anyone desiring different sizes or stock in larger quantities than offered herein. In sending lists state definitely the number of each variety and size wanted.

ASH—FRAXINUS

AMERICAN WHITE (Americana) — A handsome, hardy, broad headed, quick growing shade tree, sometimes reaching 120 feet in height. Very valuable in landscape work, for park and street planting. 6 to 8 feet, \$1.00, 2 for \$1.01. Not prepaid.

EUROPEAN MOUNTAIN (Sorbus Aucuparia)—An ornamental deciduous tree with beautiful foliage which turns orange red in fall; fruits showy, often remaining all winter. 6-8 feet, \$1.00. Not prepaid.

American Ash

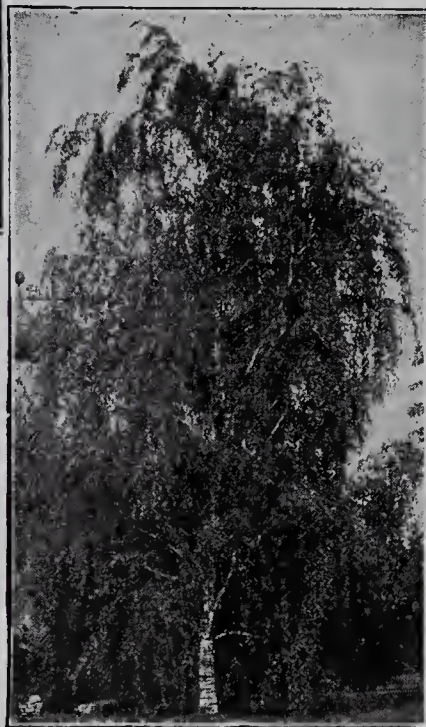

BIRD CHERRY

(Prunus Padus)—A handsome flowering tree, bearing long clusters of white flowers in May, followed by bright red fruit, much beloved by birds. It is one of the earliest trees to leaf out in the spring. 6 to 8 feet, \$1.00 each; 8 to 10 feet, \$1.50 each. Not prepaid.

BIRCH—BETULA

AMERICAN WHITE—A rather small tree with smooth white bark and handsome foliage. Very effective when planted in front of evergreens, to afford strong contrast. 6 to 8 feet, \$1.00; 8 to 10 feet, \$2.00. Not prepaid.

CANOE OR PAPER—A large, vigorous upright tree with broad, handsome leaves and brilliant white bark. 6 to 8 feet, \$1.35; 8 to 10 feet, \$2.00. Not prepaid.

Weeping Birch

CUT LEAF WEEPING BIRCH

See Weeping Trees, Page 6.

THE DOGWOODS—CORNUS

CORNUS FLORIDA (White Flowering Dogwood)—Flowers white, 3 to 3½ inches in diameter, produced in spring before leaves appear; very abundant, showy and durable. Foliage grayish green, glossy and handsome; in the autumn turns to deep red, making the tree one of the most beautiful at that season. Spreading irregular form, growing 20 to 25 feet high. 2 to 3 feet, 50c; 3 to 4 feet, 80c; 4 to 5 feet, \$1.25. Not prepaid.

CORNUS FLORIDA RUBRA (Red Flowering Dogwood)—Slower growing and more formally shaped with handsome red flowers. An attractive lawn specimen or group subject. Balled and burlapped. 2 to 3 feet, \$1.50; 3 to 4 feet, \$2.00. Not prepaid.

OHIO BUCKEYE

WHITE FLOWERING—This well known species is very handsome; has magnificent spikes of white flowers borne in profusion and sweetly scented. It has been made the State Tree for Ohio. 4 to 5 feet, \$1.60; 5 to 6 feet, \$2.00; 6 to 8 feet, \$3.00. Not prepaid.

CATALPA

SPECIOSA—Grows to 50 feet. Hardy, extremely rapid growth. Size 6-8 ft., each 75c; 8-10 ft., each \$1.00. Not prepaid.

CATALPA, BUNGEI—See inside front cover.

Chinese Elm

ELM—ULMUS

A NEW VARIETY OF ELM

MOLINE ELM—The outstanding characteristic of this tree is a decidedly conical or pyramidal growth, with heavy branches twice the caliper of the common Elm and leaves twice the size of the ordinary, of a deep shining green color and deeply veined. The bark is smooth, greenish gray in the young growth, and extremely clean and healthy looking. Milwaukee has over 1,000 of these Elms on its beautiful boulevards. You cannot go wrong to order a good supply from our extremely fine stock. Price: 6-8 ft., \$1.00 each; 2 for \$1.75. Not prepaid.

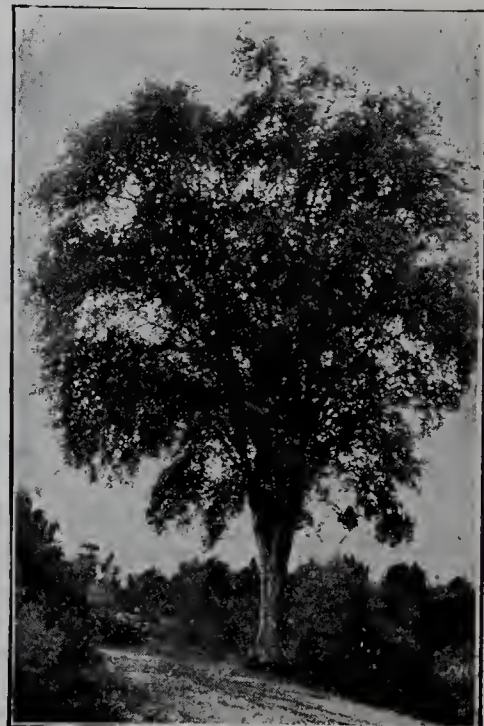

CHINESE ELM

(Ulmus Pumila)—A native of China. A noble, rapid-growing tree. Forming a very dense head, with smaller, darker leaves than the American Elm. Leaves stay on the tree much longer in the autumn. In some localities this Elm grows better than our native. Price, 4 to 5 ft., each \$1.00; 3 for \$2.75 5 to 7 ft., \$1.25 each; 3 for \$3.50. Not Prepaid.

AMERICAN (Americana)—Very valuable for park planting for avenues, and as a shade tree for lawns. One of the most majestic and graceful of our shade trees. Hardy, a rapid grower, resists drought well, and is long lived. Price, 6 to 8 ft., \$1.00 each, 2 for \$1.01; 8 to 10 ft., \$1.50, 2 for \$1.51; 10 to 12 ft., \$2.00 each, 2 for \$2.01. Not Prepaid.

Ohio Buckeye

American Elm

ORNAMENTAL SHADE TREES

MAPLE—ACER

BOX ELDER (Negundo)—Large, spreading tree of rapid growth; very hardy, and a good drought resister. Largely planted for wind-breaks and timber. Leaves resemble those of the Ash. 6 to 8 feet, 90c each. Not Prepaid.

NORWAY (Platanoides)—Large, handsome tree with a compact rounded head of spreading branches, attaining a height of 75 feet. The broad, deep green leaves cast a dense, refresh-

ing shade. One of the best and most beautiful trees for the street, the park, cemetery or lawn planting. 6 to 8 ft., \$1.60; 8 to 10 ft., \$2.50. Not Prepaid.

SILVER (Saccharinum)—This is one of the best known of all Maples. It is an ornamental tree with wide, slender spreading branches. Thrives almost anywhere, but grows very rapidly in moist, rich soil. 6 to 8 feet, 85c, 2 for 86c; 8 to 10 feet, \$1.00, 2 for \$1.01. Not Prepaid.

Silver Maple

NOTICE

All our trees are extra good this year and are priced very very low, lowest in our history. **BUY NOW**

Norway Maple

SUGAR OR ROCK (Saccharum)—Large trees to 120 feet with gray bark. Long lived. Grows well except in damp, soggy soils. An excellent street and shade tree of upright, dense growth, turning bright yellow and scarlet in autumn. 6 to 8 feet, \$1.00 each; 8 to 10 feet, \$1.50. Not Prepaid.

SCHWEDLERII (Purple-leaved Norway Maple)—One of the most beautiful of the shade trees. In early spring the young leaves are bright red, changing to purplish green as they grow older. In autumn they are gold-

en yellow. The tree has a round, compact head and large leaves which cast a dense shade. 6 to 8 feet, \$2.00 each. Not prepaid.

POPLAR—POPULUS

BOLLEANA POPLAR—Silver Leaf—Grows to an 80 foot bulky spire, leaves glossy green, flashing silver beneath. 6 to 8 feet, 75c each; 8 to 10 feet, \$1.00 each. Not Prepaid.

LOMBARDY—See inside front cover.

EUROPEAN SYCAMORE

The well-known Oriental Plane (Platanus Orientalis). Used in great numbers to create vistas of dense green shade, along new streets which require quick development of shade and ornamentation. A lofty, wide-spreading tree with deeply lobed palmate leaves; valuable for its handsome foliage, hardiness, and free growth. The bark is an attractive grayish green during the summer; but enough of it sheds during the winter to give an interesting mottled appearance as the smooth, creamy white trunk is revealed. 6 to 8 feet, \$1.00 each; 8 to 10 feet, \$1.50 each. Not Prepaid.

WITCH HAZEL

Valuable because its fringe-like yellow flowers open in November—when there are few other blossoms outdoor anywhere. Grows 10 to 15 ft. tall, with fine leaves that color to yellow,

orange or purple in fall and drop before the bright yellow flowers appear. 2 to 3 feet, 60c; 3 to 4 feet, 75c. Not Prepaid.

THE OAKS—QUERCUS

PIN—Almost pyramidal in habit, and described as half-weeping when old, because its lower branches touch the ground. It grows faster and develops the family characteristics earlier than most Oaks. It grows 60 to 80 feet. The leaves are deep green, glossy and finely divided. Orange-scarlet in fall. 6 to 8 feet, \$2.50; 8 to 10 feet, \$3.50. Not Prepaid.

RED OAK—A large tree, 80 to 100 feet tall, unusually large in leaf and quick in growth. The young shoots and leaf-stems are red, the foliage purplish crimson in Autumn. A most beautiful object on the lawn. Price, 6 to 8 feet, \$2.50; 8 to 10 feet, \$3.25. Not Prepaid.

WRITE OUR LANDSCAPE DEPARTMENT FOR FREE SERVICE

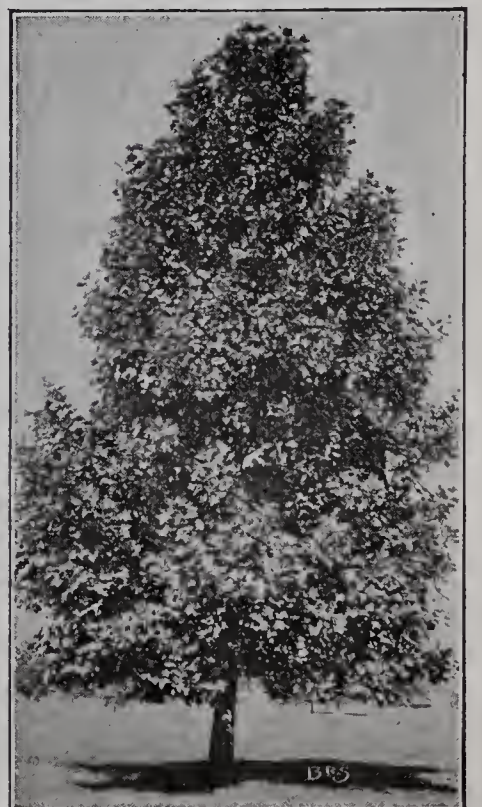

Sugar or Rock Maple

TULIP TREE

LIRIODENDRON

YELLOW WOOD (Tulipifera)—Tall, handsome, hardy, ornamental, pyramidal habit, rapid growth. Has clean foliage, light bluish green, rarely attacked by insects, fragrant yellow and orange flowers in June. 6 to 8 ft. \$1.50 each. Not Prepaid.

Tulip Tree

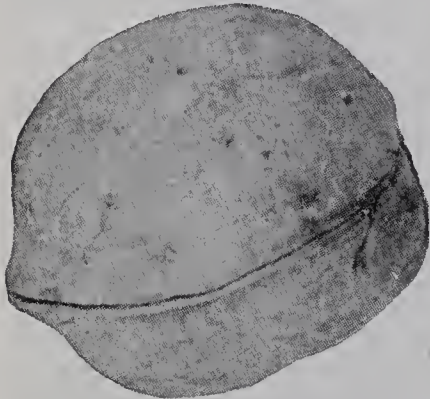

Red Oak

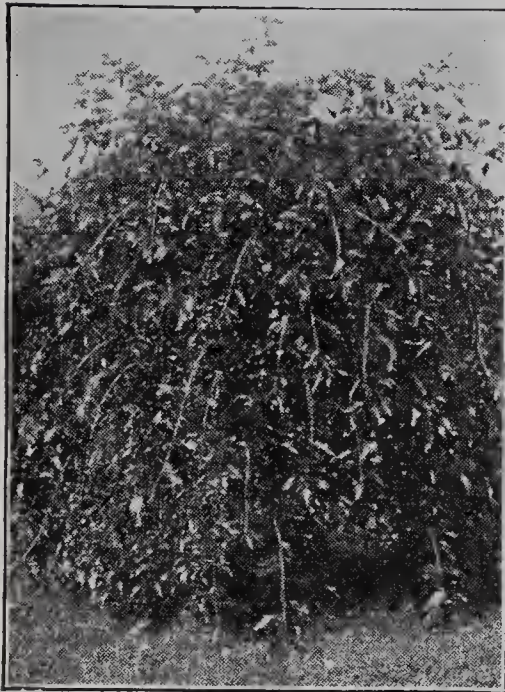

Pin Oak

Butternut

English Walnut

Weeping Mulberry

WEeping CUT LEAF BIRCH

Birches not only form an interesting class of trees, but they are also beautiful and ornamental. They are especially desirable for park and other ornamental planting. The bark usually separates into thin, papery leaves. The foliage is rarely attacked by insects. Their graceful habit, slender and often pendulous branches, and their picturesque white trunks make them conspicuous marks on any landscape. Price: 6 to 8 feet. \$3.00 each. Not prepaid.

WEIR'S CUT LEAF WEEPING MAPLE

This variety of the maple has very pendulous branches and the leaves are deeply cleft, giving them almost a fern-like appearance. 6-8 ft., \$1.50 each, 2 for \$1.51. Not prepaid.

WEeping WILLOW

GOLDEN WEEPING (Elegantissima)—A strong and the most vigorous grower of all the weeping willows. Used for planting in low places or on the banks of streams, springs, lakes or ponds, making a very beautiful effect. 5 to 7 ft., \$1.00 each, 2 for \$1.01. Not prepaid.

WISCONSIN WEEPING (Dolorosa)—A weeping tree of rarely more than 40 feet in height. The branches are long, slender and pendulous. Trees are quite hardy and will stand planting in the northern states. 6 to 8 feet, \$1.00 each. Not prepaid.

BABYLONIAN—A beautiful weeping tree with long, drooping branches, sometimes 30 ft. long. Sways gently with the wind and is most desirable. Price. 6 to 8 ft., \$1.00; 8 to 10 ft., \$1.60 each. Not prepaid.

NUT TREES

Almost every farm contains land that should be planted to nut trees adapted to the soil. Nuts in many cases pay better than farm crops or fruits, while most kinds are making a growth of valuable timber that will of itself pay a large per cent on the investment.

FILBERTS

AMERICAN—The common Hazelnut. Will grow in almost any location, but prefers a rather moist soil, such as can be found along streams. Nuts are tender and of fine flavor.

ENGLISH—Grows 6 to 8 feet high, entirely hardy, and one of the most profitable and satisfactory nuts to grow, succeeding on almost all soils, bearing early and abundantly; nuts nearly round, rich and of excellent flavor. 2 to 3 feet, 50c; 2 for \$1.50. Not prepaid.

PECAN

Pecan growing is becoming a favorite industry in the Southern and Western States and is quite profitable. The trees are long lived, quite hardy and productive. A species of hickory which may well rank first among our native nuts. They are large, thin shelled, full kernels and of rich flavor. We offer grafted varieties only. 2 to 3 feet, \$1.00; 3 for \$1.50. Not prepaid.

ENGLISH WALNUT

A fine ornamental tree that grows well in the climate of the Middle States and bears freely. Large profits are realized from the orchards of California and the South and still large quantities of these nuts are imported. The nut is about the size of a black walnut; it has a thin shell and contains a large kernel which has a very delicate flavor. 4 to 5 feet, \$2.00 each. Not prepaid.

WHITE WALNUT or BUTERNUT

This tree is chiefly esteemed for its abundant crops of fruit, which abounds in oil, and is sweet and rich. The form of the nut is oblong, oval, and narrowed to a point at the extremity. The husk is covered with a sticky gum, and the surface of the nut is much rougher than any other of the walnuts. The tree is considered valuable as a park tree. 5 to 7 ft., 75c. Not prepaid.

BLACK WALNUT

This is one of the largest, grandest, and most massive of our forest trees. It is a favorite of the landscape gardener. A very good tree for public planting on account of its rapid growth and handsome foliage. The timber of this tree is very valuable. The nuts are large round covered with a thick husk, and the kernels has a fine flavor, much liked by many people. 4 to 5 ft. 75c each. Not prepaid.

JAPAN WALNUT

Large, spreading top of this tree makes it very ornamental. Trees very hardy, having stood a temperature of twenty degrees below zero without injury, begins to bear when three years old. The nuts are larger than the common hickory nut and borne in clusters of from ten to twenty. The shells are moderately thick, the kernels are sweet. Should be extensively planted. 5 to 7 feet, 75c. Not prepaid.

WEeping TREES

The weeping trees are very interesting as well as beautiful and effective when rightly placed upon the lawn, or in the park. The charm of these trees is not their stateliness and grandeur so much as it is the odd and fantastic shapes which they so often assume. The best and most satisfactory are offered below.

WEeping MULBERRY

(Alba, var. Tartarica Pendula)—We recommend this as one of the thriftiest, hardiest and most beautiful of the weeping trees, with slender, willowy branches that sweep the ground, forming a beautiful tent of green. Good 5 to 7 ft. trees, \$2.00 each; 2 for \$3.50. Not prepaid.

WEeping MOUNTAIN ASH

A very desirable odd growing weeping tree. It produces the same beautiful berries as the ordinary Mountain Ash and has the weeping habit of the Weeping Mulberry. This tree is very rarely seen but is easily grown, very hardy and will be sure to grow satisfactorily. These trees were grafted two years ago and are exceptional value for the price asked. Price \$1.75 each, 2 for \$3.00. Not prepaid.

American Arbor Vitae

JUNIPER—JUNIPERUS

CHINESE (*J. Chinensis*)—One of the most ornamental Junipers for the lawn or garden. Pyramidal or columnar outline, foliage of a pleasing grayish green color when fresh, maturing to real dark green. Adaptable to extremes of temperature and association with varying sorts. 2 to 2½ feet, B&B \$2.00. 2½ to 3 feet B&B \$2.50. Not Prepaid.

HORIZONTALIS—A handsome serviceable ground covering type of closely radiating habit, the foliage more thread-like and distended than in *Tamariscifolia*, yet denser and more prostrate than *Waukegan*; the color a fresh gray green. Sizes mean spread: 1½ to 2 feet, \$2.00. Not Prepaid.

IRISH—Erect, slender and formal in habit; foliage sage green, very compact; making a splendid column eventually 15 to 20 feet high; much used in cemeteries. 2½ to 3 feet B&B \$2.00. B&B \$2.00. Not Prepaid.

Irish Juniper

FINEST EVERGREENS

ARBOR VITAE—THUYA

AMERICAN (*Occidentalis*)—The foliage is of a light green color. This is a very good tree for grouping, for tubs and vases, and for uses they are unsurpassed. They are very-quick growers and may be trimmed to any desired height. Fine for hedges. 18 to 24 inches, B&B 75c; 2 to 3 feet, B&B \$1.25. Not prepaid.

CHINESE (*Biota Orientalis*) (See inside back cover)—A pyramidal tree finally attaining a height of 25 feet. Very compact form. Foliage is bright green, 18 to 24 inches, B&B 90c; 2 to 3 feet. B&B \$1.25. Not Prepaid.

TOM THUMB—A low growing arbor vitae good for edging evergreen plantings. Foliage similar to *Retinospora*. Very fine. Price: 12 to 15 inches. B&B 90c. Not Ppd.

PYRAMIDAL—See inside back cover.

GLOBE—See inside back cover.

GOLDEN CHINESE ARBOR VITAE

BIOTA NANA AUREA—This new Evergreen is commonly known as the Golden Chinese Arbor Vitae. It is a beautiful, compact, little Evergreen of a dwarf nature. It has a clear yellow color in the springtime which gradually gives way to a yellowish-green during the winter months. Its size, color, compact habit of growth and foliage makes it especially desirable for Cemetery planting. See inside back cover. Price 12 to 18 inch plants B&B, \$1.25, 18 to 24 inch, B&B \$1.90. Not Prepaid.

BOXWOOD

The most popular Evergreen for planting in tubs or boxes. These beautiful Evergreens, with their tiny leaves and compact habit of growth are well adapted to formal planting and we are offering them at a low price for the first time in years.

Our stock is American grown, bushy, of pyramidal form, and are matched to make pairs on all orders of two plants. Prices: 12 to 18 inches, \$1.50 each, \$2.75 pair; 18 to 24 inches, \$2.50 each, \$4.75 pair. Not ppd.

Boxwood

JUNIPERS CONTINUED

PFITZERIANA—One of the most striking of all evergreens. The branches progress spirally along the trunk at a 45 degree angle, thereby making a good "filler"; or standing alone, it acquires the symmetry of a broken column. The first new growth thickly studding the expanse like silver beads. 3 yr. 8 to 12 in., 40c; 1½ to 2 feet, B&B \$2.00; 2 to 2½ feet, B&B \$3.00 each. Not Prepaid.

DEPRESSA PLUMOSA—The most beautiful of all low growing Evergreens. Grows 2 to 3 ft. in spread and 18 inches high. Dark green foliage and very fine. Especially suited to rockeries. 8 to 12 inches, 40c; 12-18 inches, B&B \$1.50. Not Prepaid.

SWEDISH (*J. Suecica*)—Tall growing, of formal, columnar habit. The foliage is dense, fairly broad, with drooping tips; in color glaucous green somewhat lighter and bluer than the Irish Juniper. 2 to 3 feet, B&B \$2.00. Not Prepaid.

SAVIN—Handsome moss green foliage; adapted to use as a filler in Evergreen groups, or as a dwarf ground cover. 12 to 18 inches, B&B \$1.50; 18 to 24 inches, B&B \$2.25. Not Prepaid.

VIRGINIANA (Red Cedar)—A well known American tree, with fine, dense foliage, varying in habit and color, the majority being formal and bluntly conical. Makes a fine tree for planting on each side of an entrance or in back of low growing varieties. Price, 8 to 12 inches, 35c each, 2 for 36c; 2 to 3 ft. B&B \$2.00 each, 2 for \$2.01; 3 to 4 ft. B&B \$3.00 each, 2 for \$3.01.

Juniper Pfitzeriana

SPECIAL NOTICE

All evergreen sizes marked B&B are dug with a ball of earth and burlapped. Smaller sized evergreens are easily transplanted and do not require B&B to make them grow easily and are not marked B&B on this page or inside of back cover.

Prices on all evergreens B&B are F.O.B. Tippecanoe City and travel at customer's expense.

Swedish Juniper

Colorado Blue Spruce

SPRUCE—PICEA

COLORADO BLUE (Pungens)—A handsome and very hardy tree of symmetrical habit, with light, sometimes almost silvery white foliage. Good in landscape work. 18 to 24 inches, B&B \$5.00; 2 to 3 ft., B&B \$7.50. Not Prepaid.

NORWAY (Excelsa) — This tree is extensively planted in many of the states. Is one of the best conifers to plant for shelter and windbreaks. 12 to 18 inches, B&B 65c; 18 to 24 inches, B&B \$1.00; 2 to 3 ft., B&B \$1.50. Not Prepaid.

WHITE (Alba)—A very ornamental tree similar to the Norway Spruce. One of the best for cold climates. Is an upright, compact grower, and retains its branches to the ground. It can be distinguished by its grayish blue color and quick growth. It matures while comparatively young and lives to a good old age and is altogether very desirable. 12 to 18 inches, B&B 85c; 18 to 24 inches, B&B \$1.25; 2 to 3 feet, B&B \$1.75. Not Prepaid.

DOUGLAS SPRUCE—PSEUDOTSUGA

FALSE TSUGA (Taxifolia)—This is the tallest and one of the important forest trees of western North America. It would be difficult to overrate its beauty. It probably grows faster than any other conifer. Very desirable for grouping. 2 to 3 feet, B&B \$2.00. Not Prepaid.

HEMLOCK SPRUCE—TSUGA

HEMLOCK SPRUCE (Canadensis)—This is one of the most graceful and handsome of the evergreens and is especially valuable for hedgings of evergreens, windbreaks and for specimen planting. The lumber of this tree is much used for frames of buildings. 2 to 3 ft. B&B \$2.00. Not Prepaid.

Austrian Pine

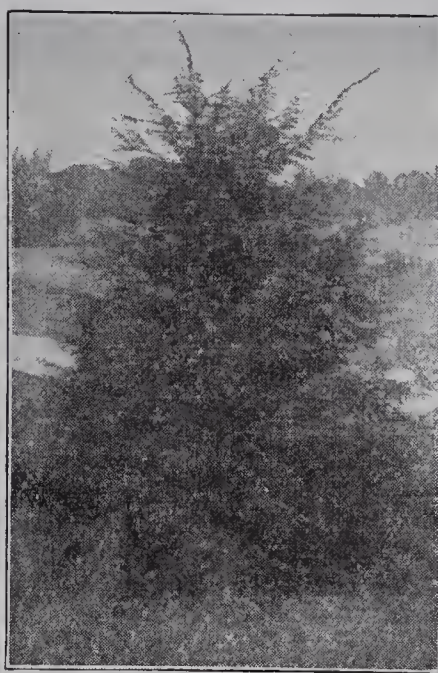

JUNIPERS—Continued

VIRGINIANA CANNARTI—A newly derived type resembling Schotti in leaf and character, midway in color between the pronounced yellowish green of that variety, and the darkness of Virginiana. 2 to 3 feet, B&B \$2.50. Not Prepaid.

VIRGINIANA GLAUCA (Blue Va. Cedar)—Unlike so many varieties it is not at all formal but, without losing general compactness, its irregularity of spread is uniquely attractive, the broadly conical form and beautiful glaucous blue foliage making it one of the choicest of all Junipers. 2 to 3 feet, B&B \$2.00; 3 to 4 feet, B&B \$3.00. Not Prepaid.

Norway Spruce

Hemlock Spruce

See 1c Sale of Norway Spruce on inside of back cover.

PINES

SCOTCH PINE— This grows to be a large tree, seventy to one hundred and twenty feet in height, with spreading, somewhat pendulous branches, pyramidal when young, with broad and round top, often picturesque head in old age. Quite hardy. 12 to 18 in. B&B 50c; 18 to 24 in. B&B \$1.00; 2 to 3 ft., B&B \$1.50. Not Prepaid.

AUSTRIAN PINE — This species is very popular for grouping or as specimens. A very tall, massive tree, with heavy, plumed, spreading branches and rather stiff, dark green needles. Most of these species make a vigorous growth when young and when older are very picturesque. Should be planted when young from nursery row. Prices 12 to 18 inches, 50c; 18 to 24 inches, B&B \$1.00; 2 to 3 feet, B&B \$1.50. Not Prepaid.

MUGHO PINE—See inside back cover.

EVERGREEN SHRUBS

ABELIA GRANDIFLORA—An attractive dwarf shrub, suitable for a sunny, sheltered position anywhere the winters are not extreme; with small shiny foliage which is almost evergreen. The flowers are small, but very pretty and numerous, in loose terminal panicles; color, white flushed with pink. This shrub is rarely without some bloom from June into November. 2 to 3 feet, 75c, 2 for 76c. Prepaid.

MAHONIA AQUIFOLIA (Holly-leaved Ashberry) — A beautiful evergreen shrub of slow growth to medium height, with smooth shining holly leaves; bright yellow flower clusters in May, and blue berries. The leaf color varies capriciously throughout the year, assuming all shades of green, with flecks of red and bronze. Of special value in shady locations. Balled and burlapped. 12 to 18 inches, 25c, 18 to 24 inches, B&B 75c, 2 for \$1.25. Not Prepaid.

Mahonia Aquifolia

COLLECTION OFFER

Above is shown a very effective planting of Flowering Shrubs. Will cover a space around a corner of about 15 ft. This planting is listed especially low. Illustration shows you how to plant them.

No. 1—3 Japanese Barberry 12-18 inch.
No. 2—2 Spirea A. Waterer 12-18 inch.
No. 3—2 Bush Honeysuckle 2-3 ft.
No. 4—3 Spirea Van Houttei, 18-24 inch.
Priced at \$2.15 for the collection. Prepaid.

Flowering Almond

Althea

(Hibiscus Syriacus)—One of the commonest of the ornamental shrubs, and hardy as far north as Ontario. The shrub is valuable for specimen planting, and its bright green leaves and great abundance of variously colored flowers make it very effective when planted as a hedge. The color ranges from blue-purple to violet-red, flesh color and white. There are also double forms. The plants we offer are strong, field grown, two and three year. Page 25 for prices on hedge size plants. Price 2 to 3 ft., 35c each, 2 for 36c, prepaid.

JEANNE D'ARC—Double white.
RUBIS—Single red.
TOTUS ALEUS—Single white.
AMPLISSIMA—Purple. Shrub form.
BOULE DE FEU—Double red. Shrub form.
AMERICAN BANNER—Maive.
MONSTROUS—Double red.
ARDENS—Light pink.
BICOLOR—White and red.
PAEONYFLORA—Rose color.

BUTTERFLY BUSH

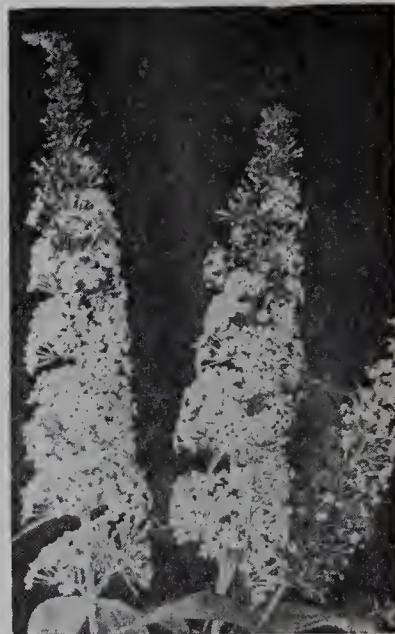

Buddleia

SUMMER LILAC (Varibilis Magnifica) — This shrub of comparative recent introduction has grown into favor almost immediately. It is a semi-herbaceous plant, by which we mean in some latitudes it will die down to the ground and while perfectly hardy, we recommend covering the roots with manure, leaves or other material as winter approaches, as it will help to produce a heavy growth the next season. It is very hardy; blooms the first season, usually from June until frost; the blossoms are borne on long, graceful stems, which terminate in tapering panicles of lilac-colored flowers that are of miniature size, the flower head is frequently ten inches long. 35c each, 3 for \$1.00, prepaid.

HARDY SHRUBS

AT LOWEST POSSIBLE PRICES

A walk with nature in her undisturbed retreats will soon reveal to her student and lover that she has been most lavish with certain species of shrubs in the various localities. These varieties are frequently good to be used when beautifying the home surroundings, but aside from these, many other varieties are always needed to add variety and many times to aid in making up the succession of bloom. In many ways nature may be followed. It has been noted among other things that isolated specimens are seldom if ever to be found. Here we learn to plant in masses of groups for best results. Do not delay another season in planting at least some shrubs, for they add materially to the beauty and attractiveness of any home or public place. Shrubs provide material of a permanent character for the adornment of property at less cost than anything else.

Buddleia

ACER GINNALA—Small tree or shrub with attractive foliage, especially valuable for high fall coloring. 3-4 ft. 50c, 3 for \$1.25, prepaid.

ARONIA, RED CHOKEBERRY—Valuable for red berries and red foliage in autumn. White flowers in spring. 18-24 in. 35c, prepaid.

ARALIA SPINOSA

SPINOSA (Hercules Club, Angelica Tree, Devil's Walking Stick)—A shrub, sometimes growing to 15 feet in height. Stout, prickly stems, large leaves, enormous clusters of flowers, give this species a very sub-tropical appearance. 45c each; 2 for 85c, prepaid.

ARALIA (Pentaphyllum)—Five leaved Aralia. Yellow, June. An unusually hardy shrub, thriving in very adverse soil and city conditions. Will grow under the shade of trees where all else fails. Flowers are inconspicuous but the foliage is very attractive. The canes are prickly and comparatively upright in their habit of growth. Prices 2 to 3 ft., 35c, 3 for \$1.00, prepaid.

FLOWERING ALMOND

DOUBLE FLOWERING ALMOND—Pink and white varieties. Hardy as far north as Ontario. Flowers very double and appear in early spring. 2 to 3 feet, 65c each; 2 for \$1.25, prepaid.

PURPLE LEAVED PLUM (Cerasifera, var. Pissardi)—One of the best of all purple-leaved trees, holding much of its color in the American summers. It seems to be hardy wherever the common plum is grown. 4 to 5 ft., 85c ea., prepaid.

ALTHEA

Rose of Sharon

Barberry

BARBERRY

JAPANESE (Thunbergii)—Of all the Barberries in cultivation this one is probably the best known, the most planted. It is one of the valuable introductions we have received from Japan and is especially to be desired because of its low, dense horizontal growth. It is quite hardy and will thrive equally well in shade or in sunny locations. Especially valuable for planting along walks and drives and for massing in the border. 12 to 18 inch bushy plants, 30c each, 2 for 31c; 18 to 24 inch 40c each, 2 for 41c, prepaid.

RED LEAVED—(See front cover). Finest shrub in recent years. It comes out bright red in the spring, stays red through the summer and deepens to a deep crimson in the fall. Leaves are followed by red berries that stay on the shrub all winter. This plant is unequalled by any other for bright coloring, and to our best knowledge, has never been offered at the low prices we are quoting below. 12 to 15 inch plants, 25c each, 2 for 26c, 10 for \$2.30, 20 for \$2.31; 6 to 12 inch plants, 25 for \$6.00, 50 for \$6.01. Prepaid.

Cydonia or Fire Bush

SHRUBS CONTINUED

Cornus Sanguinea

Deutzia, Pride of Rochester

Hydrangea Paniculata Grandiflora

HYPERICUM ST. JOHN'S WORT

Shrubs and herbs, with mostly yellow flowers. The form is compact and rounded, with somewhat persistent leaves.

H. MOSERIANUM—A novelty of decided merit on account of its large, glistening golden yellow flowers, produced freely from mid-summer until hard frost. It is quite dwarf in habit. 12 to 18 in., 55c, prepaid.

H. PROLIFICUM—Shrubby St. John's Wort. This excellent shrub blooms profusely from the middle of summer until autumn, and its bright yellow flowers are especially attractive at this season. It is sub-evergreen in character. 12 to 18 inches, 55c each. Prepaid.

CYDONIA FIRE BUSH

JAPAN (Japonica)—Common garden form, growing from 3 to 6 ft. with spreading, spiny branches. The scarlet-red flowers appear before the leaves and are followed by globular fruits from one and one-half to two inches high. 2 to 3 ft., 50c each, 2 for 51c, prepaid.

COTONEASTER

HORIZONTALIS—Small box like shiny leaves, bright red berries. Good spreading plant for rockeries. 8-12 in. 50c.

ACUTIFOLIA—Dark green leaves, flowers red in May-June, fruit black. Upright grower. 2-3 ft. 35c, 3 for \$1.00.

DEUTZIA

An elegant species of strong, erect-growing shrubs. Especially prized for the beautiful clusters of blossoms in May.

PRIDE OF ROCHESTER—Showy, early, large-flowering sort; blossoms in May before others. Grows 6 to 8 feet high. White flowers, large and double. One of the best of the Deutzias, 2 to 3 feet. 40c each; 2 for 75c, prepaid.

LEMOINEI—Spreading shrub to three feet in height. Its pure white flowers appear in broad panicles. A very desirable shrub, more vigorous and with more showy flowers than some of the other forms. Excellent for forcing. Very hardy. 18-24 in. 55c, 3 for \$1.50, prepaid.

GRACILIS—A handsome, dwarf and bushy little shrub with slender, often arching branches. A neat shrub that blooms in May, clothing its branches in pure white flowers. Valuable for shrubberies or for forcing. 12 to 18 inches 45c, 2 for 85c, prepaid.

DOGWOOD

CORNUS

CORNELIA CHERRY (Mascula)—Ornamental shrub or small tree of dense growth, glossy leaves; attractive in early spring with its yellow flowers. 2 to 3 ft., 80c each, prepaid.

ELEGANTISSIMA—This is a beautiful plant. The leaves marked with white. 18 to 24 in., 45c; 2 to 3 ft., 55c each; 2 for \$1.00, prepaid.

STOLONIFERA AUREA (Golden-barked Dogwood) (II)—Bright yellow bark in winter. Very effective when planted with red-barked varieties. 2 to 3 ft., 35c each, 3 for \$1.00, prepaid.

RED TWIGGED (Sanguinea)—Grows 10 to 12 feet high, purple or dark blood-red branches. Flowers greenish-white. Fruit is black. 18 to 24 inches, 35c, 2 for 36c; 2 to 3 feet, 45c each, 2 for 46c, prepaid.

EXOCHORDA

PEARL BUSH (E. Grandiflora)—8 to 10 ft. White. April. This is a plant that is not as well known as it should be. It is one of the most pleasing of the early Spring flowers, being a mass of blossoms during April. The leaves are light green, of unusual construction and in mass planting should be used extensively. Prune severely at planting time for best results. Prices—3 to 4 ft., 50c each; 2 to 3 ft., 40c each, 3 for \$1.00, prepaid.

GOLDEN BELL FORSYTHIA

FORTUNEI (Var. Fortunei)—Grows with upright or arching branches. 2 to 3 ft. 35c each; 3 to 4 ft., 45c each; 3 for \$1.20, prepaid.

WEEPING (Suspensa)—Highly ornamental, free flowering shrub, growing to 5 feet; the branches often drooping on the ground and taking root. They grow in almost any garden soil and are hardy north. The golden yellow flowers appear in early spring. Excellent for margins or groups. 2 to 3 ft. 35c each, 3 for \$1.00 prepaid.

HYDRANGEA

The massiveness of bloom on these valuable shrubs and their long blooming season, assures them a place in every grouping where solid white effects are required.

ARBORESCENS GRANDIFLORA ("Hills of Snow")—The flowers are, in a large way, similar to the familiar "Snowball" in appearance; conspicuously white and imposing. July to September. By cutting back to the crown each spring, the bushes may be kept round and dense at a normal height of 3 to 5 feet. They are excellent for solid low borders or in foundation plantings, which will allow for about four feet. 1½ to 2 feet, 55c each, 2 for 56c; 2 to 3 feet, 75c each, 2 for 76c prepaid.

PANICULATA GRANDIFLORA—Fine tall hedges, or if planted in rich soil and severely pruned every spring before the leaf buds open, will get to be very dense, dwarf clumps of compact form, wonderfully attractive when laden with their massive white plumes. Large beds, kept at a uniform development, are extremely showy, first, snowy white, then pink, then reddish bronze and green. August till autumn. Planted rather well back in the intervals between other shrubs, the projecting flower wands arching from the ground are extremely conspicuous and effective white punctuations. 2 ft. 35c, 3 for \$1.00, prepaid.

TREE SHAPED—Very desirable in this form, in formal lines and backgrounds, or solitary. 2½ to 3 feet, \$1.10 each; 3 to 4 feet, \$1.35 each, prepaid.

CALYCANTHUS

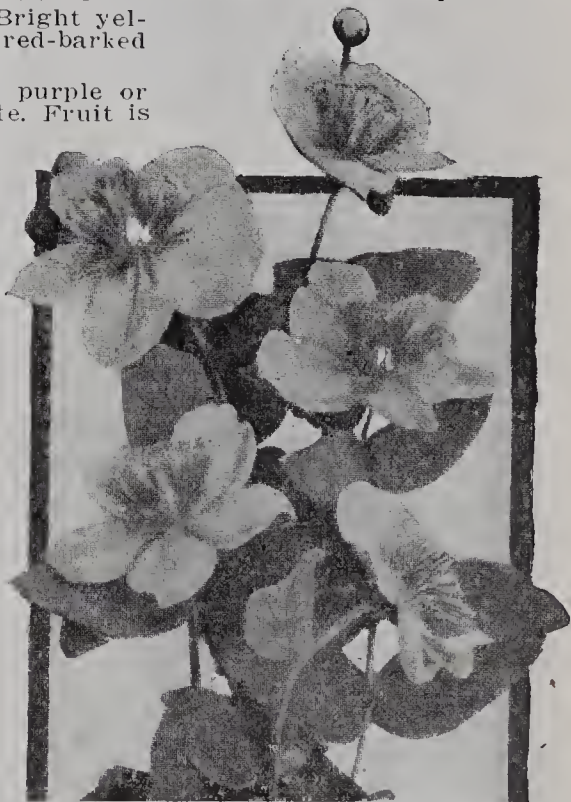

A unique shrub growing upright to 6 feet, clothing its straight strong, reddish brown shoots with large glossy leaves, from the axils of which spring odd, double, spicily fragrant flowers of chocolate-red. 1½ to 2 feet, 45c each, 2 for 85c, prepaid.

CREPE MYRTLE

LAGERSTROEMIA—The most gorgeous of all blooming shrubs for the South. Blooms throughout the summer, withstands drought wonderfully. A strong grower and will grow 15 to 20 feet high, making immense heads of crepe-like pink flowers. Not hardy in the northern states. Price, strong plants, each, 40c, 3 for \$1.10. Prepaid.

Golden Bell or Forsythia

Hypericum Moserianum

Fragrant Bush Honeysuckle

SHRUBS CONTINUED

LILAC

BUFFON—Single, mauve pink. 35c each, 3 for \$1.00, prepaid.

COMMON WHITE (S. Vulgaris Alba)—Flowers white, fragrant, beautiful. 60c each, prepaid.

CHARLES X—A strong, rapid growing variety, with large, shining leaves. Trusses rather loose; large, reddish purple. 35c each, 3 for \$1.00, prepaid.

CONGO—Single, wine red. 35c each, 3 for \$1.00, prepaid.

EDWARD BOSSIER—Dark purple. 35c, 3 for \$1.00, prepaid.

EMILY GENTLE—Double, bright blue. 35c each, 3 for \$1.00 prepaid.

HUGO KOSTER—Single, rosy purple. 35c each, 3 for \$1.00 prepaid.

LA MARTINE—Single, rose. 35c each, 3 for \$1.00, prepaid.

MAD. CASSINA PERRIER—Double creamy white, very good, 35c each, 3 for \$1.00 prepaid.

MARECHAL LANNES—Semi-double, bluish violet with red buds. 35c each, 3 for \$1.00 prepaid.

MARIE LEGRAYE—Single white. 35c each, 3 for \$1.00, prepaid.

MME. MARIE LEMOINE—The finest double white Lilac yet introduced. The individual flowers, which resemble miniature Tuberoses, as well as the truss, are of immense size, deliciously scented; fine for cutting. 35c each, 3 for \$1.00, prepaid.

PRESIDENT GREVY—Magnificent panicles of large double blue flowers. 3 for \$1.00, prepaid.

SYRINGA OR LILAC, COMMON PURPLE (Syringa Vulgaris)—The old favorite, and one of the best. 35c each, 3 for \$1.00, prepaid.

SOUV. DE LUDWIG SPAETH—Single dark purplish red. 35c each, 3 for \$1.00 prepaid.

VILLOSA—Single light purple. 35c each, 3 for \$1.00, prepaid.

PHILADELPHUS

SYRINGA GRANDIFLORA—Large, flowering shrub, growing to about eight feet, with spreading branches, usually upright and vigorous, flowers slightly fragrant. Rapid grower and most hardy. 18 to 24 in., 30c; 2 to 3 ft., 35c each; 3 for \$1.00, prepaid.

LEMOINEII—Graceful shrub with slender, arching branches. The blossoms appear in three to seven inch short racemes, very sweet scented. 18 to 24 inches, 35c, 3 for \$1.00, prepaid.

NORMA—The best all season foliage of them all. Flowers equal to Virginal and blooms in the spring. Price, 18-24 in., 35c each; 3 for \$1.00, prepaid.

VAR. AUREA—Similar to the above variety except that the foliage is a beautiful golden color. 12 to 18 inches, 35c; 2 to 3 feet, 65c each, prepaid.

PHILADELPHUS VIRGINAL

BLOOMS THROUGHOUT THE SEASON

This is a new and wonderful addition to the Mock Orange family but is far beyond anything in this line that has been brought out in the past. It is without question one of the most beautiful shrubs grown and once it becomes known will be planted on every home ground. Because of its being new the supply of this variety is scarce and high priced, but we are going to offer these at the following low prices as long as our supply of this shrub lasts. Price, 18 to 24 in., 60c each, 2 for 61c. Large 2 to 3 ft. plants, 80c each; 2 for 81c, prepaid.

ILEX VERTICILLATA

Winterberry, native Eastern North America. Leaves light green, having yellowish cast, turning black or brown after frost. Bark is grayish-black. Bright red fruits often produced in pairs, lasting from September to January, 18-24 in., 65c each, 2 for \$1.25.

RHODOTYPHUS KERROIDES

Sometimes called the White Kerria. A very ornamental, deciduous much-branched shrub, usually from three to seven feet, handsome and distinct, and is hardy as far north as Massachusetts. Has bright green foliage. Made very conspicuous by its white flowers in May or June and black fruits in the fall. 2 to 3 feet, 40c each, 2 for 75c, prepaid.

PUSSY WILLOW

A Promise of Springtime

SALIX CAPRAE —(Not the Wild Pussy Willow). Enjoy these dainty silvery flowers every winter. A beautiful round shrub in summer. Wherever you have room for a Lilac or Snowball, you have room for a Pussy Willow. Use them for tall screens or backgrounds. Plant one or more of them this spring. Cut the ends of the branches next January or February. Place them indoors in a vase of water. Watch them unfold their large catkins of silvery pink, from 1 to 2 inches long. They will repay you many times their cost in pleasure each winter. Prices, 2-3 ft., 50c each, 2 for 51c, prepaid.

HONEYSUCKLE

LONICERA

FRAGRANT BUSH (Fragrantissima)—Not quite hardy north of Detroit. It has handsome evergreen foliage, and blooms very early. Sweet-scented though the flowers are not very showy. 2 to 3 ft., 35c each, 3 for \$1.00, prepaid.

MORROWI—A very decorative shrub that reaches six feet in height. The beautiful, pure white flowers appear in May or June and are followed by red fruits, which remain until late autumn. 2 to 3 ft., 35c, 3 for \$1.00, prepaid.

TARTARIAN (Tartarica)—This is one of the old-time favorite shrubs. It attains about ten feet in height and is extremely easy to cultivate. The upper lip is deeply divided and spreading. 2 to 3 ft., 35c, 3 for \$1.00 prepaid.

KERRIA or GLOBE FLOWER

JAPANESE ROSE (Japonica)—One of the first shrubs brought from Japan. It grows from four to eight feet high and as broad as high. Very attractive throughout the year; in winter the light green branches, in early June when the yellow flowers appear in great abundance; and again in autumn when the leaves have changed to a clear yellow. Not quite hardy in the northern states. 2 to 3 ft., 75c; 3 for \$2.25. Prepaid.

Rhodotyphus Kerroides

Lilac Common Purple

French Pussy Willow

Philadelphus

Philadelphus Virginal

Spirea Sorbifolia

Spirea Anthony Waterer

Spirea Van Houttei

Spirea Billardi

foliage is an attractive green which it retains late in the year. This variety can be used in any location for hedging, grouping and mass effect. There is nothing superior in the catalog. When in doubt what to use, plant Spirea Van Houttei. Prices 18 to 24 in., 35c, 2 for 36c; 2 to 3 ft., 45c, 2 for 46c; 3 to 4 ft., 50c, 2 for 51c, prepaid.

SPINDLE TREE

EUONYMUS

BURNING BUSH (Corky Bark) (Alatus)—An attractive, ornamental shrub to eight feet. The flowers appear in May and June. In autumn the foliage changes to a fine rose color. 2 to 3 feet, 75c each, prepaid.

STRAWBERRY BUSH (Americana)—An ornamental, upright shrub to eight feet. The flowers appear in June, are yellowish or reddish green, followed by pink fruits which are very attractive. 2 to 3 feet, 60c each; 2 for \$1.10, prepaid.

SHRUBS CONTINUED

RHAMNUS FRANGULA (Glossy Buckthorn)—A good shrub plant with shining foliage and attractive pink fruit. **1-CENT Sale** 3 to 4 ft. 40c, 2 for 41c.

SPIREA ANTHONY WATERER (F)—2 ft. Bright pink, June and July. A compact low-growing shrub with dense foliage usually deep green with occasional variegated leaves of pink and white on young growth. Flowers are borne in full flat clusters on erect stems. If these are cut away when they fade the shrub will usually bloom intermittently during the summer. Very valuable for edging in front of shrubbery or sometimes used as a dwarf hedge. Price 12 to 18 in., 50c, 2 for 51c, prepaid.

SPIREA BILLARDI—An erect-growing shrub with dense spikes of rose-pink flowers in July and Aug-

ust and again in the fall. Grows 4 to 6 feet high. Does well in moist places. Prices of strong bushes, 2 to 3 ft. high, 35c, 3 for \$1.00, prepaid.

SPIREA CALLOSA ROSEA—A free-blooming variety, producing large panicles of deep, rosy blossoms nearly all summer. Grows 4 to 6 feet high. Prices of strong bushes, 2 to 3 ft. high, 35c, 3 for \$1.00, prepaid.

GOLDEN SPIREA—A rapid-growing variety with masses of snowy white flowers in June. Young foliage bright yellow, changing to golden brown in autumn. Very desirable for group planting. Grows 8 to 10 feet high. Prices of strong bushes, 2 to 3 ft. high, 45c, 3 for \$1.20, prepaid.

KOREAN SPIREA (Trichocarpa)—New Hardy Spirea. Similar to Van Houttei. Blooms a little later and flowers much larger. 18-24 in., 40c; 2-3 ft. 50c, prepaid.

SPIREA PRUNIFOLIA (Plum-leaved Spirea) (F)—5-6 ft. White. April-May. This is an old-fashioned variety, flowers borne close to the slender erect branches in the spring before foliage appears. The individual flowers resemble miniature roses and usually born in great profusion. The foliage is shiny dark green and in the fall turns bright red. Prices 3-4 ft. 45c, 3 for \$1.20, prepaid.

Common Snowball

SPIREA REEVESIANA Reeves Spirea. (F)—4-5 ft. White. May. This is one of the best of the Spirea group. White flowers borne along the stem just as the foliage appears makes a most attractive bush wherever used. The foliage appears early and remains exceptionally late in the fall. In habit it is very graceful and can be used in foundations where plants of this height are desired. Prices, 2 to 3 ft. 35c, 3 for \$1.00, prepaid.

SPIREA SORBIFOLIA—A fern leaved spirea, producing large, white plume like flowers in great abundance. A beautiful shrub both in foliage and in bloom. Can be used in group plantings or as single specimens. Price 2 to 3 ft., 50c, 3 for \$1.40, prepaid.

SPIREA THUNBERGI (Snow Garland). (F)—2½ to 3½ ft. White. April. The extra early flowering species is the pride of the Southland. It is spreading in growth with arching slender branches that are a perfect mass of minute flowers followed with exceptionally delicate green foliage. For edging purposes, it has few equals and we recommend it highly. 18 to 24 in. 50c, 3 for \$1.40, prepaid.

SPIREA VAN HOUTTEI (Bridal Bower or Bridal Wreath). (F)—4-6 ft. White. May. This is the most useful of the hardy shrubs. It has grown so popular that we sell more of it than any other variety we grow. The flowers are in flat clusters usually an inch or more across produced on spreading, pendulant branches often drooping to the ground. In full bloom they are a mass of white and never fail to attract attention. The

Japanese Snowball, See page 14

SHRUBS CONTINUED**SUMAC** *Rhus*

CUT LEAF (*Typhina*) (var. *Laciniata*)—This variety with its deeply and finely cut leaves is very handsome, not quite so hardy as some of the other forms and not so tall growing. 2 to 3 feet, 45c each, prepaid.

STAGHORN (*Typhina*)—This variety grows in the driest soils and is a very desirable plant on account of its brilliant fall coloring which in dry locations, begins to show in August. The crimson fruits remain on all winter. 2 to 3 feet, 45c each, 3 for \$1.25, prepaid.

GLABRA (Smooth Sumac)—Handsome foliage, scarlet in autumn, greenish flowers in July. Crimson. Hairy.

SMOKE TREE (*Fringe Tree*)

PURPLE FRINGE—A bush 10 feet high with simple obvate leaves and brown bark; flowers purple in loose panicles on long pedicels, which become profusely plumose, giving the plant a smoky appearance from which it derives its common name. Early summer. There is nothing quite like it and should be planted on every lawn. Price, 2 to 3 feet, 85c each, prepaid.

Golden Elder 18 to 24 in. 40c ppd.

Smoke Tree

White Snowberry

TAMARIX

These plants are very beautiful all the year in winter for their coloring of the bark and in summer for the light green, feathery foliage and large loose panicles of purplish flowers.

AFRICANA—Is an upright grower. Blooms in May, 2 to 3 ft., 35c each, 3 for \$1.00 prepaid.

HISPIDA—A graceful shrub, upright branches, flowers pink, appearing in August, 2 to 3 feet, 35c, 3 for \$1.00 prepaid.

VIBURNUM SNOWBALL

ARROW WOOD (*Dentatum*)—A gorgeous upright, native shrub, thriving best in moist soil. It is especially hardy, doing well from New Brunswick to Minnesota. It blooms in May or June, followed by black fruit. 2 to 3 feet, 40c each, 2 for 75c, prepaid.

COMMON (Var. *Sterilis*)—This is the well known, common snowball of the old fashioned gardens. Besides the snow-white flowers in May, the foliage is decorative and assumes a bright color in fall, 2 to 3 feet, 45c each, 2 for 85c, prepaid.

HIGH BUSH CRANBERRY (*Opulus*)—Handsome native shrub attaining twelve feet with rather smooth, light branches and stems. The pure white flowers appear in May and June, followed by decorative fruits, which begin to color by the end of July and remain on the branches and keep their bright scarlet color until the following spring. The berries are not eaten by birds. 18 to 24 inch 50c each, 2 for 51c; 2 to 3 ft., 65c, 2 for 66c, prepaid.

JAPANESE (*Tomentosum*, var. *Plicatum*)—One of the choicest shrubs. Foliage is abundant during the summer and fall, and its balls of pure white are borne in great profusion. Fine for specimen planting. 18 to 24 in., 60c; 2 to 3 ft., 80c. Prepaid.

Weigela Eva Rathke

WHITE FRINGE (*Chionanthus Virginica*)—A very showy shrub, growing to large size; with large leathery, shiny leaves, and lace-like white flowers borne in gracefully drooping panicles. Although tree-like in character, the branches and heavy foliage are usually well furnished close to the ground, making a broad and rounded bush of noble proportions. 1½ to 2 feet, \$1.00 each, prepaid.

VITEX AGNES CASTUS

(Chaste Tree)—Shrub or small tree with strong aromatic odor, greyish fern-like foliage. Blooms July to Sept., flowers in dense terminal spikes, pale lilac. Often dies down to the roots in the fall, but will start from the roots in the spring, often attaining 5 to 6 feet in one season. 2 to 3 ft. 40c.

REGELS PRIVET

A low, dense shrub with horizontal spreading branches. The leaves are oblong and a beautiful glossy green. In the fall of the year they are covered with attractive berries. Very useful as a low shrub in foundation plantings. Price, 12 to 18 inches, 30c each; 18 to 24 inches, 55c each; 2 for \$1.00, prepaid.

SNOWBERRY*Symphoricarpus*

WHITE SNOWBERRY—A perfectly hardy shrub from two to three feet high, excellent for massing in the lower parts of a bed or border. The rose-colored flowers appear in loose, often leafy racemes in July and August. The white waxy-like berries remain on until late in the autumn. 18 to 24 in., 40c each, 2 for 41c; 2 to 3 ft., 55c, 2 for 56c prepaid.

RED SNOWBERRY (Coral Berry) (*Vulgaris*)—A rather compact bush valuable because of its abundant and persistent fruit and foliage. 2 to 3 feet, 45c each; 2 for 75c, prepaid.

Weigela Rosea

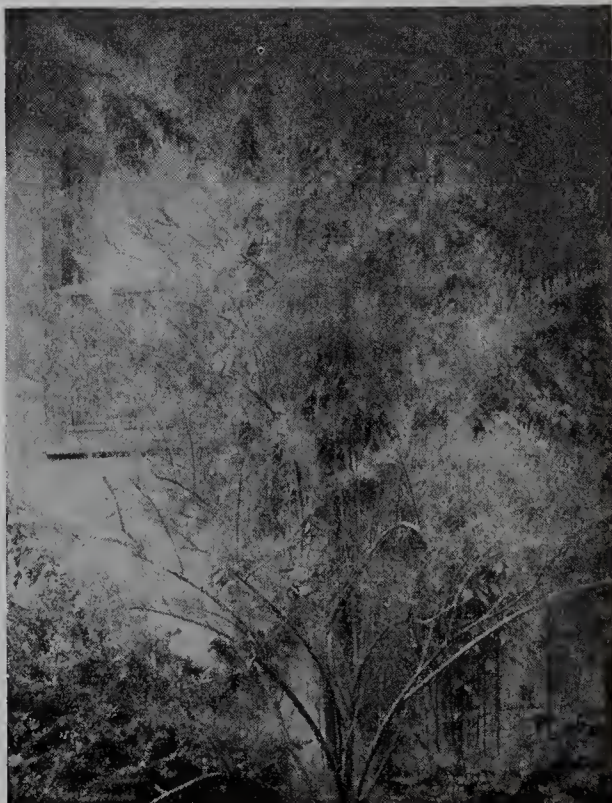

LANTANA—This is a hardy shrub, especially for dry situations and limestone soil. The large, white flower clusters open in May and June, and are followed by red fruits. The foliage is particularly soft and heavy. 2 to 3 ft., 40c, 2 for 75c, prepaid.

WEIGELAS*Diervilla*

ROSEA—A choice vigorous sort, which yields an immense crop of deep pink trumpet-like flowers in June, and bears a scattering of blossoms through the rest of the season. 2 to 3 ft., 55c each; 2 for 56c, prepaid.

NANA VARIEGATA—Leaves of this sort are variegated with white flowers, are nearly white. Dwarf, 18 to 24 inch, 50c each, 2 for 51c, prepaid.

EVA RATHKE—The flowers are a deep carmine red, erect growing. A most profuse bloomer in spring and again in autumn. 18 to 24 in., 50c, 2 for 95c, prepaid.

Tamarix Africana

Japanese Barberry

HEDGE PLANTS

ALTHEA

ROSE OF SHARON—These free flowering shrubs make wonderful hedges and once known will be planted more often. They can be kept trimmed quite low, or can be allowed to grow tall as a screen. A hedge of them in bloom, with all colors of flowers is a wonderful sight. Price 12 to 18 inch, 25 for \$1.00; 50 for \$1.01; 100 for \$3.75; 200 for \$3.76, Prepaid.

AMOR RIVER PRIVET

Hardest of all hedge plants. Beautiful upright growth and makes a very compact beautiful hedge. Holds its foliage till middle of October or later. 18 to 24 inches, 25 for \$2.25, \$6.00 per 100; 2 to 3 feet, 25 for \$3.40; \$8.50 per 100. Prepaid.

JAPANESE BARBERRY

BERBERIS THUNBERGII—We consider the Japanese Barberry the best hedge plant in existence. It is beautiful throughout the year; its abundant crop of bright red berries makes it even more attractive in the winter than the summer. Its compact growth and thorny branches make a defense hedge that will turn cattle after five years growth. As an untrimmed hedge it requires no attention except an occasional cutting of a few straggling branches. The natural growth is so dense and even

that it forms a perfect hedge without shearing, but if a formal hedge is desired, it can be made so by shearing; hardy, of easy culture, and will grow in any soil or situation. For a hedge, plant in single row, 15 inches apart.

During the growing season, the foliage of the plants is attractive, because of the new growth, light green in color, is in sharp contrast to the foliage of the old wood, which is a glossy dark rich green. In the fall the foliage turns

to bright orange and scarlet, and persists until November or December, according to the locality. The Japanese Barberry is hardy almost anywhere in this country; and it will thrive in almost any situation, even in partial shade. Poor soil is no barrier to its successful cultivation. Price, 10 to 15 inch plants, 25 for \$2.00; 50 for \$3.50, 100 for \$6.50. Prepaid.

CALIFORNIA PRIVET

Set plants 6 inches apart if planted in a straight row, or 12 inches apart if planted in a double row. Of all hedge plants this is the most popular, and more of it is planted than all others combined. It is of free growth and succeeds under the most adverse conditions, such as under dense shade of trees, where other plants would not exist. Its foliage is a rich, dark green, nearly evergreen, remaining on the plant until mid-winter. Nice plants, 25 for \$1.75; \$4.50 per 100. Large two-year plants, 25 for \$2.25; \$5.50 per 100. Selected plants, 25 for \$2.75; \$8.00 per 100. Prepaid.

SPIREA

Eminently suitable for forming fine hedges. A more graceful object than a Spirea hedge in full bloom is difficult to find. 3 yr. old plants, 25 for \$3.50; 50 for \$6.50; 100 for \$12.00. Prepaid.

FINEST HEDGE GROWN

In our opinion the Japanese Red Leaved Barberry makes the finest hedge that can be grown. They are low growing, compact in habit, stand shearing well, and their bright color all summer long makes it a new and attractive hedge. At the low price quoted on page 10 of this catalog, this new plant is within the reach of everybody for hedge purposes. Plant 1 foot apart in single row.

Hardy Hydrangea

HYDRANGEA

This variety of Hydrangea makes one of the most beautiful hedges imaginable. For anyone wanting a flowering hedge that will not require trimming, we recommend this plant very highly. Hardy, with glossy green leaves, will grow almost anywhere and make a very desirable hedge. Plant 12 inches apart in single row. Price, strong 2-year plants, Hedge Size, 50 for \$10.00; 100 for \$17.50.

NORWAY SPRUCE

This spruce is a rapid grower and is often used as a hedge fence. It can be planted most effectively in groups on the lawn, but far enough apart to give each tree an opportunity to expand itself in its beauty. For hedge purposes plant 15 inches apart. Price, thrifty trees, 10 to 15 in., shipped without ball of earth, \$12.50 per 100. Prepaid.

A hedge of Norway Spruce

IBOLIUM PRIVET

Do you want to enclose your home grounds with a fence that will add beauty and attractiveness to the surroundings, and will never freeze or rot down or rust out; but will become more beautiful and substantial each year?

One hundred plants set eight inches apart, the proper distance for planting, will make a fence 66 ft. long. Using our 12 to 18 inch size would cost only \$10.00. This is much less than any other fence would cost.

In addition to costing less than any other fence you could buy, it is superior to any fence you could build. If they are given fairly good soil they will grow dense and compact right down to the ground. It is free from insects or injurious diseases of any kinds and may be pruned to any desired form or shape. Our plants are extra fine this year, are well branched, especially for hedge purposes and the price is very low. We will guarantee the quality of our plants to be equal to the best that can be purchased anywhere.

2-Year plants, 12-18 inches, per 100\$5.00
2-Year plants, 18-24 inches, per 100 6.00
2-Year plants, 2-3 feet, per 100 8.50
Prepaid.

Staechelin

THREE WONDERFUL NEW CLIMBING ROSES

CHAPLIN'S PINK CLIMBER (Hybrid Wichuraiana)—Chaplin Bros., 1928. A striking new variety in climbers originating from a cross between Paul's Scarlet Climber and American Pillar, Shape and size of the individual flower are the same as Paul's Scarlet, but the color is a rich, lively pink. Flowers borne in immense trusses. The plant is of strong growth and found to be perfectly hardy.

PRIMROSE—C. Midseason. A primrose-yellow Rose with flowers borne in trusses of 2 to 5 on a vigorous, free flowering, healthy plant.

MME. GREGOIRE STAECHELIN (Climbing Hybrid Perpetual)—Pedro Dot, 1927. A new, hardy, vigorous climber brought to this country a few years ago from Spain. The long, pointed buds are at first crimson, striped carmine, opening into a large, semi-double, cup-shaped flower of a lovely pale carmine-pink color. It is a distinct novelty in climbers, being a cross between Frau Karl Druschki and Chateau de Clos Vougeot. Despite its rather awkward name, this Rose will become extremely popular on its merits alone. Fragrance very pleasing.

Price, Three roses above, 2 yr. field grown, 75c, 2 for \$1.40, prepaid.

LOW PRICE
ALL ROSES BELOW
2-yr.-old Field Grown
30c, 4 FOR \$1.00 PPD.

AMERICAN PILLAR (H.M.)—A single flowering variety of great beauty. The flowers are of enormous size, three to four inches across, of a lovely shade of apple-blossom pink, with a clear white eye and clusters of yellow stamens. These flowers are borne in immense bunches, and a large plant in full bloom is a sight not easily forgotten.

CLIMBING AMERICAN BEAUTY—The famous American Beauty Rose in climbing form. Has all the characteristics of its relative, including form and fragrance. Healthy foliage and has strong climbing habit of growth; the abundant bloom being in prime before the June show of the bush type. The demand for this type has increased so rapidly it is hard to keep up in its propagation.

CRIMSON RAMBLER—Will attain a height of 10 to 20 feet in a season; produces a marvelous profusion of rich and glowing crimson clusters during June and July. It is the supreme novelty among climbers and the forerunner of the splendid array of "Ramblers". Price 2 yr. old field grown, 30c each, 2 for 31c.

DOCTOR VAN FLEET—One of the newest type of climbers and very hardy. Flowers when open run four inches or more in diameter in which it compares with the Tea class. Center built high, petals undulated and cupped. Color is a remarkably delicate shade of flesh-pink. Admirable cutting variety with stems 12 to 18 inches long.

DOROTHY PERKINS—A most beautiful shell pink. The flowers are borne in large clusters of small double bloom and very sweet scented. Foliage smoother and darker than the Crimson Rambler. This is undoubtedly the thriftiest, showiest and most practical of the older pink ramblers, and trails its riotous clusters over more verandas, windows and trellises than any other variety. Price 2 yr. field grown, 30c each, 2 for 31c.

EXCELSA—A sensational new hardy climbing Rose, sometimes called "Red Dorothy Perkins." This great new Rose is nearly evergreen and is absolutely hardy. The flowers are very double, produced in immense trusses of thirty to forty flowers to each truss. Color intense crimson—new and distinct. A gorgeous sight when in bloom. Price 2 yr. field grown, 30c each, 2 for 31c.

EUGENE JACQUET—New, the earliest and most profuse flowering of all climbing Roses. A wonderful grower producing its immense trusses of

fragrant, cherry-red flowers in the greatest profusion. Unlike most climbing Roses the color improves with age. Handsome, dark green, mildew-resisting foliage. A most remarkable climbing Rose.

FLOWER OF FAIRFIELD (The New Everblooming Scarlet Rambler)—Flower of Fairfield commences flowering in the spring or early summer and produces repeatedly crops of bloom until late in the autumn. It blooms very profusely on young wood the first year after planting. Very effective for covering walls, trellises or arches, equally attractive for table decorations or other uses as cut flowers.

GARDENIA (H.W.)—Bright yellow, cream color when open; very fragrant and free; early flowering. This is the hardy Marechal Niel; double yellow flowering.

MARY WALLACE—This is Dr. Van Fleet's masterpiece. The trade is slow in taking hold of this charming pillar rose. Hardy as far north as Central Ohio. Blooms two or three times during the summer months. A pillar rose supporting itself in a bushy growth 6 to 8 feet high. Bright clear rose-pink with salmon at base of petals. The largest Hybrid Wichuraiana in existence.

SHOWER OF GOLD—(Golden Yellow) (Hardy June Blooming). (Improved Yellow Rambler)—Color deep golden yellow with orange shadings. Beautiful metallic foliage. A fine yellow Rambler.

THOUSAND BEAUTY—Clusters of pink flowers in great profusion. Flowers are at first pink turning to carmine rose.

Excelsa

PAUL'S SCARLET CLIMBER—A wonderful Rose for trellis or pergola. Winner of Gold Medal as best new climbing rose at National Rose Society's Exhibition. Flowers are scarlet, shaded crimson. Corresponds to the Climbing American Beauty and Dr. Van Fleet as to size, shape and habit. Blooms very long, holding flower after many June bloomers have dropped their petals.

ROSARIE—Deep glowing pink flowers in innumerable clusters.

ROSA HUGONIS

A New Bush Rose from China

ROSA HUGONIS—Like many other rare floral gems from the Orient, this variety is spectacular in its exotic beauty. Imagine a many branched shrub, 6 to 8 ft. tall, rearing slender sprays in all directions, gracefully arching beneath loads of bright yellow, single flowers, an inch and a half in diameter—and you have Rosa Hugonis at its best. The flowers are borne on the previous season's growth and appear very early in the spring, before the foliage. Later in the season it throws up many new branches (next season's flowering wood) and these branches are of a beautiful deep red color, which makes the shrub a garden attraction almost throughout the growing season. Strong field-grown plants, each 75c; 2 for 76c, prepaid.

Gardenia

Mary Wallace

Paul's Scarlet Climber

SIX WONDERFUL NEW TEA ROSES

IF YOU WANT THE NEWEST AND BEST HERE THEY ARE

ETOILE DE HOLLANDE—This is one of the very best introductions among red everblooming Roses. To begin with, the growth is good and the color of the bloom is a very deep, rich glowing red one. It has more than come up to our expectations in giving us such a really good everblooming red Rose, of which we have none too many. The foliage is quite disease-resisting and our plants, even during the hot, damp days of early August are always a mass of flowers and foliage.

LADY MARGARET STEWART—A variety of recent introduction. The large, pointed, deep orange-yellow bud opens to an extremely well-shaped flower marked with shades of orange, carmine, and red. It is distinctly an exhibition variety, producing its buds on long, erect stems.

MARGARET McGREDY—Here we have not only a comparatively new Rose but one of the few good novelties that gives us a distinct break in color. This color is difficult to describe; red, rose and flame on the upper side of the petals, the under surface suffused with gold—a wonderful contrast; perhaps orange-vermilion, or better, copy red, would best describe it. Growth is very vigorous and foliage dark olive-green, quite free from mildew and black-spot; bush well shaped, requiring little pruning. The ovoid buds and double, cupped blooms are of good substance and depth of petals, and are produced on stiff stems, medium in length. Very free and prolific bloomer and extremely hardy most anywhere in the United States. For massing in beds where unusual color effect is wanted, there is nothing to surpass it.

PRESIDENT HERBERT HOOVER—The best American introduction of recent years. We have found the plant perfectly hardy and free flowering, possessing all the qualities of a most valuable garden variety. First introduced as a distinct greenhouse Rose, it has now been found equally as well adapted to outdoor culture. The color combination is unique—a blending of maroon, orange, and gold. We find the color of the early flowers is more clearly defined and fixed in this variety than in Talisman.

REV. F. PAGE-ROBERTS—This is one of the richest, fullest, and most perfect yellow Roses yet produced. The bud is beautifully marked and marbled with carmine-red. The bloom is a very full one and of great substance, and comes on a stocky plant, well branching, but of moderate height. Surely it is a variety which the Rose connoisseur must have. Better when pruned severely.

TALISMAN (T)—Brilliant red and gold buds, opening to well-shaped blooms of scarlet-orange and rich yellow. Tall, vigorous growth. Constantly in bloom. A seedling of Ophelia and Souvenir de Claudius Pernet, with the most vivid color yet produced in Roses. While the flowers are not so bright, and are sometimes misshapen in hot weather, they make up for this deficiency when the season is favorable. Price 2 yr. old 75c each, 2 for 76c.

1-CENT
Sale

PRICE Any above new roses, 2 yr. old 1st grade, 75c each, 2 for \$1.40, prepaid.

HYBRID AND PERPETUAL ROSES

TEA ROSES ARE MARKED (T) PERPETUALS MARKED (P)

PRICES—Any variety below, 2 yr. old, field grown, 35c each, 3 for \$1.00, prepaid.

AMERICAN BEAUTY (P)—The well-known red forcing Rose.

ANNA DE DIESBACH (P)—The famous "Glory of Paris". Bright, deep clear pink, of largest size, fine bud.

FRAU KARL DRUSCHKI, (P) or WHITE AMERICAN BEAUTY or SNOW QUEEN—The very highest type of its class and the best snow-white Rose ever introduced. It is an extraordinary strong grower, and has the vigor and hardiness of an oak. Flowers are immense in size and produced with great freedom. The color is a true paper white, the standard by which all white Roses are judged.

GENERAL JACQUEMINOT (P)—Crimson; large, full. Very fragrant. Excellent.

KAISERIN AUGUSTA VICTORIA (P)—Creamy white and sweetly fragrant; buds are large and pointed and flowers very full and large. Very hardy and continuous bloomer.

MAGNA CHARTA—Bright rose, very large and double, good form and fragrant, extra.

MARSHALL P. WILDER—A great many persons will not give up the contention that this is the ne plus ultra in red Roses. Deep, rich glowing red.

MRS. JOHN LAING—Color clear bright, shining pink; exquisitely shaded. Awarded gold medal, N. R. S.

PAUL NEYRON—Deep rose; flowers of immense size, indeed many claim this to be the largest Rose grown.

ULRICH BRUNNER (P)—Cherry-red, of immense size, fine form and most effective in the garden.

COLUMBIA (T)—It is a big Rose. The color is a true pink, about the shade of a perfect Shawayer, deepening as it opens to glowing pink.

GRUSS AN TEPLITZ (T)—The sweetest, richest crimson hybrid Tea Rose. The intense, dazzling color of this rose is found in no other variety. Fiery crimson, shaded with a dark velvety sheen, totally unlike any other color in the world. Double flowers. Produced in wonderful profusion throughout the whole growing season; in fact, it is always in bloom. Perfectly hardy everywhere. Incomparable for fragrance.

LOS ANGELES (T)—Flowers large and continuous, in color a flame-pink, toned with coral and shaded with translucent gold at the base of petals.

LADY HILLINGDON—Buds of remarkable quality and elegance, of good size, opening into handsome flowers of clear apricot-yellow. Plant relatively hardy, of much vigor, and with an autumn-blooming habit.

LUXEMBURG (T)—A fine, large, fully double rose of vigorous branching habit, and unusual freedom for the color, which is a rich golden yellow.

OPHELIA (T)—Salmon-flesh, shaded with rose, large, and of perfect shape; of excellent habit, the flowers standing up well on long, stiff stems and produced in great profusion. Excellent for forcing and a fine decorative variety.

PINK KILLARNEY (T)—Color deep, brilliant, sparkling shell-pink; hardy everywhere. The bush is magnificent in growth, good size and bears its beautiful burden of flowers all summer.

RADIANCE (T)—The color is a splendid even shade of clear red, without a trace of any other color, retaining its vividness for an unusually long time after being cut. It is a remarkable bloomer, being constantly in flower from early spring until freezing weather. One of the best hardy outdoor garden roses known.

RED RADIANCE (T)—An even better Rose than its parent, Radiance, in habit, bearing big, globular flowers of deep rose-red on strong, individual canes which are freely produced all summer until frost.

RED COLUMBIA (T)—A brilliant scarlet-crimson of exquisite shade, a sport from Columbia; semi-double, one of the freest bloomers in existence; produces beautiful foliage in profusion.

SOUV. DE CLAUDIUS PERNET (T)—The most satisfactory yellow rose ever produced. A decided and comparatively unfading sun-flower yellow even deeper toned at center. Its flower is large and full with elongated petals; the buds long and pointed.

SUNBURST (T)—The color is orange-copper or golden-orange and golden yellow; edge of petals lighter; all intense shades, extremely brilliant in effect. Some call the color cadmium-yellow. It is the yellowest of all Roses in the everblooming class.

WILLOMERE (P)—A robust garden Rose of bushy habit, with beautiful buds, very large flowers and lustrous green foliage. Color rich shrimp pink, shaded yellow at center and toning to cream-pink toward base of petals.

Pink Killarney

HARDY VINES

AMPELOPSIS QUINQUIFOLIA

(AMERICAN IVY)

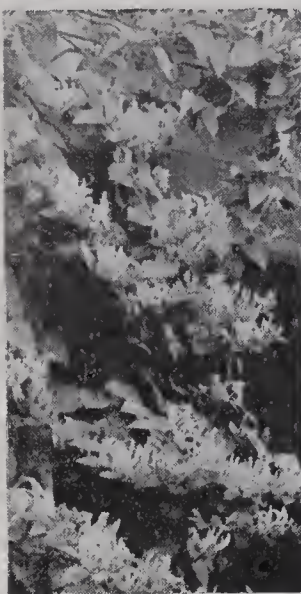

Use them for covering unsightly buildings, stumps, walls, fences, trees, etc. Grow quickly and easily, make a dense mat of leaves which hang in clusters of three. We are quoting these at a special price as follows: Two-year-old plants, 45c each, 3 for \$1.25. Prepaid.

BOSTON IVY (Veitchii)—This vine undoubtedly stands higher in the estimation of the people than any other. Once it is established it grows rapidly and will stay indefinitely, needing only an occasional trimming to keep it within bounds. It is not attacked by disease or insects and the foliage is not injured by the smoke and dirt of cities. The glossy leaves turn to a brilliant orange-scarlet in the fall. 2-year-old, 40c each, 3 for \$1.00. Prepaid.

AKEBIA QUINATA—A dainty, beautiful vine with purple flowers in May. Deep green leaves until late winter. 3 yr. old plants 35c each.

ARISTOLOCHIA SIPHO—A very vigorous growing vine with large deep green leaves and green twigs, producing in abundance a purplish blossom much resembling a pipe. Grows very dense. Price, 2 year old plants, 55c each, 2 for \$1.00. Prepaid.

CELASTRUS SCANDENS—Hardy ornamental vine. Very effective by their bright-colored fruit remaining usually throughout the winter. They are valuable for covering trellis-work, trees or rocks and walls. They grow in almost any soil and situation. Fruit is about one-half inch in diameter, orange-yellow, with crimson seed. 35c each, 3 for \$1.00. Prepaid.

Japonica

CLEMATIS

PANICULATA—This Clematis is by far the most popular of all the species in the American gardens. It is extremely showy when covered with the small white fragrant flowers, which appear late in the season. Beautiful, shiny, green foliage. Price: 2 year old No. 1 plants, 40c each, 3 for \$1.00. Prepaid.

HENRYII—Large flowering white Clematis. A strong grower and free bloomer. 2 year old, \$1.00. Prepaid.

KUDZU VINE

PUERARIA—A hardy vine with large, tuberous starchy roots making a most remarkable vigorous growth of slender, hairy stems, leaves are variously lobed, vines will grow to 60 feet in a season, producing a profusion of large leaves. 25c, 2 for 40c. Prepaid.

LONICERA OR HONEYSUCKLE

JAPONICA, VAR. HALLIANA (Hall's Japan Evergreen Honeysuckle)—Honeysuckles are well adapted for the covering of walls, arbors, etc., are very ornamental as the leaves remain on during the winter. The flowers are white, turning to yellow and are very fragrant. 35c each, 2 for 36c.

LONICERA SEMPERVIRENS (Scarlet Trumpet Honeysuckle)—Similar to Halliana, rich scarlet flowers throughout the summer. 2 yr. old vines, 35c, 3 for \$1.00.

English Ivy

Clematis Henryii

EVERGREEN VINES

ENGLISH IVY—A hardy evergreen climbing vine with dark green leaves. It is a true evergreen and retains its bright green leaves all winter. Price: 35c each; 3 for \$1.00. Prepaid.

EUONYMUS RADICANS—A hardy evergreen vine, or will form a spreading shrub where it cannot climb. Valuable for covering graves, especially desirable for shady locations. Price, 3 year old plants, 50c, 2 for 51c. Prepaid.

EUONYMUS RADICANS VARIEGATA—Attractive dark green leaved plant, with creamy white and pink variegated edges. Of slow growing habit and very hardy. For covering walls or house foundations it has no equal. Makes a good undergrowth and ground cover for evergreens, or an attractive edging or border. Price, 2 year field-grown plants, 60c each, 3 for \$1.50. Prepaid.

EUONYMUS COLORATA—Large green leaves in summer changing to blood-red, rarely bronze in Winter. Does better in sunny places. 2-year

old plants, 30c, 2 for 50c. Prepaid.

Aristolochia Sipho
or Dutchmans Pipe

Clematis Paniculata

MADERIA VINE

BASELLOIDES—A beautiful rapid-growing vine with dense foliage. The small white flowers are borne in great profusion and are very fragrant. It is excellent for summer screens and shade for porches. Succeeds best in a sunny position. 5 for 30c, 10 for 50c. Prepaid.

TRUMPET CREEPER

A beautiful orange colored flower, blooms profusely and a fast grower. 2 year old plants, 40c each, 2 for 75c. Prepaid.

PURPLE WISTARIA

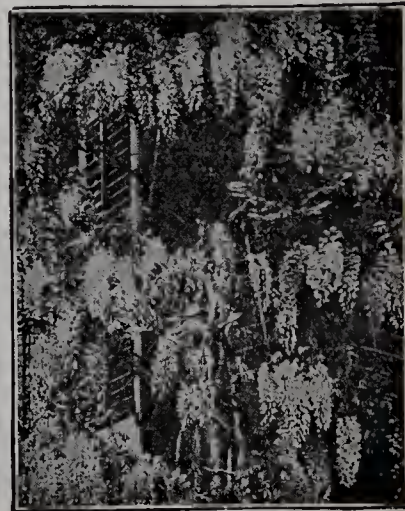

CHINESE WISTARIA (Chinensis)—This is one of the best and commonest of hardy climbers. Has pale green pinnate leaves and bears profusely dense, drooping clusters purplish, pea-shaped flowers. Blooms in May. 2 year, 50c each, 2 for 90c. Prepaid.

WHITE WISTARIA

This differs from the purple variety only in color of flowers which are pure white, forming a striking contrast. It is attractive in growth and possesses all the good points of the blue variety. Very sweet scented. 2-year, 50c each, 2 for 90c. Prepaid.

Trumpet Creeper

Purple Wistaria

Plant a Garden of Old Fashioned Flowers

HARDY PERENNIALS

OLD FASHIONED FLOWERS

At Prepaid Prices

Hardy perennials, or as they are often called, "Old Fashioned Flowers" should be planted in every garden. They add grace to the hardy border and furnish cut flowers all through the summer. The varieties listed are all perfectly hardy, and do not have to be replaced each year as is the case with annuals.

Aster

Stokes Aster

Anemone Whirlwind

Achillea Ptarmica

COREOPSIS

LANCEOLATA—Valuable border plant, because of their profusion of showy yellow, hardy and of the easiest culture. One to two feet. June to September. 15c each, 2 for 16c, prepaid.

CHRYSANTHEMUM

HARDY VARIETIES

Well known perennial, esteemed for its lavish bloom and exceeding decorative value in late fall. Red, white, pink, yellow. 15c each, 3 for 40c, prepaid.

CANTERBURY BELLS

Large open bell-shaped flowers in a variety of colors. 15c each, 3 for 40c, prepaid.

HAREBELL (*Campanula Carpatica*)—A pretty, compact species; flowers 1 inch in diameter. Blue and white. 15c each, 3 for 40c, prepaid.

ACHILLEA

MILLEFOLIUM CERISE ROSEUM—Beautiful cut-leaved foliage. Flowers deep rose, colored and good for cutting. Eighteen inches. April to October. 15c each, 3 for 40c. Prepaid.

PTARMICA (The Pearl)—White flowers larger than above variety. It blooms all summer. Slightly more dwarf. 15c each, 3 for 40c, prepaid.

ANEMONE

WHIRLWIND—One of the most gorgeous of the hardy perennials, as well as one most desirable and useful. Bears large, showy white flowers supported by large dark green leafy branches. Fall. 24c each, 3 for 60c. Prepaid.

ANEMONE HUPENSIS, Early Anemone—Grows 12-14 in. Blooms early August until late fall. Flowers mauve rose in color. 20c each, 3 for 50c, prepaid.

ANTHEMIS

CHAMOMILE, *Tinctoria* (Kelways variety)—Finely cut foliage, large golden yellow flowers produced all summer, good for cutting. 15c each, 3 for 40c, prepaid.

AQUILEGIA

ENGLISH LONG SPUR—A fine strain producing distinct strains of Purple, Blue, Red and Yellow flowers. Mixed Plants, 15c each, 2 for 16c, prepaid.

AQUILEGIA ENGLISH (Mrs. Scott Elliott)—Hybrids—Lovely blending of pastel shades. Mixed plants, 15c each, 3 for 40c, prepaid.

ASCLEPIA

TUBEROSA—Beautiful bright flowers, one to two feet high. Very hardy blooms. July and August, 15c each, 3 for 40c, prepaid.

ASTER

The plant grows from 18 to 24 inches high, bearing freely from early June until late in October, its handsome lavender-blue centaurea-like blossoms, which measure from 4 to 5 inches across. It is of the easiest culture, succeeding in any open, sunny position. 15c each, 3 for 40c, prepaid.

ST. EGWIN—Dense and bushy and blooms from the ground up to the top of the plant. Delicate pink color. 15c each, 3 for 40c, prepaid.

BAPTISIA

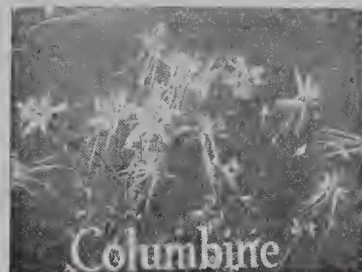

AUSTRALIAS (False Indigo)—Attractive dark green foliage, dark blue pea shaped flowers produced in June on top of spikes 2 ft. high. 20c each, 2 for 21c, prepaid.

BOCCONIA CORDATA

(PLUME POPPY)

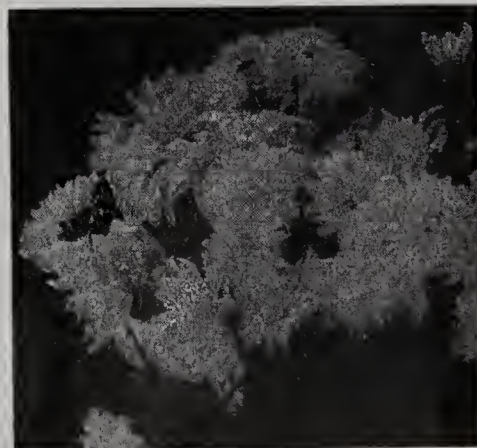

Six to eight feet. Immense flat, deeply indented leaves of silvery green on pearl-pink stalks. Flowers creamy white, produced in large, upright panicles, which persist for months, darkening to rusty bronze. This is a splendid plant to point the angles of the tallest perennial background, its neutral colors associating well with any other flowers, and its stems and foliage at all times highly ornamental. 15c each, 3 for 40c, prepaid.

Columbine

Coreopsis

Chrysanthemum

Canterbury Bells

Centaurea

PERENNIALS CONTINUED

CHRYSANTHEMUM

Hardy old fashioned varieties, red, pink, yellow and white. One of the best fall blooming perennials, valuable for late cutting. 15c each, 3 for 40c, prepaid.

CHRYSANTHEMUM—Pompon varieties in white, pink, bronze, deep yellow, scarlet. Fine for fall cutting. 15c each, 3 for 40c, prepaid.

CHRYSANTHEMUM, Korean—One of the newer perennials eagerly sought by garden lovers. For late fall effects nothing can equal. Large white flowers with golden center often turning to shell pink. 20c each, 2 for 21c, prepaid.

CAMPANULA TRACHELIUM

Sturdy plant 2-3 ft. Blooms July and August with purple somewhat drooping flowers. 15c ea., 3 for 40c, prepaid.

CENTAUREA

Knapweed, Montana, (Perennial Cornflower)—2 ft. high, bears large violet blue flowers. July to Sept. 15c each, 3 for 40c, prepaid.

CENTAUREA, Dealbata—Large and striking rose pink flowers. June to July. 2 ft. high. 15c each, 3 for 40c, prepaid.

CENTAUREA MACROCEPHALA—Large thistle-like golden yellow flowers, 3½ ft. high. Useful for cutting and showy in borders. July to August. 15c each, 3 for 40c, prepaid.

CLEMATIS

Shrubby, Dwarf, Davidiana—2½ ft. bright green foliage, bell shaped flowers of deep lavender blue, fragrant, August and September. 15c each, 3 for 40c, prepaid.

HARDY CARNATIONS

GARDEN PINKS

A fine collection in various colors. The good old-fashioned "Pinks" so frequently found in Grandmother's garden. Of dwarf habit. The foliage is attractive throughout the year and they are especially useful for edging perennial borders.

DOUBLE MIXED—15c each, 3 for 40c, prepaid.

DOUBLE PINK—20c each, 3 for 50c, prepaid.

DOUBLE WHITE—15c each, 3 for 40c, prepaid.

SINGLE MIXED—15c each, 3 for 40c, prepaid.

DELPHINIUMS

IMPORTED STRAINS

WONDERFUL HYBRIDS—Here offered are the newest, the best and the finest to be secured anywhere. The range of colors varies from the palest shade of blue to the deepest indigo blue and

royal purple with many intermediary pastel tones of mauve, pink and lavender blendings. Among these new hybrids are flowers of huge size in both single and double forms. This strain has been raised from the finest named kinds in creation. Visitors at our nursery proclaim them the best they have ever seen. Mixed colors, 20c each, 3 for 50c, prepaid.

BELLADONNA—A sky-blue variety. June to October. 15c each, 3 for 40c, prepaid.

CHINESE (Chinese Larkspur)—A very pretty variety with fine feathery foliage and intense blue flowers.

FORMOSUM—The old favorite dark blue with white center; 3 to 4 feet high. 15c each, 3 for 40c, prepaid.

DIGITALIS

GLOXINAEFLORA—Spikes of bloom 3 to 4 inches in height. Color from rose to deep purple. 15c each, 3 for 40c, prepaid.

FOXGLOVE, Grandiflora — A perennial with yellowish flowers marked with brown. Blooms in June and July. 2-3 ft. spikes. 15c each, 3 for 40c, prepaid.

DICENTRA

SPECTABILIS (Bleeding-heart) — The Bleeding-heart is one of the choicest memories of the old-fashioned garden. 35c each, 3 for \$1.00 prepaid.

EXIMIA (Bleeding-heart) — Compound racemes of deep rose. Foliage is especially attractive and bloom persistent all summer. Price, 20c each, 3 for 50c, prepaid.

DICTAMUS FRAZINELLA, Gas Plant—Have ashlike leaves with delightfully fragrant odor. The rose pink flowers are borne in upright racemes. 20c each, 3 for 50c, prepaid.

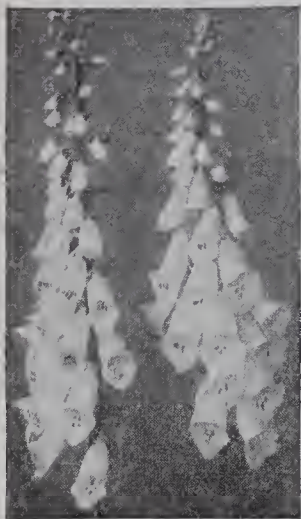

EULALIAS

EULALIA ZEBRINA (Zebra Grass)—The long blades of this variety are marked with broad yellow bands across the leaf. Fine for lawns. 15c each, 3 for 40c, prepaid.

EULALIA GRACILIMA — Plume Grass with very narrow leaves and long plumes. 15c each, 2 for 16c, prepaid.

Dictamnus

Digitalis

Dicentra

Delphinium Formosum

Delphinium Hybrids

Eulalia Zebrina

PERENNIALS CONTINUED

ERYNGIUM

SEA HOLLY—Spiny leaves and thistle like flowers. Flower heads make fine winter bouquets. Metallic blue or silver color bracts. 15c each, 3 for 40c.

EUPATORIUM

HARDY AGERATUM, *Coelestinum*—Light purple flowers, blooming from August until frost. 12-14 in., good for cut flowers. 15c each, 3 for 40c, prepaid.

FUNKIA

DAY LILY *Coerulea*—Broad green leaves, blue flowers. July to August. 15c each, 3 for 40c, prepaid.

Subcordata—Large pure white day lily, fragrant flowers blooms August and September. 20c each, 3 for 50c, prepaid.

GAILLARDIA or BLANKET FLOWER

GRANDIFLORA—Probably one of the most universal flowers planted among the hardy perennials. Conspicuous for their profusion of bloom. Flowers intense, blood-crimson, margined with golden yellow. Eighteen to twenty-four inches. 15c each, 3 for 40c, prepaid.

GYPSOPHILA or BABY'S BREATH

Very branching or spreading slender perennials of very easy culture, and very desirable where a mass of delicate misty white bloom will fill a bare place. 15c each, 3 for 40c, prepaid.

BRISTOL FAIRY—A sensational new development of the double flowered Gypsophila, adopted immediately by florists as a very valuable cutting subject. The bush itself is sturdier and more expansive than the type, with much larger florets in fuller panicles; the blooming season naturally longer, and possible of continuous all-summer show if earlier bloom is removed. Pure white slightly blushed in cool weather. 35c each, 3 for \$1.00, prepaid.

HEMEROCALLIS

YELLOW DAY LILY—Popular hardy plants; belong to the Lily family. They succeed everywhere and should always be included in the border of old-fashioned hardy plants, 20c each, 3 for 50c, prepaid.

HEMEROCALLIS, Day Lilies, *Fluva*—Coppery orange shaded crimson. 3 ft. Blooms July. 15c each, 2 for 16c, prepaid.

HELLEBORUS

NIGER, Christmas Rose—White solitary flower sometimes flushed with purple. Excellent in shady, moist cool places. Does not like to be disturbed. Leathery dark green leaves persisting thru the winter. Valuable because of their blooming period. February and March, often under the snow. 35c each, 3 for \$1.00, prepaid.

HELIOPSIS

ORANGE SUNFLOWER—Flowers on long wiry stems. Good for cutting. 15c each, 3 for 40c, prepaid.

HOLLYHOCKS

DOUBLE—Immense double and semi-double flowers; all shades and colors mixed. 15c each, 3 for 40c, prepaid.

HELIANTHUS

MISS MELISH—An improved variety of Helianthus, profuse bloomer. Yellow, 15c each, 3 for 40c, prepaid.

HIBISCUS

WHITE CRIMSON EYE—This is probably the best known and the most planted of the Hibiscus. 15c each, 2 for 16c, prepaid.

JAPANESE IRIS

IRIS, *Ochroleuca gigantea*—Succeeds in almost any position. Blooms late in May with an abundance distinct creamy yellow flowers. 3 ft.

IRIS KAEMPFERI, Japanese Iris—*Gekka-No-Nami*—Glistening white. 20c each, 3 for 50c, prepaid.

Koko-No-Iro—Royal purple petals, yellow center. 20c each, 3 for 50c, prepaid.

Patrocole—Dark reddish violet. Suggests 25c each for selling price. 20c each, 3 for 50c, ppd.

SIBERIAN IRIS

WHITE—An exquisite hardy Iris—Flowers large and well formed, produced in abundance. Good for flower border or waterside. 3 ft. high. 15c each, 3 for 40c, prepaid.

BLUE—Large violet blue flowers, beautiful foliage. Fine border plant and good subject for planting near water where it blooms profusely. 3 ft. high. 15c each, 3 for 40c, prepaid.

GERMAN IRIS

The old favorite offered in 4 colors, White, Pink, Yellow and blue. Price 10c each, 2 for 11c, prepaid.

Gaillardia

Gypsophila

Hardy Hibiscus

Double Hollyhock

Helianthus

Japanese Iris

German Iris

PERENNIALS CONTINUED**LOBELIA**

CARDINAL FLOWER—Rich fiery red flowers; strong plants often producing 10 to 18 spikes in August and September. 15c each, 3 for 40c, prepaid.

LOBELIA Syphilitica (Great Blue Lobelia)—Similar to the Cardinalis, but the flower is blue streaked with white. Plant in moist place. 15c each, 3 for 40c, prepaid.

LUNARIA, HONESTY PLANT

Flowers purple followed by seed pods that when peeled have a silvery color. Ideal for winter bouquets. Biennial. 15c each, 3 for 40c, prepaid.

LYTHRUM

Purple Loosestrife, Superbum roseum—Showy rosy purple spikes 2-3 ft. produced in profusion all summer. 15c each, 3 for 40c, prepaid.

LILY-OF-THE-VALLEY

Very small and sweet and dainty, the creamy white scalloped bells pendant along slender stems. They make up (with their broad shiny leaves) into dainty bouquets of fragrance. They spread actively from the roots and soon reclaim shaded cold ground which otherwise would be cheerless and barren. 10c each, 2 for 11c, prepaid.

LUPINUS or LUPINES

The Lupinus produces beautiful long spikes of pear-shaped flowers a foot long on stems 3 feet high. They are perfectly hardy and very showy. White. 15c each, 3 for 40c, prepaid.

LYCHNIS

CHALCEDONICA (Maltese Cross)—Heart-lobed stars of brightest vermillion, arranged in large flat panicles. 2 year, 15c each, 3 for 40c, prepaid.

LIATRIS

(Blazing Star), Pycnostachya—Choice and bold species from 3 to 5 feet tall. Grow and produce the flowers in poorer soil than most garden plants but prefer a rich garden soil, and require no special attention. Nothing can be planted that will attract more attention on account of its unusual appearance; beautiful as well as odd. Blooms in mid-summer and throws up long spikes of rich rose purple flowers which last a long time and very attractive to butterflies. 15c each, 2 for 16c, prepaid.

MERTENSIA BLUE BELLS

VIRGINICA—An early spring flowering plant. 1 to 1½ ft. with blue flowers overlaid with pink. One of the loveliest spring flowers we have. 15c each, 3 for 40c, prepaid.

OENOTHERA

EVENING PRIMROSE, FRASERI—Showy and beautiful flowers blooming practically all summer. 15c each, 3 for 40c, prepaid.

Fraseri—Pale yellow flowers.

Youngii—Bright lemon yellow, grows to 24 inches.

POPPIES

ORIENTAL—See back cover.

ICELAND (Assorted)—The plant is of neat habit, forming a tuft of bright green, fern-like foliage from which spring, throughout the entire season, a profusion of slender leafless stems 1 foot high, each graced with charming cup-shaped flowers. 17c each, 3 for 50c, ppd.

PLATYCODON

A valuable perennial forming a dense branching bush of upright habit. One to two feet with neat foliage. It blooms from July until frost. Large bell shaped, deep blue flowers. 15c each, 2 for 16c, prepaid.

PENSTEMON

BARBATUS TORREYI (B)—June to Sept. A very valuable late flowering variety with beautiful bright flowers; thrives also in partly shaded places. 15c each, 3 for 40c, prepaid.

PHYSOSTEGIA

VIRGINICA—A unique and attractive American plant that stands apart from all other hardy plants. For massing or planting with appropriate varieties in the hardy border. It is perfectly hardy and possesses a constitution equal to that of Golden Glow. Begins to bloom about the first of July and if kept cut, will flower more or less for about three months. Can be supplied in pink or white. 15c each, 3 for 40c, prepaid.

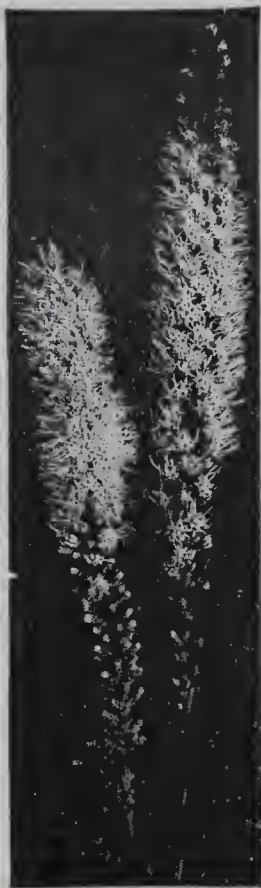

BEAUTIFUL PEONIES

Late years have seen many improvements in the size, shape, color and free-flowering habit of this wonderful plant, and below we offer three choice double varieties in three colors. Plant in the late Fall or early Spring.

1-CENT Sale 1st PRIZE WHITE—A good sized double white flower and free bloomer. 35c each, 2 for 36c, prepaid.

1-CENT Sale 1st PRIZE PINK—Beautiful shade of pink, double flower, beautiful foliage. 35c each, 2 for 36c, prepaid.

1-CENT Sale 1st PRIZE RED—Very vivid coloring, massive flowers and very spicy. 35c each, 2 for 36c, prepaid.

PHLOX

FINE NEW VARIETIES

ATHIS—Deep clear salmon.
BETTY LOU—Bright orange scarlet.
BRIDESMAID—White, crimson eye.
B. COMPTE—Very brilliant, satiny amaranth flowers.
DR. KONIGSHAFFER—Brilliant orange scarlet.
ETHEL PRITCHARD—Beautiful mauve lilac.
ECLAIREUR—Brilliant rosy Magenta, white eye.
FUERBRAND—New brilliant orange scarlet, sometimes almost vermillion.
ISABEY—Light blue. Very fine.
LA VAGUE—Warm mauve with carmine eyes.
MISS LINGARD—The best phlox in cultivation. Immense heads of pure white flowers in June, September and October.
MRS. CHAS. DORR—Rose lavender.
MRS. JENKINS—Pure white, large truss.
PANTHEON—Extra large flowers of salmon rose.
RHINELANDER—Beautiful salmon-pink; immense size.
R. P. STRUTHERS—Rosy carmine, shaded orange scarlet.
ROSENBERG—Reddish violet, blood red eye.

Phlox Rhineland

Phlox, Miss Lingard

Pyrethrum

SUBULATA—Moss or Mountain Pink, and an early spring flowering type with evergreen foliage. Valuable for covering ground or graves.
SUNSET—Bright pink.
TERRA NOVA—Grayish lilac, violet eye.

Price of all above Phlox, 15c each, 3 for 40c, 12 for \$1.50, Prepaid.

PHYSALIS

(Chinese Lantern Plant) Franchetti—Forms dense bushes 2 ft., producing bright orange scarlet lantern like fruits, which are very interesting for indoor decorations. 15c each, 3 for 40c.

POTENTILLA

Cinquefoil, Miss Willmott—Free flowering salmon pink, good border plant for midsummer bloom. 15c each, 3 for 40c.

PYRETHRUM OR PAINTED DAISY

ROSEUM—Attractive fern-like foliage. Rose colored flowers, good for cutting. Bloom May and June. 15c each, 3 for 40c.

Phlox Bridesmaid

RUDBECKIA

GOLDEN GLOW—Hardy. Six feet high, masses of large, double golden yellow flowers, shaped like a Cactus Dahlia. 15c each, 2 for 16c, prepaid.

SEDUM

STONECROP—A very pretty, erect growing perennial attaining a height of 18 inches. It has broad light green foliage with immense heads of handsome showy rose colored flowers. Indispensable as a fall blooming plant. Price 15c each, 2 for 16c, prepaid.

SCABIOSA

Pin Cushion Flower, Caucasica—Soft shade of lavender, blooms June to September. 18 in. 20c each, 3 for 50c.

SALVIA AZUREA

A species from the Rocky Mountains, which produces during August and September pretty sky-blue flowers in the greatest profusion. They have been admired very much by the many visitors to our nurseries this summer. 15c each, 3 for 40c.

THALICTURUM

Meadow Rue—Columbine-like foliage, rosy purple flowers, 2 to 3 ft., blooms June and July. 15c each, 3 for 40c.

TUNICA

SAXIFRAGA—A neat tufted hardy perennial plant, growing but a few inches high, and bearing throughout the entire season numerous elegant pink flowers. 15c each, 3 for 40c.

VERONICA SPEEDWELL

ELEGANS—Erect growing. Pink. 15c each, 3 for 40c.
SPICATA—Violet blue flowers borne in masses. Blooms July and August, 18 in. 15c each, 2 for 16c, prepaid.

YUCCA

(ADAM'S NEEDLE)

FILAMENTOSA—Among the hardy plants there is nothing more effective and striking for isolated positions on the lawn. It is also indispensable for the rockery. Its broad, swordlike, evergreen foliage and immense branching spikes of drooping, creamy white flowers, rising to a height of 6 feet render it a bold and handsome subject wherever placed. Should be planted in Spring. 25c each, 2 for 26c, prepaid.

YUCCA VARIEGATED—A very striking Yucca with yellowish striped leaves. A distinct novelty. Price, 2 yr. old, 35c each, 3 for \$1.00. Prepaid.

Rudbeckia

Veronica

Sedum

Flowering Yucca

BEST HOUSE PLANTS

FLOWERING BEGONIAS

2½ inch pot plants, 20c each; 3 for 55c. Prepaid.

BEEFSTEAK BEGONIA (Feastii)—A low, spreading Begonia, with perfectly circular leaves red beneath, and dark, glossy green above, and of heavy texture. The finest pot Begonia we have for house culture.

THURSTONI—The under side of the leaves is a rich purplish-red, the veinings very prominent, while the face or upper side is a bronzy-green, shaded with crimson and olive, with a peculiar glossy metallic luster over all. Flowers rosy-white, in large clusters well above the foliage. The plant has a fine foliage.

HARDY BEGONIA EVANSIANA—Here is one of our best house and garden plants; a rapid, healthy grower, very profuse bloomer with beautiful foliage and clusters of pink flowers. The plant re-establishes itself in the spring from root tubers.

MAMMOTH REX BEGONIA

The broad leaves, high coloring and exquisite markings of Rex Begonias make them invaluable as decorative plants for house culture. Give them a soil composed of warm, moist atmosphere and shady situation. Do not allow the sun to strike the leaves while wet. 2½ inch pot plants, 25c each; 3 for 70c. Prepaid.

WATER MELON BEGONIA

Variegated foliage white and green, waxy like frosted silver. Excellent house plant. 22c each; 3 for 65c. Prepaid.

SNAKE PLANT

(SANSEVIERA ZEYLANICA)

This beautiful house plant is well adapted for decoration of sitting rooms, halls, etc., as it stands dust and neglect of watering with impunity. Leaves grow to a length of from three to four feet beautifully striped crosswise with broad white variegations on a dark green ground. A rare and beautiful plant and should be abundantly grown for positions out of sunlight, where other plants do not thrive.

Price, 2½ inch pot plants, 25c each; 3 for 45c. Prepaid.

SUPERB FRENCH HYDRANGEAS

These Hydrangeas are very vigorous, healthy and rapid growers, and are practically a summer and winter flowering plant, requiring only a short rest between seasons. This species of Hydrangeas is generally hardy in the South and throughout the Middle States with some protection during winter months, and here they will flower profusely from June to October. In our Northern States they will give better results when used as pot plants.

BOUQUET ROSE—This very attractive variety produces deep rosy amber flowers which turn to bright red.

LA FRANCE—Immense trusses of well formed delicate rose blooms are produced in abundance.

MAD. EMILE MOULLERE—Exceptionally large flowers of pure white with rosy carmine eyes are frequently over two inches in diameter.

RED MONARCH—Darkest red variety. Fine grower.

Price any above, 2½ in. pot plants, 20c each, four for 75c; dozen for \$2.00. Prepaid.

HIBISCUS

GRANDIFLORUS—Rich, glossy foliage, blooms profusely through the summer; literally covering the plants with scarlet-crimson single flowers.

PEACHBLOW—One of the finest plant novelties offered in recent years; flowers double, from 4 to 5 inches in diameter, charming, rich, crimson center. This is an entirely new and most beautiful shade.

MINIATUS SEMIPLENUS—Semi-double flowers; light vermilion scarlet; petals waved and recurved; flowers noticeable for the absence of formality, but very handsome.

Price any above, 2½ inch pot plants, 18c each; 3 for 50c, prepaid.

ASPARAGUS SPRENGERI

(Feather Fern)—Especially valuable for window box and hanging basket planting. When used for cut flower work, the foliage retains its freshness for an unusual length of time. Price, 2½ inch Pot Plants, 15c each; 3 for 40c. Prepaid.

ASPARAGUS PLUMOSUS

(Lace Fern)—Fronds are bright green, gracefully arched and as finely woven as the finest silken mesh. Their lasting quality when cut is remarkable, as they often retain their freshness for weeks. Price, 2½ inch pot plants, 15c each; 3 for 40c. Prepaid.

BEAUTIFUL BEDDING COLEUS

There is nothing in the line of bedding plants that can ever take the place of Coleus. Used in solid clumps or as edging to Canna beds, etc. Price, 10c each, \$1.00 per dozen. Prepaid. Price by the hundred when sent by express, \$8.00.

BECKWITH'S GEM—Beautiful fancy variety with large leaves of heavy texture and finely scalloped edges; center of leaf dark velvety maroon, bordered with fiery-red; edge of green, changing to creamy-yellow at the point of leaf.

FIRE CREST—The major portion of the foliage is a bright carmine-crimson shade; edge is slightly marked golden-yellow, which heightens the coloring; center of leaves blotched deep bronze.

GOLDEN BEDDER—Clear yellow when well developed; edge somewhat crinkled; center rib of lighter yellow.

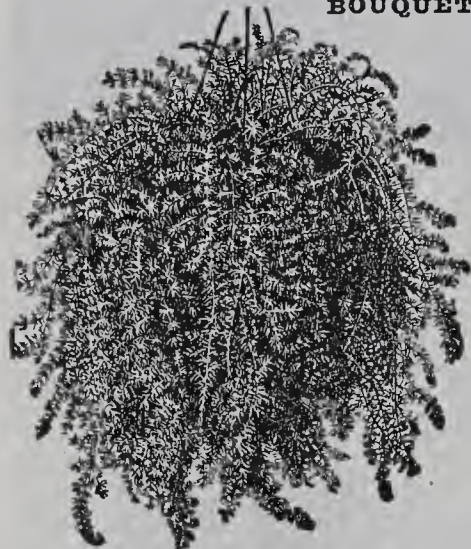

GLORY OF AUTUMN—Most vivid autumnal colorings in great variety on every plant, each leaf defined by a heavy beaded border of apple-green.

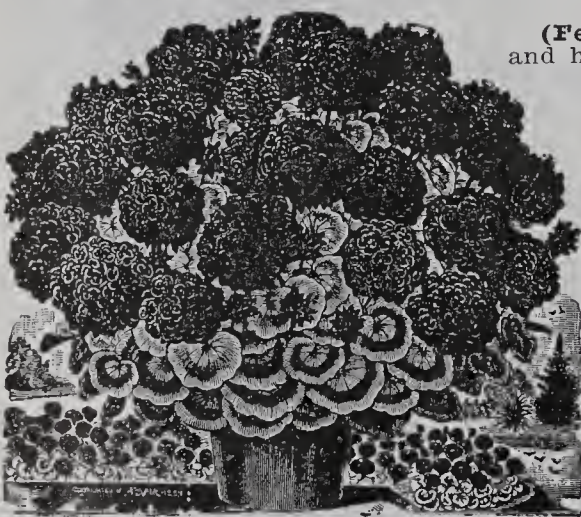

Rex Begonia

Snake Plant

Asparagus Sprengeri

Geranium Radio Red

GERANIUMS DOUBLE FLOWERING
BEAUTE POITEVINE—Semi-double. The color is a brilliant salmon, shading to apricot in the center; trusses colossal, florets two and one-fourth inches in diameter.

RADIO RED—Color of the richest scarlet, one of the most profuse blooming bedders; foliage very broad and strong. Stands the sun better than almost any other Geranium.

S. A. NUTT—This is the darkest and richest double Geranium grown. It is very bright, dark, deep, rich velvety maroon.

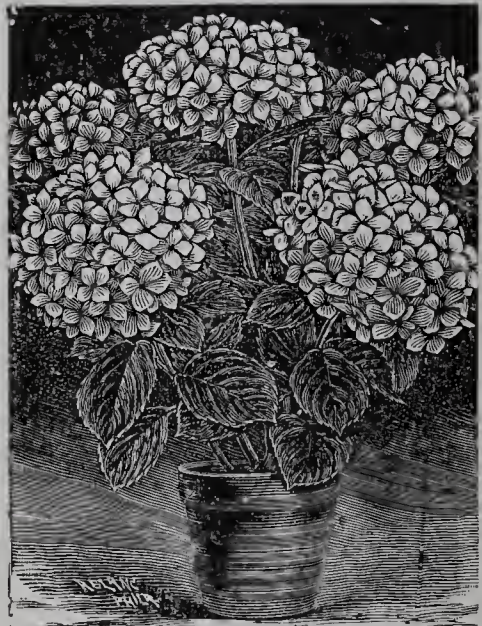

Price any of above, 2½ in. Pot Plants, 15c each; 3 for 45c; 10 for \$1.40. Prepaid.

Beckwith's Gem Coleus

Asparagus Plumosus

Hydrangea, Red Monarch

Hibiscus, Peachblow

BEST HOUSE PLANTS

FERNS

THE OSTRICH PLUME FERN—One of the few feathery foliage ferns which everyone can successfully grow. One of the best.

VERONA—Will thrive under all ordinary conditions. Fronds are very fine and filmy. Nothing daintier.

TEDDY, JR.—Produces many new fronds which are broad, beautifully tapered from base to tip. Symmetrical spread.

FLUFFY RUFFLES (Nephrolepis Superbissima)—Dark feathery foliage. Dense, compact growth gives the appearance of a fern within a fern.

BOSTON FERN—This variety is the most popular of all ferns. The graceful rich green fronds often measure from six to eight feet in length.

ROOSEVELT—Dense, massive fronds.

PRICE ANY ABOVE FERNS, PREPAID
2½ inch Pots, Greenhouse Grown
18c each; 3 for 45c. Prepaid.

CHRYSANTHEMUMS

CHRYSOLOREA—A very fine yellow. Medium to tall in growth. Foliage heavy. Considered the finest early yellow variety ever introduced.

CHIEFTAIN—A globular incurved, full and round; good rose-pink on stiff stems with foliage that is just right; an easy grower. Chieftain is among pinks what Major Bonaffon is among yellows.

GLADYS PIERSON—Golden bronze and mahogany. Large and full for its type. Blooms from early to late; grown to single stem it is fine. Incurving, perfectly filled blooms.

HARVARD—A particularly attractive flower; fine for exhibition; color is very dark crimson; grand stem and foliage.

SNOW-WHITE—A fine early white. Form, foliage, stem, and color make it a very valuable second early; a splendid grower, pure white always, round incurved form.

PRICE ANY OF ABOVE
2½ inch Pot Plants 15c Each;
5 for 65c. Prepaid

SINGLE PETUNIAS

The Petunia is one of the finest bedding plants for massing, mixed borders, or for vases. The brilliancy and variety of its colors, combined with the duration of its blooming period, render it invaluable for garden decoration. Our collection is unsurpassed for brilliancy of color and size of bloom.

Price, 12c each; 6 for 65c; 12 for \$1.25. Ppd.

ROSE OF HEAVEN—Of compact, bushy growth, 15 inches in height, covered through the entire season with large open throated flowers. Throat silvery-white, outer edges heavily shaded soft rose-pink.

SINGLE PETUNIA—Bright red.

SINGLE PETUNIA—Brilliant blue.

FUCHSIAS

The secret of success with Fuschias is to keep the plants properly watered and nourished to stimulate fresh, continuous growth and consequently flowers.

PURPLE PRINCE—This double Fuchsia is of extraordinary merit. Violet-blue corolla; very dark rich red sepals, waxy luster. Plant of fine form, easy to grow, continually in bloom. Positively one of the grandest varieties ever offered.

BLACK PRINCE—This is without question the very finest single Fuchsia grown for the amateur to cultivate. It makes a shapely bush, is robust in growth, free from disease and insects and is probably the freest in blooming. Blossoms of a beautiful waxy-carmine or pink color. Certainly a plant of easy culture.

Price any above 2½ in. pot plants, 15c each; 3 for 45c, prepaid.

CHRISTMAS CACTUS

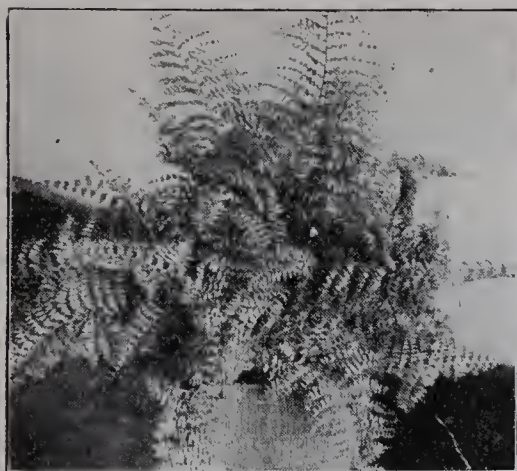

"Never Fails to Flower"

Purplish Scarlet Blooms. An early flowering variety, with long drooping flowers, borne in great profusion. Stems branching and hanging in bunches. It grows and blooms with the greatest ease, requires absolutely no care, living for months without water, increasing in value yearly. Price, 25c each; 2 for 45c. Prepaid.

VINCA VINES

VINCA, TRAILING—(Variegated Periwinkle)—A beautiful variegated trailing vine, admirably adapted for hanging baskets and vases. Leaves glossy green, broadly margined a creamy white; flowers blue.

2½ inch plants 15c each; 3 for 40c. Ppd.

Ostrich Plume Fern

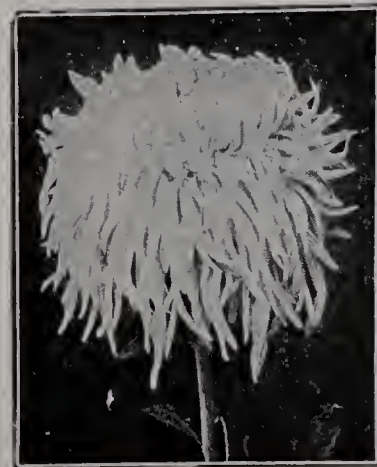

Chrysolora

Snow White

Gladys Pierson

BOSTON SWORD FERN

Roosevelt Fern

GIANT FLOWERING PANSIES

It is impossible to do justice to these lovely flowers in a printed description. Cold type cannot convey an idea of the indescribable richness, the varied and exquisite coloring, the large size, perfect form and great substance of the blossoms. The plants we offer are from seed or selected flowers of the Giant Timardeau, Bugnot and Cassier strains in the following named colors; brilliant fine red, margined striped golden, purple, black, white, violet and gold.

Price, 6 for 40c; 10 for 60c. Prepaid.

Our Bedding Pansies

APPLE TREES

No home or farm, large or small can afford to neglect planting fruit trees each year. They are profitable, beautiful, healthful and will pay big dividends. More money can be made on land with apples, selling at 50c per bushel than off of wheat selling at \$1.50 per bushel.

Apple trees in bloom are better liked and more admired than many ornamental trees. Apple trees make a beautiful hedge if kept trimmed and planted about 3 ft. apart. They will produce fruit too. At the low prices these trees are offered everyone should plant them.

PREPAID PRICES OF ALL APPLE TREES

1 Yr. Tops						2 Yr. old Roots

LIST OF VARIETIES

BALDWIN

The apple of general popularity. It bears most abundantly. The Baldwin a staple on the market everywhere. A bright red winter apple, rich, sub-acid, excellent because of its dessert and cooking qualities.

BANANA

This apple is not as generally planted as its merits would warrant. Fruit large, clear pale yellow with beautifully contrasting pinkish-red blush; attractive in appearance, of good dessert quality.

DELICIOUS

Large, with surface almost covered with a most brilliant beautiful dark red; in quality it is unsurpassed; flesh is fine grained crisp, juicy, delicious; in keeping qualities, it ranks with the best. Special price on Delicious only, 5 to 7 ft. in lots of 2; 60c each, 2 for 61c. Prepaid.

1-CENT Sale DUCHESS OF OLDENBURG

The most profitable mid-summer apple. Downing. "This handsome Russian apple proves one of the most hardy and profitable varieties in cultivation, especially in our north-western sections."

EARLY HARVEST

Much prized by the housewife. The Early Harvest has been in cultivation for more than one hundred years and this is a proof of its excellence. It is a very early variety, ripens in July and August. It is desirable for the home orchard because of its earliness and its excellence for the dessert and culinary purposes.

GRIMES GOLDEN

The Best and most widely planted yellow apple. The tree is hardy and productive. It can be used to an advantage as a filler as it comes into bearing rather early. Few apples have proven more profitable in the commercial orchard. The fruit is of medium size, tender, rich aromatic, sub-acid, good to very good for eating raw or cooking.

JONATHAN

A general favorite everywhere. It is a medium sized apple, brilliant red; very highly flavored, juicy, fine grained, tender, mild, sub-acid. Quality is fine for home use and for marketing.

MAIDEN BLUSH

This old-time tested apple is one of the most beautiful and productive of the Fall apples. It is of good uniform size. The color is a bright lemon yellow, with a deep crimson blush spreading over one cheek.

NORTHERN SPY

Large, striped crimson in the sun, juicy, rich and aromatic, retaining these qualities until late spring or summer. The tree grows rapidly, bears well as it blooms later than most varieties.

RAMBO

The Rambo needs no description; one of the old favorites that has its place on the farm as well as the commercial orchard. Fruit of medium size, greenish yellow, partly covered with red in the sun.

ROME BEAUTY

The great profit maker. An old apple, but one that steadily grows in popularity and is a money maker for growers all over the country. It has an established place in the markets and no orchard should be without this apple. It is large mottled and striped in different shades of red.

STAYMAN'S WINESAP

Champion of all Winesaps. Succeeds wonderfully anywhere. The fruit is medium to large; attractive green and yellow, almost hidden by dark red stripes. Flesh yellow, juicy, quality the best, ranking with the Yellow Newton and the Grimes Golden.

WINESAP

One of the old standbys. It is one of the very best keepers. Medium size, smooth and a fine dark red; flesh yellow, crisp, tender, very juicy aromatic firm and very good. Popular with fruit stores because it always holds up and is one of the leading export apples.

WEALTHY

The best money maker of its season. Bears early. Tree has proven hardy, vigorous and healthy. The fruit is a brilliant red distinctly marked with narrow stripes and splashes of deeper red. The quality of the fruit is superb.

WOLF RIVER

A large, handsome apple, and originated on the banks of the Wolf River at Fremont, Wis. Very hardy variety, strong, vigorous grower with spreading habit. White flesh, tender, peculiar spicy, slight quince-like flavor.

YELLOW TRANSPARENT

The earliest summer apple. The greatest home or market apple, the money-maker of summer apples, known to net over \$750.00 per acre annually. By many this is considered the best of all extra-early apples. Always brings the best prices.

YORK IMPERIAL

An important commercial apple. Can be kept till new crop comes. Medium sized, round, irregular; greenish yellow overlaid with bright red stripes; flesh tender, firm, crisp, juicy, extra good flavor. Tree is a vigorous grower.

CRAB APPLES TRANSCENDENT

This is the largest and best for jellies. The tree is extremely hardy, good grower, very productive. The fruits are about one and a half to two inches in diameter. Bright yellow striped with red, flesh crisp, juicy and sub-acid. August to September.

WHITNEY

The tree is a hardy, thrifty, upright grower, and comes into bearing when young; it is a very productive variety. The flesh is yellowish, crisp, juicy and splendid for eating and cider. August and Sept.

Delicious Apple Tree in bloom

PEAR TREES — The Quality Fruit

Will grow and do well in all conditions. Very pretty in bloom and out. Grow to be very old, some bearing at an age of 100 years. Kinds offered below are the best in cultivation.

PREPAID PRICES OF ALL PEAR TREES

Size	Each	5	10	25
3 to 4 ft.	60c	\$2.90	\$5.10	\$12.00
4 to 5 ft.	65c	3.10	6.00	14.00

BARTLETT—One of the most popular sorts, both for home and market. Has large, handsome waxen yellow, with red blush; flesh buttery, rich and juicy, highly flavored for canning. Ripens in August and September. **1-CENT Sale** Special price on Bartlett pears, 4 to 5 ft. in lots of 2; 65c each, 2 for 66c.

CLAPP'S FAVORITE—Fruit handsome, large, long, yellow, spotted dull red where exposed to the sun; flesh fine-grained, juicy, rich, sweet flavored. It resembles the Bartlett. The tree is a vigorous grower, hardy and productive. Ripens in August.

DUCHESS D'ANGOULEME—This is the largest among our really good pears. The skin is a dull greenish-yellow; flesh white, melting, juicy and well flavored. The tree is a vigorous grower and a reliable bearer. A profitable market variety and fair for home use. Ripens in October and November.

FLEMISH BEAUTY—One of the best varieties of pears for the southwest, on account of its hardiness. The tree is a strong grower, an annual and abundant bearer, and is usually successful over a large range of country. The fruit is large; the skin pale yellow; the flavor is sweet and melting. Ripens in September and October.

KIEFFER—On account of the excellent keeping qualities it is one of the best and most profitable market varieties. The trees are not troubled with scale and seldom fail to bear a good crop. Trees bear young. October and November.

SECKLE—This well known little pear has attained the rank of standard in quality on account of its rich delicious flavor; very popular for dessert. August and September.

SHELDON—A pear of the finest quality; rich and highly aromatic. The fruit is greenish russet with a red cheek; large size and somewhat flattened shape. Ripens in September.

PREPAID PRICES ON PEACH TREES

Size	Each	5	10	25	100
2-3 ft.	20c	\$0.98	\$1.90	\$4.50	\$17.00
3-4 ft.	30c	1.40	2.50	6.00	23.00
4-5 ft.	40c	1.90	3.70	9.00	34.50

EARLY CRAWFORD

A magnificent large yellow peach of good quality. Early in September.

LATE CRAWFORD

A superb, large yellow peach. Late September.

J. H. HALE

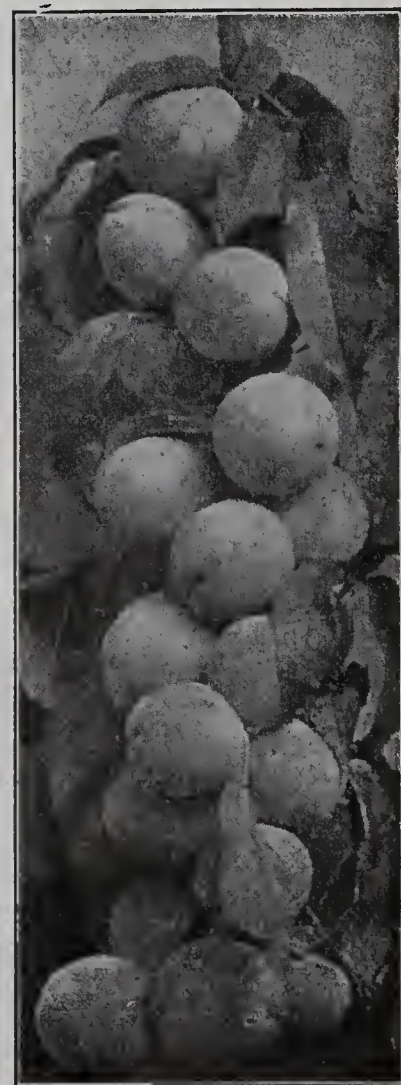

This remarkable peach, discovered as a chance seedling, by J. H. Hale, is a wonderfully fine peach, magnificent in appearance and delightful in flavor. The tree is enormously productive and the fruit is of larger size than the Elberta. Color a deep, golden yellow overlaid with bright carmine. Smooth, solid, thick skin, a peach without the fuzz, absolutely distinct in this respect, it stands in a class alone.

ROCHESTER

A yellow freestone variety having the exceptional merits of being early (ripening about Aug. 10), extraordinary sweetness and early bearing. Fruit is large, yellow, sweet, juicy and of delicious flavor; keeping and shipping well; skin prettily blushed. Tree is strong growing and hardy, an annual and prolific cropper.

SALBERTA

A highly successful cross between Salway and Elberta, conserving the size, quality and productiveness of Elberta for the more profitable two to three weeks later picking due to Salway's influence.

Elberta Peaches

Bartlett Pear

PEACH TREES

The nature and quality of the Peach is so well and universally known that it needs no word of introduction or commendation from us. Its importance as one of the necessary luxuries of the home is keenly felt by every family and was never more emphasized than at the present when the scarcity and high prices put it beyond the reach of every one, who does not have his own trees.

It is well to plant a good assortment of early, medium and late varieties thus insuring a long season of delicious fruit for canning, table or for market.

All of our varieties are standard quality but we especially recommend to our patrons those we describe most fully, because we know that these varieties will give them the best returns.

BELLE OF GEORGIA

A large freestone peach, a most excellent variety, ripens early and most attractive in color and shape, with a light red cheek. Flesh is white, firm and delicious.

CHAMPION

One of the finest freestone peaches. The fruit is large, creamy white, with a red cheek. The flesh is sweet, juicy, very high quality, and of excellent flavor.

ELBERTA

1-CENT Sale The old reliable peach, of which more are planted and from which more money has been made than from any other variety. The fruit is extra large; golden yellow, with brilliant shades of red; firm, juicy, rich and sweet. In fact it is the most popular of all the freestones and hardy; thrives in widely different localities. Special price on Elberta peach trees only in lots of 2 and in 3 to 4 ft. size at 30c each, 2 for 31c, prepaid.

EARLY ELBERTA

Ripens about a week earlier than Elberta; otherwise the same, or a trifle better quality.

Early Richmond

CHERRY TREES

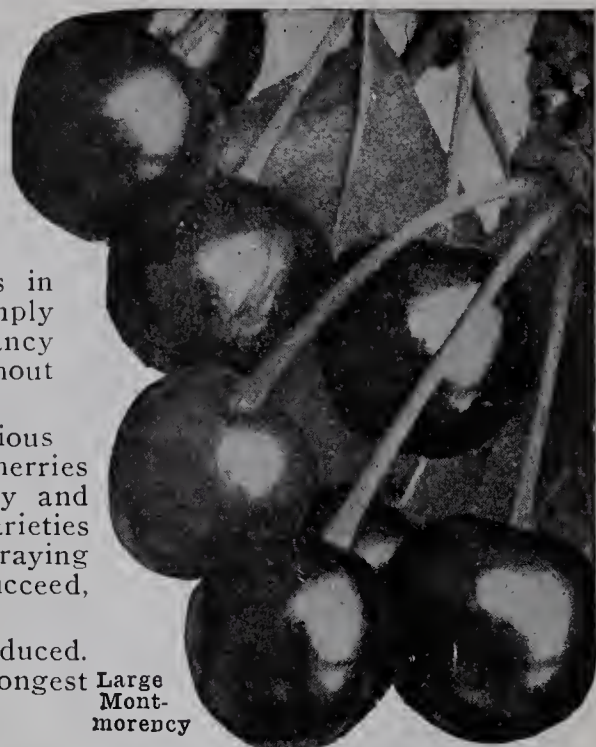

A good cherry orchard for commercial purposes is one of the most profitable ventures a farmer can undertake, because there is no other fruit so much in demand at such good prices. The trees are very thrifty and prolific, bearing large crops annually.

The fruit is easily picked and it is always in great demand in its season, brings prices amply sufficient to repay the investment and give fancy profits. No home orchard is complete without some cherry trees.

There is no fruit which makes more delicious preserves and housewives appreciate the value of a good supply of canned cherries for winter pies, puddings, and other desserts. Cherry trees are naturally hardy and are infected by fewer diseases than any other fruit tree. The so-called sour varieties are hardy, vigorous and frost resisting and are never troubled with scale but spraying is of course beneficial to the trees. They are easily grown wherever apples succeed, and are late bloomers.

Our cherry stock is the best selected varieties and as fine as can be produced. They are all budded on imported Mahaleb stock, which makes the best and longest lived trees.

Large Montmorency

PREPAID PRICES ON CHERRY TREES

Size	Each	5	10	25
2 to 3 ft.	35c	\$1.65	\$3.20	\$7.60
3 to 4 ft.	50c	2.25	4.60	9.60
4 to 6 ft.	60c	2.75	5.00	11.00

BLACK TARTARIAN

A beautiful, purplish cherry of superb quality, rich and juicy. This remarkable tree makes a beautiful erect growth. A prolific bearer. Late June and July.

DYEHOUSE

Bright, red, prolific bearer. The fruit is mildly sub-acid, excellent variety for canning, good shipper. Free and vigorous. Last of May.

EARLY RICHMOND

Unsurpassed for cooking. The tree is a free grower and reliable producer. The fruit is medium, dark, red, juicy and has an acid flavor. June.

GOVERNOR WOOD

The standard of quality among the sweet cherries. The large, light red fruit hangs well on the tree and does not rot easily. The fruit buds are hardy and the tree is a stout healthy grower, and an abundant bearer. June.

LARGE MONTMORENCY

Several different strains come under this variety or name; all of them are good, but we consider this particular strain one of the very best of the sour cherries, and it should be largely planted in every orchard. The fruit is large, dark red, and handsome. 3 to 4 ft. 50c, 2 for 51c.

YELLOW SPANISH

Large, handsome, sweet cherry with light red cheek, firm and delicious. Tree vigorous in growth and productive. Late June.

Abundance

PLUM TREES

A BEAUTIFUL AND ORNAMENTAL TREE FOR A CITY LOT

Plum trees often called the poor man's tree because they require so little room to grow and are always such prolific bearers. The market's demand for high grade plums is almost unlimited, and for dessert, cooking and canning no fruit is more delicious.

ABUNDANCE

A beautiful yellow, heavily overspread with purple-carmine; large to very large; the flesh is yellow, very juicy, sweet and quite firm; skin tough. The tree is a strong, thrifty grower, very hardy and prolific. The fruit stands shipping well to distant markets. July.

BRADSHAW

Remarkably good early plum. This variety is a very large dark red. The flesh is yellow, juicy and good. A valuable market variety. The tree is an erect, vigorous grower. Middle of August.

GERMAN PRUNE

One of the oldest varieties. The tree is vigorous in growth and productive. Large, purple fruit that is firm, sweet and delicious. A freestone. September.

LOMBARD

A favorite for canning and culinary purposes. Of medium size, oval, violet-red. Flesh is yellow, juicy, pleasant and good. Adheres to the stone. Good market variety. The tree is strong and productive, bearing when quite young. Ripens late in August.

PREPAID PRICES ON PLUM TREES

Size	Each	5	10	25
2 yr., 4 to 5 ft.	50c	\$2.40	\$4.50	\$10.00
2 yr., 5 to 6 ft.,	65c	3.00	5.50	12.85

MOORE'S ARTIC

Purplish black plum with a thin bloom. Small to medium; flesh juicy, sweet and fine flavored. Healthy, regular and abundant bearer. August.

GREEN GAGE

Fine variety for canning. Fruit is large, roundish oval, greenish yellow, spotted with red; flesh yellow, juicy, rich, and of the finest quality. Special price in lots of two in 4 to 5 ft. only. 60c each, 2 for 61c.

SHIPPER'S PRIDE

A large, showy plum, frequently reaching a diameter of two inches. It is a dark purple in color of the Damson type. The flesh is sweet and firm. Good shipper. Sept.

YELLOW EGG

A beautiful yellow egg shaped plum of the largest size, the flesh is yellow, and is somewhat coarse; always clings to the stone. This is an excellent variety for canning and always brings a good price on the market. The tree is a prolific bearer and a good grower. Late August.

Green Gage

Dwarf Pears

DWARF FRUIT TREES

The dwarf fruits are not merely so common or well known as they are in Europe or as they should be here. The fruits are just the same as on the standard varieties. The only difference is, the trees or plants do not take so much room as many of them may be trained on the fence, or even along the side of a building if necessary. They also come into bearing much earlier than the standard sorts. It is possible to plant three to five hundred dwarf trees on a quarter of an acre of ground, where less than a dozen standard varieties would flourish. The dwarf fruit trees also work more readily into a scheme of more or less ornamental gardening, where fruits are combined with flowers, especially if some sort of formal gardening is attempted. The cordon, espalier and pyramids exactly suit these demands.

PREPAID PRICES ON ALL DWARF FRUITS

Kind	Size	Each	5	10
Dwarf Apple	3-4 ft.	\$0.50	\$2.20	\$4.00
Dwarf Apple	4-5 ft.	.65	3.10	6.00
Dwarf Pear	3-4 ft.	.50	2.20	4.00
Dwarf Pear	4-5 ft.	.65	3.10	6.00
Dwarf Peach	3-4 ft.	1.00	4.00	9.00

Dwarf Apples

DWARF APPLES

Dwarf Apples are produced by grafting the variety desired onto the dwarf parasite stock, raised for this purpose. Plant one-year-old trees. They will develop into any shape tree you wish to train them and will produce the fruit in a very few years. In fact, one-year-old trees often produce fruit in the nursery rows the second year.

VARIETIES OF DWARF APPLES
Baldwin, Jonathan, Stark, Wealthy, Yellow Transparent, Golden, E. Harvest, Delicious, Red Astrachan.

DWARF PEARS

The Pear is very profitably grown as a "dwarf". These pears differ from the standards inasmuch as they are propagated on a quince root, which makes it slow growing and dwarfish. The fruit is the same in either case. The quality and appearance of the fruit will convince anyone that they are excellent to plant.

VARIETIES OF DWARF PEARS
Duchess, Bartlett, Seckel, Kieffer, Flemish Beauty, Wilder, Clapp's Favorite.

DWARF PEACHES

For quick bearing fruits we have nothing that will equal a Dwarf Peach Tree. They are very beautiful when in bloom and give the appearance of a tall shrub rather than a tree. They are very good bearers of a high quality fruit. Just the thing for tall screens or for backgrounds in your shrubbery planting.

VARIETIES OF DWARF PEACHES
Elberta, Rochester, Crawford.

MAKE MONEY BY GROWING

YOUNGBERRIES

The Youngberry has achieved the greatest success ever scored by any of the berry family. It not only bears very heavily, but the fruit is easy to handle, is very attractive, ships well, keeps well, cans well, and has so many commercial possibilities, and fits in so well in the home garden, that everybody should be interested in having a few vines or a commercial planting.

The Youngberry (Young Dewberry) is the result of the careful and patient efforts of Mr. Young in crossing the phenomenal (Loganberry) and the Texas Dewberry. He has given the world its choicest bush berry with characteristics in size, appearance, flavor and general usefulness that have opened new possibilities in berry culture.

QUALITY COUNTS AND MAKES THEM SELL

Youngberries are universally liked and easily grown. They are among our largest berries of dark wine color,

have a minimum of seeds, are highly flavored, and yield a rich looking, cherry colored juice. In the home garden you will find that more fruit will be produced from a few youngberry bushes than most any other that will grow in the same amount of space.

Youngberries thrive where any other bush fruit grow but do best in states the same latitudes as Ohio and South.

20,000 BASKETS TO THE ACRE

The Youngberry has been tested and for three seasons the yield has been measured at 20,000 boxes per acre.

Figure it out for yourself. Growers received 10 to 12½ cents per basket at roadside stands. At only 5 cents per box the return is \$1,000 per acre.

The Youngberry thrives in California, throughout the Coastal states, and in all other berry growing climates.

BIG CANNING COMPANY TESTS YOUNGBERRIES

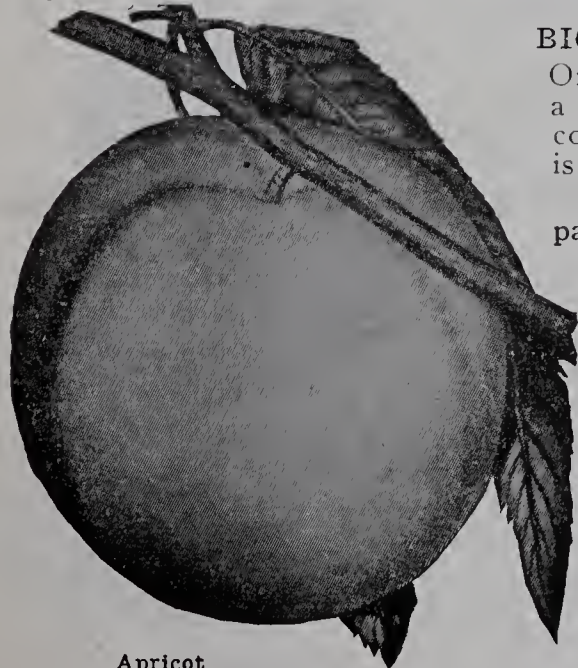

One of the largest nationally known canning companies made a test run on Youngberries and pronounce them superior in color, flavor and richness of juice. When quantity production is reached the canners will be glad to get them.

Price, 25c each, 2 for 26c; 12 for \$2.00, 24 for \$2.01. Prepaid.

HARDY APRICOT

A real hardy apricot. Imported from Hungary a few years ago. Comes into bearing very young and seldom misses a crop. Quality of fruit is excellent and good sized. Beautiful in bloom and when tree is in fruit. Now offered for the first time. Prices 4 to 5 ft. \$1.00; 5 for \$4.00, prepaid.

NOTICE—If you are interested in planting an orchard we will be glad to assist you with advice. Let us quote you special prices on large quantities.

Apricot

Youngberry

GRAPE VINES

AT PREPAID PRICES

One of the most satisfactory crops that can be grown because it can be depended upon practically every year, and can be grown almost any where, but to produce the finest specimens, they should be cultivated and pruned.

Worden

OUR LOW PREPAID PRICES ON 2 YR. GRAPE VINES					
2 Year Old	Each	5	10	25	100
All Varieties	20c	90c	1.75	4.00	14.50

AGAWAM—Deep red or maroon. The large meaty berries which are borne in extra large, loose-shouldered bunches, are juicy and of a delightful aromatic flavor. Ripens about with Concord or a trifle later. Vine a strong healthy grower.

BRIGHTON—This variety has been regarded as the highest in quality of all hardy grapes. The berries are wine red, like Caco, but not so large though the bunch, if anything, is larger. Ripens in midseason.

CONCORD—From sheer merit the Concord has become the most popular grape in the United States. Taking the country as a whole, more Concord are now in bearing than of any other variety. No other grape succeeds over such a wide area or in so many different soils. It is the standby in grapes. New varieties may come, but they have to work hard to reach the Concord standard for market purposes. Matures early, keeps well, ships well and sells well. Bunches big, berries are juicy, sweet and delicious. Special price on Concord only. 20c each, 2 for 21c, 10 for \$1.75, 20 for \$1.76, 100 for \$14.50, 200 for \$14.51, ppd.

CATAWBA—If you asked some of the big Grape growers "Which is the best red variety?" the answer would be "Catawba" There would be good reasons for the answer too. It is last to ripen; the bunch and berries are large; the flesh is juicy, pulpy, and possesses a delightful sugary flavor.

MOORE'S EARLY—The most reliable very early variety and is proving immensely profitable to commercial growers. Medium bunch, berry large, jet black with purple bloom, ripens fully two weeks earlier than Concord.

NIAGARA—The standard white Grape. Both bunch and berries are large to very large, handsome, and well formed. The flesh is firm, juicy, without much pulp; flavor is of the very best, and does not resemble any other sort. The vine is hardy, vigorous and extremely productive. Frankly speaking, it is hard to describe Niagara, so numerous are its points of superiority. The best way is to try some yourself. Plant the vines anywhere. Do it this year.

WORDEN—A black grape that resembles Concord closely but with more tender pulp, higher quality, and ripens a week to ten days earlier. It is also a little larger in both bunch and berry than the Concord.

POCKLINGTON—A very handsome Grape of extra large size. Bunch large and compact; flesh juicy with considerable pulp; flavor sugary, and delicious. Vines are extremely healthy and hardy. Pocklington is perhaps the most beautiful Grape in cultivation.

SALEM—Bunch large and heavy; berries round and an inch thick; flesh tender; flavor sweet, aromatic. For table it is hard to beat. Salem ought to be in every garden and small vineyard.

Palmetto

RHUBARB
MYATT'S LINNAEUS —

Leaf stalks long, large, tender, juicy, produced quite early. Cellar-grown rhubarb with beautiful pink, tender stalks may be enjoyed in March by anyone who will devote a little time to it. In the fall a number of roots are packed together with rich soil in some cool, dark cellar. After the crop has been cut, the roots are replanted in the garden to regain their vigor for the next year's forcing. Price, 5 for 65c, 10 for 66c.

ASPARAGUS PLANTS
AT LOW PRICES

Price, 25 for \$1.00; 100 for \$2.00; 1,000 for \$10.00. Ppd.

It is not necessary to tell the good qualities of the Asparagus, as it is known to everybody. Dig up the ground deep, put on plenty of well-rotted manure, thoroughly mixed in the soil, throw out a bed about four to five inches deep, lay the plants in by spreading the roots out well, and scatter the dirt over the plants about four inches, or the depth of the ground thrown out, press the dirt well around the plant by patting it down with a spade or shovel. Keep the crown of the Asparagus cut regularly so it will not get too large and woody.

PALMETTO—In large markets this Asparagus brings the highest prices on account of the size, and beautiful appearance of its stalks. Some years it is on the market several days before other varieties.

WASHINGTON—A new rust resistant pedigreed Asparagus. As a standard variety for the production of fancy Asparagus for the home or market, it stands ahead of all others in size, vigor, tenderness and quality.

Washington

Blower Blackberry

BLACKBERRIES

The Blackberry thrives well in almost any soil but to reach perfection demands a strong loam tending towards clay, rather than sand. Planting is best done in the spring. The pruning of the blackberry is not a difficult task, yet success depends upon the proper method. Pinch back canes when 3 or 4 ft. high. It is best not to allow more than 3 or 4 canes to a hill.

PREPAID PRICES ALL BLACKBERRIES

10 for 50c, 25 for \$1.00, 100 for \$3.70. Prepaid

AGAWAM

Fruit medium size, jet black, sweet and tender to the core; a valuable variety for home use, being sweet as soon as black.

BLOWER

Originated in the celebrated small fruit belt of Chautauqua Co., N. Y. where it has been thoroughly tested for several seasons. Claimed to be the hardiest, most productive, finest quality, and to bring on the market the highest price of all blackberries. Large size, jet black, good shipping properties, best quality, and unexcelled productiveness are main features of this splendid new sort.

ELDORADO

This is a comparatively new variety, and has proven itself to be the best of all blackberries under cultivation. After once fruiting, Eldorado berry growers discard almost all other varieties which they have. It is very hardy, claimed to have no equal in this respect. Fruit very large, jet black, good shipper, good quality, and a great producer.

Eldorado Blackberry

BEST RASPBERRIES

PREPAID PRICES ON ALL RASPBERRIES

10 for 40c, 25 for 85c, 100 for \$3.00

CUMBERLAND

The fruit is large, dark, crimson, firm, sweet, rich, highly firm, a good shipper and one of the most profitable as a market berry. Very choice black cap.

CUTHBERT

Is considered the queen of the market.

as they bring a higher price on the market than any other of the red raspberries. The fruit is large, dark, crimson, firm, sweet, rich, highly flavored and as beautiful as strawberries. This is one of the hardiest of the red raspberries and endures the extreme northern climates or the southern summers with equal vigor and productiveness.

GOLDEN QUEEN —The Most Delicious of all Yellow Raspberries. Finest for the Home Garden. For those who have never tasted a Yellow Raspberry, the Golden Queen will be a delightful surprise, with its delicious, melting flesh, full of creamy juice. It is an ideal variety for the home garden. It is a beautiful berry in appearance, being of the largest size, and a beautiful golden orange color. It is a vigorous, tall upright growing plant, hardy and extremely productive. This is not a new variety, but one that has been thoroughly tested out and we cannot say too much in its favor. For a table berry it has no superior.

LUCRETIA DEWBERRIES

The fruit is very large and always at a premium with the commission men or the open market. If they are planted where they can be cultivated, they should be plowed and in the winter a coarse litter of mulch thrown over them. The vines will grow up through this and keep the fruit from the ground. We are only offering one variety which is considered the best of all Dewberries now in cultivation. Fruit of high quality and very large, often one or two inches long and one inch in diameter. Perfectly hardy and a great bearer. Price, 10 for 45c, 25 for 90c, 100 for \$3.25.

GREGG

Known for many years by more people than is any other raspberry on the market. Large, showy, black, firm, and will ship well. Hardy, vigorous grower. Ripens about mid-season.

KANSAS

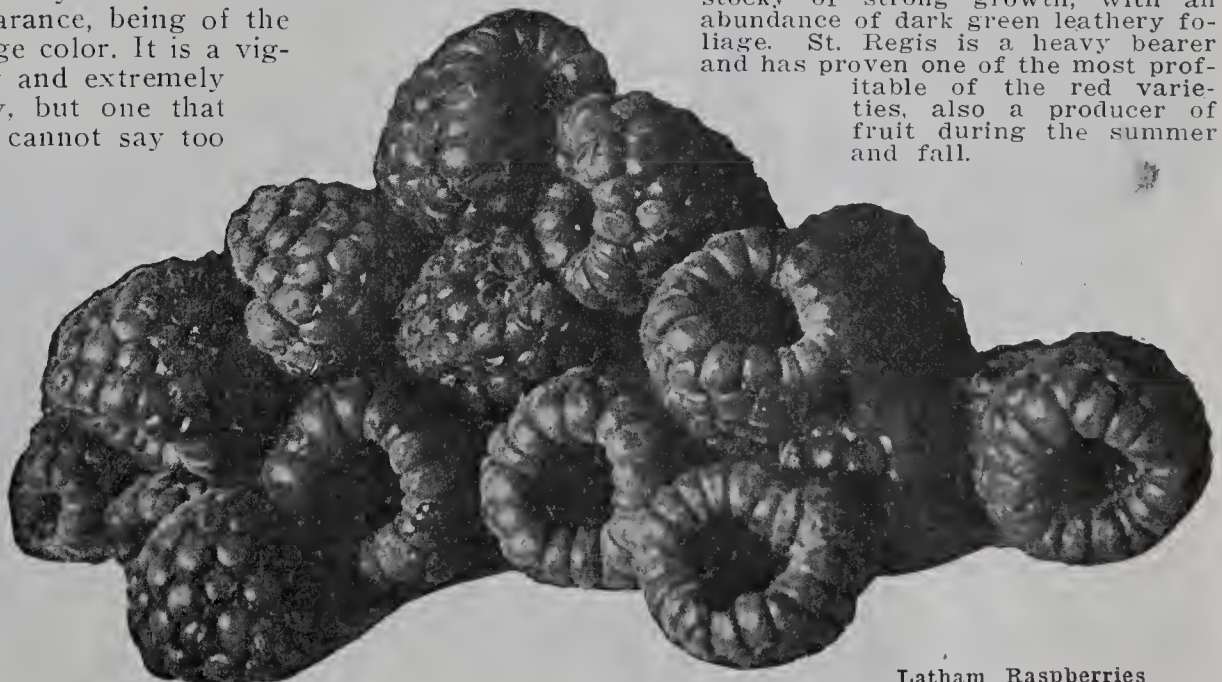

Plants are strong, vigorous grower, will stand extremes of drought and cold weather and still bear large crops. These will grow with less care than any others of the "tip" varieties.

LATHAM

(Everbearing)—Has proved to be the very best of all the everbearing sorts, for most sections. It is a splendid strong growing kind, and produces immense quantities of bright red extra large berries from June until freezing weather.

ST. REGIS

This new raspberry of recent introduction stands in a class alone. It will produce fruit from June until the berries freeze in the fall or early winter. The fruit begins to ripen very early and continues on the new canes throughout the remainder of the summer and fall months. Berries are a bright crimson, good size, rich, sugary, with excellent raspberry flavor. Flesh firm and meaty, a good shipper. Canes stocky of strong growth, with an abundance of dark green leathery foliage. St. Regis is a heavy bearer and has proven one of the most profitable of the red varieties, also a producer of fruit during the summer and fall.

Latham Raspberries

BEST STRAWBERRIES

Aroma

Plant in spring—always the best time. Generous supply of well-rotted manure is a great benefit. Protect plants when received from nursery; never allow roots to be exposed to the sun or wind. Plant in rows four feet apart and eighteen to twenty-four inches apart in row. Crown of plant should never be below surface of ground.

AROMA (Per.)—One of the finest for long distance shipping. The large berries are bright red to the center. Of conical shape, with prominent yellow seeds that help to make them very attractive on the market. The quality is such that it is a leader with many growers.

DR. BURRILL (Per.)—A well known variety that has proven very successful wherever planted. Produces immense quantities of large, very fine deep red berries that have a delightful flavor. The bright yellow seeds make a fine color contrast with the beautiful red fruit. This is one variety that has been a favorite in most all of the states east of the Rocky Mountains and also on the Pacific Coast. The foliage of this variety is very large; the fruit stems strong and erect, holding the large berries well off the ground. We can freely recommend this as being one of the very best berries.

GANDY (Per.)—Another old favorite. Its popularity, instead of decreasing, is steadily increasing. The fruit is dark red with dark red seeds. A very late berry that does best on a heavy clay soil. Considered one of the best by shippers.

GIBSON—The Gibson berry is a beautiful dark red clear to the center, of excellent quality and flavor, firm and will stand shipping as well as any variety we know. The plants yield an enormous crop of fruit, beginning to ripen with the Senator Dunlap and continuing over a long period. Unlike most varieties the Gibson does not become small during the last picking but retain their large size and good quality to the last berry. The plants are long rooted and will withstand much dry weather. Foliage very rank, affording protection for blossoms and fruit, and is dark green in color. Fruit stems large and strong. Plants propagate freely and will make nice, heavy picking rows.

PREMIER—Premier is the earliest worth while strawberry we know of. This feature alone makes it a great money maker, for it yields its fruit crop at a time when strawberries are in great demand and buyers everywhere are willing and anxious to snap up every available quart of Premier paying the highest prices for this fancy, early fruit.

SENATOR DUNLAP (Per.)—The demand for this variety has been increasing steadily, as it has an unusually long fruiting season. It bears immense quantities of large, handsome, rich, fine-flavored, dark red berries, which are uniform in size and shape and very attractive in appearance. The demand for this variety among fruit growers shows that it is coming to the front as one of the best.

NEW MASTODON STRAWBERRIES PRODUCES HEAVILY THE FIRST SEASON

Mastodon, the great strawberry found in Indiana a few years ago, has stood the test in every section of the United States this season. It is now widely distributed and favorable reports come in from everyone who has grown it. Here is a new giant everbearing that will start to produce an abundance of good fruit within three months after planting and continue to bear fruit until frost. The Mastodon has proven itself far superior to other everbearing varieties in many ways.

1. Fruit is almost double the size of the common everbearers.

2. Produces a heavy crop in the spring and another in late summer and early fall. Other everbearers yield only a fair crop in the spring.

3. Plants are more thrifty.

PRICE ON MASTODON STRAWBERRY—25 for \$1.00; 100 for \$2.75; 500 for \$8.00; 1,000 for \$14.00.

PRODUCTIVE LANDSCAPE GARDENING

Today, when our customers are looking more closely to the value of things they buy, a few words on the above subject should prove food for thought.

Who has ever seen a more beautiful flowering tree than a plum or peach in full bloom, and more poetry has been written about apple trees in blossom than any other flowering tree.

Then too, lots of shrubs are planted just because they bear beautiful colored fruits (not edible) and berries. What berries are more to be admired than currants, strawberries, and others we could mention.

So when planning your yard, let us help you plan a productive landscape, one that will not only beautify your grounds, but one that will also provide delicious fresh food for the table, preserves, juices, etc.

WRITE US ABOUT YOUR PROBLEM AND WE WILL BE GLAD TO HELP YOU.

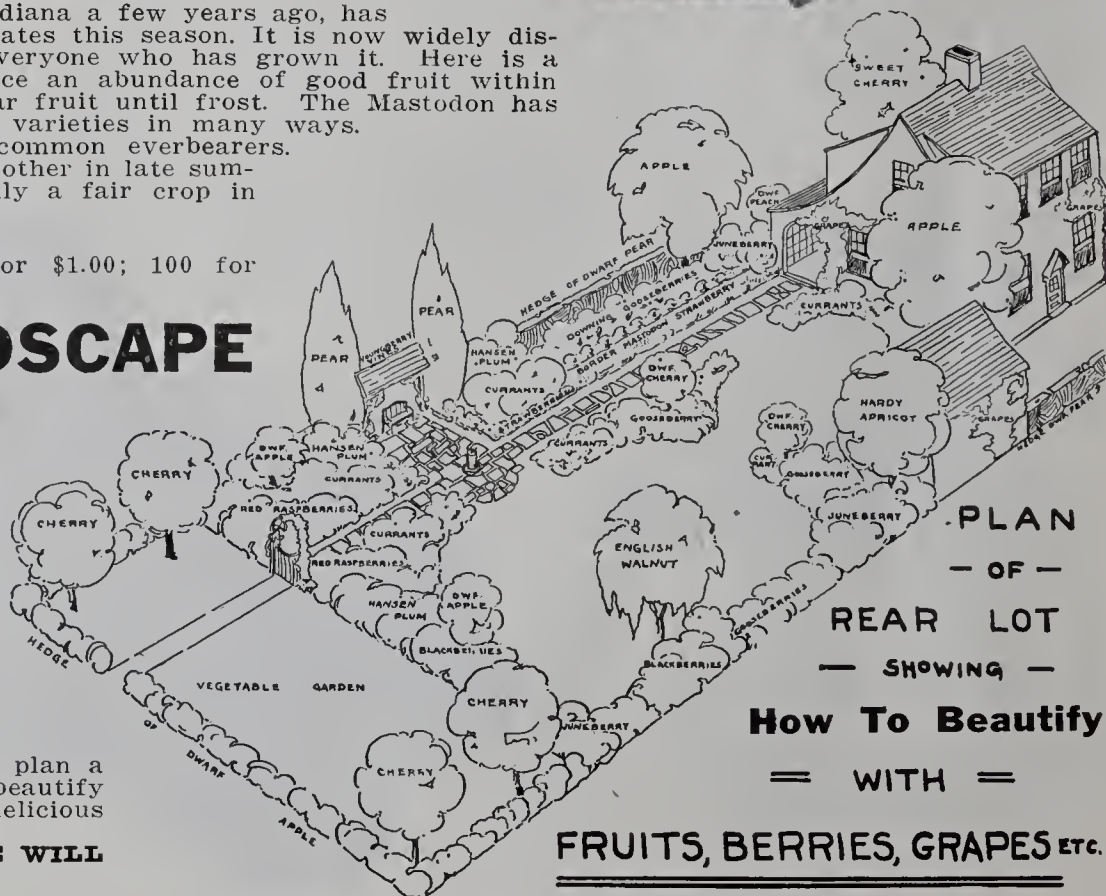

PRICES ON STRAWBERRIES
Sold only in multiples of 25; 25 for 40c; 100, \$1.10; 250, \$2.00; 1000 for \$7.50. Prepaid.

VEGETABLE SEEDS

GREEN POD AND WAX BEANS

BURPEE'S BUSH LIMA—This is the earliest of the bush Limas. It is a tremendous yielder, grows only 18 inches high. Excellent quality. Big packet, 10c; ½ lb., 25c; 1 lb., 50c; 5 lbs., \$2.25. Ppd.

BURPEE'S STRINGLESS GREEN POD—This is the best stringless green pod variety in existence. It is well flavored, a great yielder. Big packet, 10c; ½ lb., 25c; 1 lb., 40c; 5 lbs., \$1.85. Prepaid.

PENCIL POD BLACK WAX—A very fine wax bean of true bush growth, bearing an enormous crop of pods, the beans measure 6 to 7 inches in length. Early maturing of a bright golden yellow color. Pkt., 10c; ½ lb., 25c; 1 lb., 40c; 5 lbs., \$1.60. Prepaid.

FORDHOOK BUSH LIMA—This new dwarf form of the Potato Lima grows stiffly erect, bearing the pods well above the ground. The pods measure 4 to 5 inches and are juicy and sweet in flavor when cooked. Pkt., 15c; ½ lb., 30c; 1 lb., 55c. Prepaid.

GIANT STRINGLESS—The pods are nearly round and in color a light green. Pkt., 10c; ½ lb., 25c; 1 lb., 45c; 5 lbs., \$1.80. Prepaid.

KING OF THE GARDEN—Best of the Lima pole varieties. A strong grower and large podded. Pkt., 10c; ½ lb., 25c; 1 lb., 45c. Prepaid.

BOUNTIFUL—One of the best all-around bush beans in cultivation. Very hardy. The flat green pods are strictly stringless. Pkt., 10c; ½ lb., 25c; 1 lb., 45c; 5 lbs., \$1.80. Prepaid.

OLD HOMESTEAD OR KENTUCKY WONDER—It is an enormous producer, the long pods hanging in great clusters along the entire vine. Seed dark brown. Price: Big packet, 10c; ½ lb., 25c; 1 lb., 40c; 5 lbs., \$1.85. Prepaid.

DRY WEATHER OR DANISH GIANT (100 days)—Late variety, drought resister, sure heads, best for pickling. This variety withstands dry weather better than any other sort; heads large, very solid, snow-white, and of the most delicate flavor. Pkt., 10c; ¼ oz., 80c; 3-4 oz., \$1.50. Prepaid.

CELERY

WHITE PLUME—One of the earliest and quickest growing varieties and the most crisp of all. It has white feather-like plumage making it a great table ornament. Price: Packet, 5c; ½ oz., 40c; 1 oz., 75c. Prepaid.

GOLDEN SELF BLANCHING—This is the finest quality seed and as its name implies it is entirely self blanching. The stocks are a rich golden color, stringless and of the finest flavor. Price: Packet, 10c; ½ oz., 60c; 1 oz., \$1.00. Ppd.

SWEET CORN

GOLDEN BANTAM—Flavor is exceptionally sweet. Big packet, 10c; ½ lb., 25c; 1 lb., 45c; 5 lbs., \$2.00. Prepaid.

STOWELL'S EVERGREEN—This is an old popular variety, hardy, productive, tender and sugary. Big packet, 10c; ½ lb., 25c; 1 lb., 45c; 5 lbs., \$2.00. Prepaid.

COUNTRY GENTLEMAN—This is sometimes known as shoe-peg from the small peg-like kernels, irregularly placed on the cob. Big pkt., 10c; ½ lb., 25c; 1 lb., 45c; 5 lbs., \$2.00. Prepaid.

CABBAGE

HOLLANDER OR BALLHEAD—The heads are of medium size and very solid. They average in weight nearly 8 pounds. They are just as solid in the spring as when put away in the fall. Pkt., 5c; 1 oz., 35c; ¼ lb., 95c. Prepaid.

EARLY JERSEY WAKEFIELD—This is the earliest and hardiest heading of the early varieties and should be depended upon for the first crop. Our seed is selected, choice stock. Pkt., 5c; 1 oz., 30c; ¼ lb., 85c. Prepaid.

PREMIUM LATE FLAT DUTCH—This is considered to be the best of the late standard varieties. It is a sure header, good keeper. Pkt., 5c; 1 oz., 35c; ¼ lb., 85c. Prepaid.

CUCUMBER

IMPROVED LONG GREEN—When mature will measure 12 inches in length. Pkt., 10c; 1 oz., 25c; ¼ lb., 50c. Prepaid.

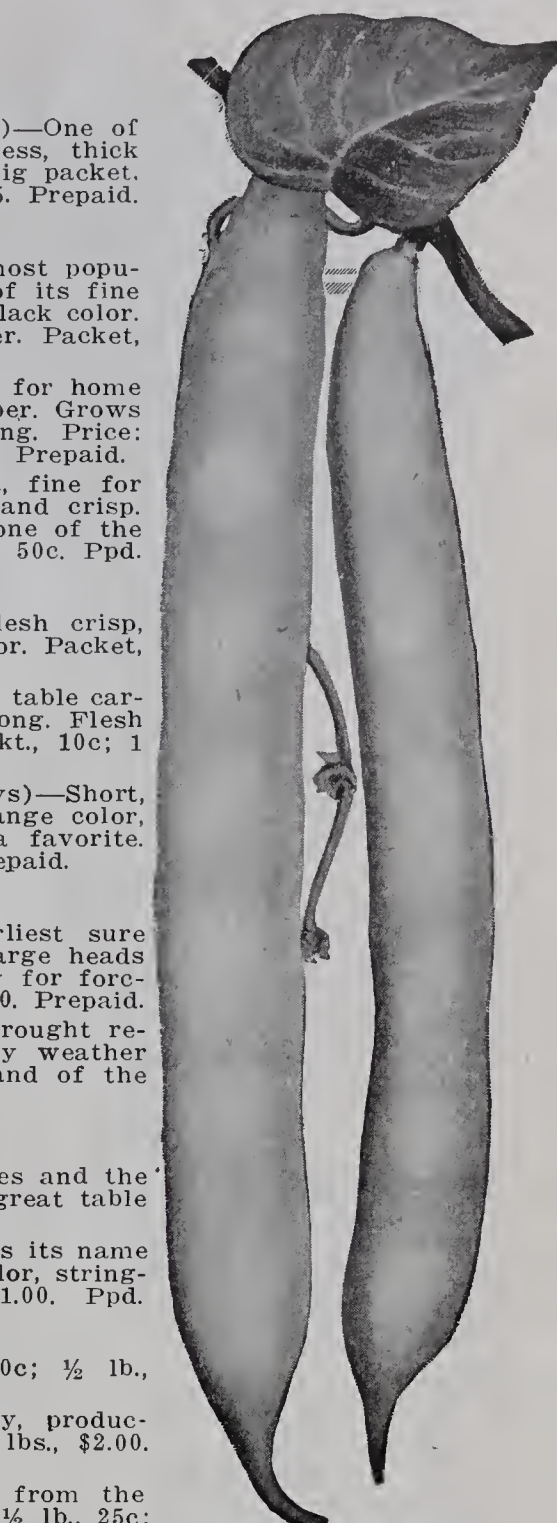

CHICAGO PICKLER—Best known pickling variety. Pkt., 5c; 1 oz., 15c; ¼ lb., 40c. Prepaid.

IMPROVED WHITE SPINE (55 days)—Rich green, very productive continuous bearer. Pkt., 5c; 1 oz., 15c; ½ lb., 45c. Prepaid.

EARLY FORTUNE—Vines very generous and disease resisting. Pkt., 5c; 1 oz., 20c; ½ lb., 60c. Ppd.

MUSKMELON

BENDERS SURPRISE—The Bender melon ripens medium early. Flesh deep orange color, very thick, deliciously sweet and of high flavor. These melons will keep a week after picking and will stand shipping better than any other variety of melon. Pkt., 10c; 1 oz., 25c; ¼ lb., 70c. Prepaid.

Wax Bean

Danvers Half Long

Hollander

Black Beauty

OSAGE—Perhaps the most popular salmon fleshed variety grown; very thick and meaty, excellent sweet flavor. Pkt., 5c; 1 oz., 15c; ¼ lb., 55c. Prepaid.

HONEY DEW—New melon; has become very popular. About 10 inches long, 8 inches diameter; very sweet. Pkt., 5c; 1 oz., 15c; ¼ lb., 50c. Ppd.

HEARTS OF GOLD—Extremely rust resistant, thick golden flesh. Good for market. Pkt., 5c; 1 oz., 15c; ¼ lb., 55c.

**POP CORN**

PERFECTION—A new variety of the Rice Pop Corn; matures very early, medium rice size, kernels deep flesh white; very prolific and of excellent quality. Pkt., 5c; ½ lb., 20c; 1 lb., 35c. Prepaid.

PUMPKINS

SUGAR OR PIE—This is a handsome and very prolific variety, good keeper, sweet in taste. Pkt., 5c; oz., 15c; ¼ lb., 35c. Prepaid.

JAPANESE PIE—A crook-necked variety, deep green with darker stripes, which turn to a rich golden yellow. Pkt., 10c; oz., 20c; ¼ lb., 50c.

SPINACH

BLOOMSDALE—Leaves are crumpled and very hardy. Pkt., 5c; oz., 15c. Prepaid.

TOMATOES

JOHN BAER—Grows to a very large size, free from core and is an attractive bright red. Pkt., 10c; oz., 40c; ¼ lb., \$1.25. Prepaid.

PONDEROSA—In addition to its enormous size this tomato is very solid as it has but few seeds. Pkt., 10c; oz., 60c; ¼ lb., \$2.00. Prepaid.

SPARK'S EARLIANA—Remarkable for its earliness, large size. Leading early market variety. Pkt., 10c; oz., 40c; ¼ lb., \$1.25. Prepaid.

STONE—Fine tomato for main crop for market or canning. Fruit perfectly smooth, of a beautiful red color and very large. Pkt., 10c; oz., 40c; ¼ lb., \$1.25. Prepaid.

SALSIFY

SANDWICH ISLAND—Often called the oyster plant and is one of the most delicious and nutritious of vegetables. Looks something like parsnips. Pkt., 5c; 1 oz., 35c. Prepaid.

LETTUCE

BLACK SEEDED SIMPSON—The best known and perhaps the most used of any other variety of leaf lettuce. It is very early and hardy with thick curly and very tender leaves. Pkt., 5c; 1 oz., 15c; ¼ lb., \$1.00. Prepaid.

GRAND RAPIDS—One of the best forcing varieties, but will do equally well outdoors. Similar to the Black Seeded Simpson only the leaves are more crimped and curled. Price, Pkt., 5c; 1 oz., 15c; ¼ lb., 90c. Prepaid.

BIG BOSTON—The most popular variety of head lettuce both North and South. Heads are large and compact, light green with slightly ruffled edges. Pkt., 10c; 1 oz., 20c; ¼ lb., \$1.20. Ppd.

PRIZE HEAD—Color bright green, is tinged with brownish red. It is of superb flavor, tender and hardy. Pkt., 5c; 1 oz., 15c; ¼ lb., 90c. Prepaid.

ENDIVE

LARGE GREEN CURLED—Endive is very useful as a salad late in the year. Leaves also eaten boiled and are very good. Price: Pkt., 5c; 1 oz., 15c. Ppd.

PARSLEY

DWARF MOSS CURLED—A compact growing and beautifully curled variety, to be used for either outdoors or greenhouse culture. Pkt., 5c; oz., 15c; ¼ lb., 60c. Prepaid.

KOHL RABI

EARLY WHITE VIENNA—A useful cousin of the cabbage; in flavor very much like a turnip. Pkt., 5c; 1 oz., 30c; ¼ lb., \$1.00. Prepaid.

VEGETABLE SEEDS CONTINUED
ONIONS

SOUTHPORT WHITE GLOBE—This variety gets highest market price. Good shaped with clear white skin. Price, big pkt., 10c; 1 oz., 30c; ¼ lb., \$1.00. Prepaid.

DANVERS YELLOW GLOBE—A well known and standard variety, heavy cropper and excellent keeper. Will ripen early, very firm and solid. Big pkt., 5c; 1 oz., 25c; ¼ lb., 90c. Prepaid.

PRIZETAKER (100 days)—The largest but also latest maturing. A yellow, American onion, globular in shape with light yellow color. Big pkt., 5c; 1 oz., 25c; ¼ lb., 90c. Prepaid.

PARSNIPS

HOLLOW CROWN (85 days)—The roots are very long and end abruptly with a tapped root. Pkt., 5c; 1 oz., 15c; ¼ lb., 50c. Prepaid.

PEPPERS

MAMMOTH RUBY KING—The blocky almost scarlet fruits average 4½ ins. in length. Pkt., 5c; ½ oz., 35c. Prepaid.

CHINESE GIANT—The largest of all the peppers. Grows from four to five inches across. Fruits are of a thick, chunky form. Fine for stuffing. Pkt., 5c; ½ oz., 35c. Prepaid.

EGG PLANT

BLACK BEAUTY—This is a very handsome early and prolific variety. The fruit matures very early and very beautiful. Pkt., 10c; 1 oz., 45c; ¼ lb., \$1.25. Prepaid.

NEW YORK IMPROVED PURPLE—The fruit of this variety is remarkably large, often weighing from 5 to 6 lbs. The skin is deep purple. Pkt., 5c; ½ oz., 40c; 1 oz., 70c. Prepaid.

WATERMELONS

HALBERT HONEY—A medium early melon and can be successfully raised in the northern states. One of the best for home use. Pkt., 5c; oz., 10c; ¼ lb., 25c. Prepaid.

KLECKLEY'S SWEET—Skin is rich dark green and the flesh is a bright scarlet and ripens very close to the rind. Pkt., 5c; 1 oz., 15c; ¼ lb., 45c. Prepaid.

COLE'S EARLY—The flesh is bright red, crisp, sweet and of fine flavor, but solid. Pkt., 5c; 1 oz., 15c; ¼ lb., 50c. Prepaid.

SQUASH

HUBBARD—This is a favorite because of its many good qualities. Bakes or boils dry and is very sweet. An excellent market variety. Pkt., 5c; 1 oz., 15c; ¼ lb., 65c. Prepaid.

RADISH

CINCINNATI MARKET—Very fine extra early variety bright red and transparent. Has long smooth root. Packet, 5c; 1 oz., 15c; ¼ lb., 45c. Prepaid.

WHITE ICICLE—This radish grows about 4 inches long, transparent white with short leaves. Packet, 5c; 1 oz., 15c; ¼ lb., 45c. Prepaid.

SCARLET GLOBE—This is the most quickly matured variety. Pkt., 5c; 1 oz., 15c; ¼ lb., 50c. Prepaid.

SCARLET TURNIP WHITE TIP—An early variety. The best of the round varieties. Pkt., 5c; 1 oz., 15c; ¼ lb., 50c. Prepaid.

CHINA ROSE OR SCARLET CHINA—Of medium size, 4 to 5 inches long. Free from any hard fibre or strings. Easily stored for winter. Pkt., 10c; oz., 20c; 4 oz., 45c. Prepaid.

FRENCH BREAKFAST—Extremely early, olive shaped, scarlet with white tip. Crisp when young. Pkt., 5c; oz., 10c; ¼ lb., 25c; 1 lb., 85c; 5 lbs., \$3.75. Prepaid.

PEAS

LITTLE GEM—This is an extra early wrinkled pea, grows about 15 inches high and is a prolific bearer. Big pkt., 10c; ½ lb., 25c; 1 lb., 40c; 5 lbs., \$1.85. Prepaid.

FIRST AND BEST—The pods of this variety are filled with round, smooth peas of excellent flavor. Grows to the height of 2½ ft. Big pkt., 10c; ½ lb., 25c; 1 lb., 40c; 5 lbs., \$1.85. Prepaid.

MAMMOTH MELTING SUGAR—This is the best known edible podded pea. The vines reach a height of 6 to 7 feet. They are broken in pieces the same as stringless beans and make a delicious dish. Pkt., 10c; ½ lb., 35c; 1 lb., 50c. Prepaid.

AMERICAN WONDER—Early wrinkled pea, growing up to 12 inches high and producing well filled pods of the finest flavor. Big packet, 10c; ½ lb., 30c; 1 lb., 55c; 5 lbs., \$2.50. Prepaid.

TELEPHONE—Pods are 4 to 5 inches long with a fine quality of peas. Grows to a height of about four feet. Price: Big pkt., 10c; ½ lb., 25c; 1 lb., 40c; 5 lbs., \$1.85. Prepaid.

TURNIPS

PURPLE TOP STRAP LEAVED—One of the most popular sorts. It is purple or dark red on top with a white base. Pkt., 5c; 1 oz., 15c; ¼ lb., 40c. Ppd.

EARLY SNOWBALL—This pure white variety that is very popular, is considered one of the best white early turnips grown. Pkt., 5c; 1 oz., 15c; ¼ lb., 40c. Prepaid.

PURPLE TOP WHITE GLOBE—This is the most popular turnip grown. Of globular shape. It is early, of rapid growth and an excellent keeper. Pkt., 5c; 1 oz., 15c; ¼ lb., 40c. Prepaid.

Early Snowball

John Baer

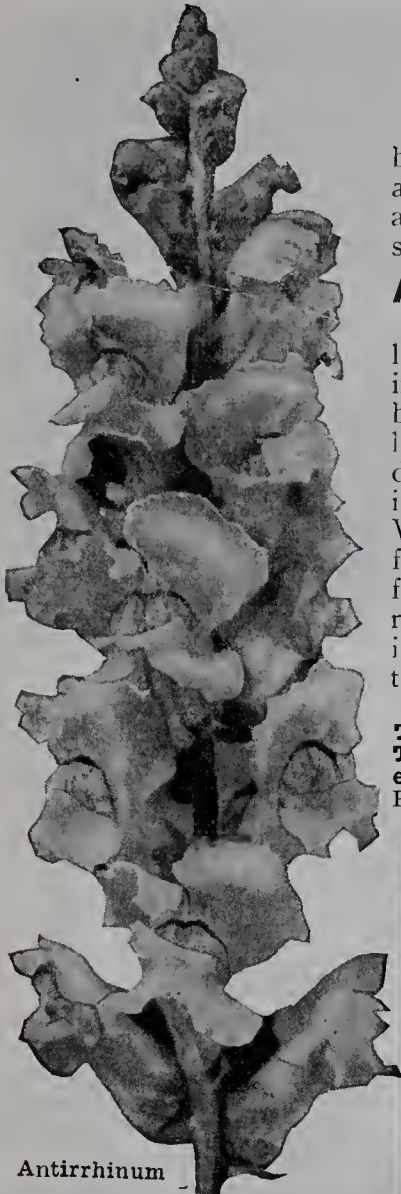

FLOWER SEEDS

Everybody loves flowers and we honestly believe that in no other way can you procure as much flower pleasure and satisfaction, and at such a trifling cost as you can by ordering seeds from this department.

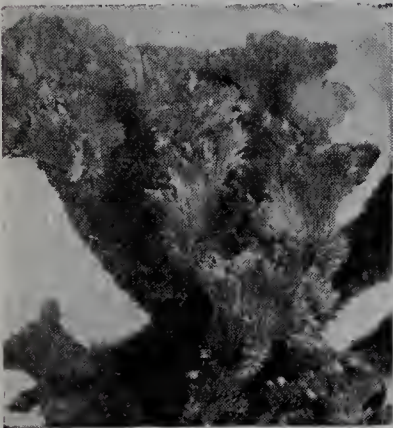

ANTIRRHINUM or SNAPDRAGON

An exquisite showy hardy perennial, that is living for a second and third year, blooming in July if sown early and then on until killed by frost. Among the most showy and brilliant border plants; succeeds in any good garden soil. By cutting off most of the flowering stems and giving a slight protection over Winter, plants will bloom second Summer for four months. Try a few this way. For cut flowers with stems kept in water, Snapdragons retain their fresh appearance for ten days, and in this particular they are very valuable as table decorations. Very easy to grow. Prepaid.

Tall Rose, pkt., 10c; Tall Yellow, pkt., 10c; Tall, Scarlet, pkt., 10c; Tall White, pkt., 10c; Tall Pink, pkt., 10c; Tall, Large Flowering, Mixed, Height, 18 inches. Red, Rose, Yellow, Scarlet Pkt., 10c. Prepaid.

Antirrhinum

Cockscomb

CACTUS SEED

You will be surprised at the pleasure derived from growing Cactus from seed. Seed may be sown in finely sifted sand in flat boxes, which should be kept moderately moist and covered with a piece of glass. Choice Mixed. Pkt., 10c.

Alyssum

Calliopsis

are a perfect mass of bloom from early summer until cut down by frost. Flowers range in color through yellow, golden and crimson colors. Price, Pkt., 5c; 3 pkts., for 10c. Prepaid.

COSMOS

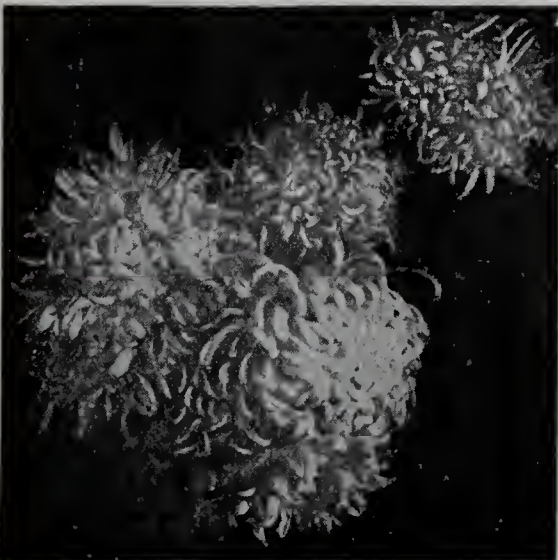

NEW DOUBLE FLOWERING—The best variety of the Cosmos and blooming early. The flowers are full, double and crested. Mixed colors. Pkt., 20c; 3 for 50c.

CHRYSANTHEMUMS

Of all the annuals these pretty flowers perhaps hold the leading position. They are beautiful in beds and borders and good for window boxes or cutting. They also make useful pot plants and when used for this purpose they should be sown under glass or indoors. They grow to a height of 1 to 1½ feet. Pkt., 5c; 3 pkts., 10c, ppd.

CANDYTUFT

WHITE ROCKET—One of the oldest annuals in existence and more popular than ever. It grows from 4 to 5 inches high, which makes it an exceptionally fine border plant. It is perfectly hardy, easily grown, extremely fragrant. Is splendid for cut flowers which the plants produce in wonderful profusion throughout the whole season. Pkt., 5c; 3 pkts., 10c, ppd.

Chrysanthemum

SWEET ALYSSUM

A fine old fashioned flower appreciated by everyone, especially by those requiring a good pure white edge to their garden or a good plant for rock work or hanging baskets. Price, pkt., 5c; 3 pkts., 10c. Prepaid.

ASTERS

CREGO'S GIANT

Flowers are very large, often measuring 5 inches in diameter.

One packet each above for 60c, prepaid.

QUEEN OF THE MARKET

These Asters are the first of all Asters to bloom and are excellent for cutting. Mixed colors. Pkt., 10c; 3 for 25c. Prepaid.

AGERATUM

One of the best summer blooming plants grown from seed. They are rapid growers, early and constant bloomers. During the hot, dry summer months their bright flowers are produced in the greatest profusion. The taller sorts are useful for cutting.

BLUE PERFECTION. 9 in.—The darkest Ageratum grown from seed. Pkt., 10c; 1-8 oz., 25c.

BACHELOR'S BUTTON

They bear their artistic flowers on long stems and will last a long time after being cut making it an ideal plant for cut flowers. Price: Pkt., 5c; 3 pkts., 10c. Prepaid

BALSAM

CAMELLIA or LADY SLIPPER—Not only one of the most beautiful flowers, but also one of the easiest to grow. The branches make perfect pyramids of bloom and under good conditions carry as many as 500 blooms to the plant. They are strained and are of the most gorgeous colors and a bed of these is truly a remarkable sight. Price: 5c; 3 pkts., 10c. Prepaid.

CALLIOPSIS or COREOPSIS

(Large Flowered Mixed)—One of the easiest grown of the garden annuals. These new sorts form perfect little bushes about 10 inches high by 1 foot across and

Aster, American Beauty, White

COCKSCOMB

A very attractive annual. The crested heads of flowers resemble a cock's comb. The plumed heads are like great feathers. Sow the seed directly in the garden or start early and transplant. Price: Pkt., 10c; 3 pkts., 25c. Prepaid.

OSTRICH PLUME—Bears Feathery plumes of bloom like ostrich feathers of pampas grass. Plumes 1-2 ft. and all colors from deep yellow to deep rich crimson. Pkt., 7c.

HELIOTROPE

Both the flowers and foliage of this plant are deliciously fragrant. They are easily raised from seed and spring planting will give you fine summer blooming plants. Are very good for cut flowers. Price: Pkt., 10c; 3 pkts., 25c. Prepaid.

HOLLYHOCKS

DOUBLE FLOWERING—This is comparatively a new variety and flowers very quickly from seed. Plants from seed sown in May will bloom in July and will flower profusely until frost. They are very beautifully formed and there is a great variety of colors, including maroon, pink, rose, crimson, white and scarlet of dainty and exquisite blending. Pkt., 10c; 3 pkts., 25c. Prepaid.

KOCHIA

CYPRESS or MEXICAN FIRE BUSH—This splendid annual plant grows very quickly from seed sown in the open ground, as soon as weather permits in the spring. These plants also make attractive globe-shaped bushes as large sometimes as 3 ft. high and 2 ft. across. Leaves are slender and are a light pea green color until September, when they become carmine or blood red in color. At the same time the ends of branches are thickly set with small bright scarlet flowers and produces a very striking effect. Price: Pkt., 5c; 3 pkt., 10c. Prepaid.

NEW LACE FLOWER

Unique Annual of Alice Blue Shade. Flowers excellent for cutting. Gives a touch of color to garden not found in any other flower. Resembles Queen Ann's lace. Pkt. 25c.

LOVE-IN-A-MIST

NIGELLA—This beautiful annual is very pretty, interesting and easy to grow. The foliage is fine and feathery and the flowers are most in shades of blue. They are very good for cut flower purposes. Price: packet, 5c; 3 pkts., 10c, prepaid.

LARKSPUR

DWARF ROCKET—One of the easiest flowers to grow and certainly one of the prettiest. It is the Annual Delphinium, grows 1½ to 2 feet high. It is especially fine for cut flowers and produces blue, rose, white, pink, carmine and purple flowers. Do not miss the real pleasure to be derived from these beautiful plants. Price: Pkt. 5c; 3 pkts., 10c. Prepaid.

MOLTEN FIRE

Unusual Brilliant Foliage Plant. Bushy plant with broad leaves, of clear glistening fiery crimson. Very attractive. Easily grown. Pkt. 25c.

NOTICE

Let our Landscape Department help you plan your grounds. Expert advice at no cost to you.

Mourning Bride

MOON FLOWER

MOON VINE—This is a splendid annual climber of most rapid growth. It has beautiful flowers of various colors. Often grows 30 feet in a year. It blooms on cloudy days and at evenings. Good for terraces, verandas and for covering unsightly objects. The seed should be soaked in water 34 hours and a notch cut in the end of the seed before planting. Price, 10c; 3 pkts., 25c. Prepaid.

AFRICAN MARIGOLD

The old fashioned favorites are annuals of the easiest cultivation. This type is the enormous flowered one, blooming very large in showy orange or lemon shades. The flowers are as regular and perfect as the Dahlia. For a garden display during the summer and fall nothing can surpass it. Orange—Large, very double flowers. Lemon—Large, very double flowers. Price, Pkt., 10c; 2 for 15c. Prepaid.

MOURNING BRIDE

An old fashioned but most attractive flower. Its great abundance and long succession of richly colored, fragrant blossoms on long stems make it one of the most useful decorative plants of the garden. Desirable for cutting as well as for beds and borders. Flower heads about two inches across; flowers double, surrounding the thimble shaped cone, giving a fancied resemblance to a pin cushion.

DOUBLE MIXED—Colors include deep and light purple, scarlet, pure white and dark mulberry. Pkt., 10c; 3 for 25c. Prepaid.

MORNING GLORY

JAP GIANT FLOWERING—The flowers of this variety are of enormous size with beautiful colorings and markings that are quite beyond description. They include every shade and color from snow white to deep purple. Price, pkt., 5c; 3 pkts., 10c. Prepaid.

NASTURTIUMS

GIANT FLOWERING TALL—This fine strain contains a wealth of color, from crimson and rose to yellow, orange, white, spotted, etc. Very fine for bedding. Pkt., 5c; oz., 15c. ¼ lb., 40c. Ppd.

GIANT FLOWERING TOM THUMB—Very best dwarf nasturtium and are among the easiest plants to grow. They reach a height of 10 inches to 1 foot, are completely covered with mammoth flowers measuring from 2 to 3 inches across. Pkt., 5c; 1 oz., 15c; ¼ lb., 40c. Prepaid.

Nasturtiums

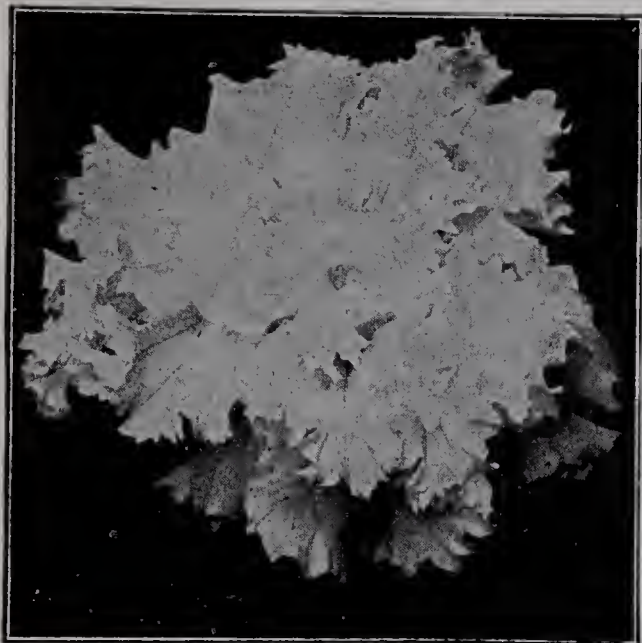

Double Hollyhocks

Morning Glory

Marigold, African

Giant Ruffled Petunia

Pansy

Phlox

SWEET WILLIAM

DIANTHUS—Positively one of the loveliest of flowers and there is probably no better known flower than this one. They are unequalled for color and fragrance and produce an immense wealth of bloom. A bed of these beautiful flowers will attract the attention of all who use them; for cut flowers they can not be surpassed. Price: Pkt., 5c; 3 pkts., 10c. Prepaid.

SALVIA

SCARLET SAGE—A bed or border of Scarlet Sage always attracts attention and this variety has long been a leading favorite. We know of nothing that can equal the effect of a bed of these scarlet flowers when in full bloom. We offer only the large flowered variety which produces flowers twice the size and as numerous as the old varieties. They grow to a height of about 3 feet with flowering stems from base to tip of plant. Pkt., 10c; 3 pkts., 25c. Prepaid.

FLOWER SEED CONTINUED

MIGNONETTE

Our Mammoth Flowering Mignonette is much superior to the common variety so often bought in the stores. Flowers are magnificent bright red, extremely showy, enormous size, foliage beautiful rich green. Splendid for cutting; will remain fresh and fragrant 10 to 12 days in the house. Price, pkt., 5c; 3 pkts., 10c. Prepaid.

MARVEL OF PERU

FOUR O'CLOCK—This old time free flowering garden favorite does well in any soil and under almost all conditions. Produces large flowers of many brilliant colors which are at their best during the afternoon when the flowers are fully expanded. Height 2 feet. Pkt., 5c; 3 pkts., 10c. Prepaid.

EVENING PRIMROSE

OENOTHERA—This delightful little plant is getting to be better known in the garden and few people who have grown it would make their garden without at least a small bed or short border of it. The place to grow it is in a sunny spot where it will bear its large saucer shaped white and yellow flowers the greater part of the summer. These open at dusk and are very fragrant. Pkt., 10c; 3 pkts., for 25c. Prepaid.

PHLOX

PHLOX DRUMMONDI—An improved giant flowering mixture of Phlox Drummondii. Contains every shade of color and is without doubt the best mixture that can be bought. Be sure to include some of these old favorites in your order. Pkt., 5c; 3 pkts., 10c. Prepaid.

DOUBLE FLOWERING PHLOX

The fine blooms, double and semi-double produced in large trusses, furnish an attractive display for the garden and make an ideal cut flower. Pkt. 10c.

PORTULACA

MOSS ROSE—This charming little hardy annual is unrivaled for brilliancy. Nothing is prettier for beds, edgings and rockwork, and it is frequently used to sow broadcast over sunny banks, etc., as an undergrowth for taller plants is also valuable. The flowers are of the richest colors and will bloom from July until frost. Stands dry weather. Price: Packet, 5c, 3 pkts., 10c. Prepaid.

PANSY

GIANT BUTTERFLY—This is the largest flowering Pansy in the world and is a superb mixture of the best types in every known class. Will produce enormous blooms. These flowers thrive best in cool, moist soil, which should be enriched by well-decayed manure or ground bone meal. Where extra large blooms are desired, pinch off all but one or two to the plant. Pkt., 15c; 3 pkts., 35c. Prepaid.

SWEET SCENTED PANSY

This new class is the result of crossing the Pansy with the Sweet Violet. The resulting hybrids in addition to retaining the delightful Violet perfume produce the most beautiful Pansy like blossoms, 2 in. across of endless variety of colors. Mixed, 10c.

PETUNIAS—MODEL MIXED

No other annual requires as little care as the Petunia, and yet rewards the gardener with such an enormous mass of gay blooms from June until November. Easily grown from seed sown early in the spring. For extra-early blooming the seed should be started indoors early in March. Pkt., 10c; 3 for 25c. Prepaid.

RUFFLED—It is well known that seed saved from the most carefully hybridized flowers produces but a small percentage of double flowers, the balance being singlets of unusually fine quality. The weaker seedlings should be carefully saved, as these invariably produce the finest double flowers, which are very large, full and beautifully formed, with the edges of the petals elegantly fringed. Price, pkt., 10c; 3 pkts., 25c. Prepaid.

POINCIANI GILLIES

BIRD OF PARADISE—The color of the flower is a rich golden yellow, it measures 2 1/4 inches across, and is produced in very large trusses. The most beautiful part of the flower is the long incurved stamens and pistils which are spread out in fan-like form and are of bright crimson color. The foliage is also highly decorative. It should be grown as a house plant, except in the warmer parts of the South, where it is hardy. If the seeds are started early it will produce blooms in great profusion the first year. Pkt., 10c; 3 pkts. for 25c. Prepaid.

STRAWFLOWER

EVERLASTING FLOWERS—One of the best of the "everlastings". They succeed in any good garden soil. The large, double flowers of rich, glittering colors make a fine display in beds or borders, but are especially grown to dry for winter use in baskets, vases, etc. Large pkt., 10c; 3 pkts., 25c. Prepaid.

GLOBE AMARANTH—Showy foliage and double brightly colored globe shaped flowers. Pkt., 10c.

VERBENA

This well known annual is very desirable for massing in beds and suitable also for borders and window boxes. Large clusters of showy flowers are borne in succession throughout a long season, until frost. Valuable for bouquets and table decorations. Wide range of colors: Red, White, Purple with White Eye, Pink, Blue Italian Striped, Mixed. All Mammoths are very beautiful.

FLOWER SEED CONTINUED

NEW GIANT FLOWERED ZINNIA

The Dahlia-Flowered Zinnias are a grand new giant flowering strain of high quality. The plants are exceedingly vigorous, growing fully 3 feet high, while the flowers are similar in shape to the double Decorative Dahlia; will range from 6 to 8 inches in diameter. They are the largest Zinnias known. Price of any of the following varieties: Packet, 15c.

Oriole—Immense orange and gold	Pkt. \$0.15
Exquisite—Light rose15
Polar Bear—Immense pure white15
Crimson Monarch—Bright scarlet15
Purple Prince—Mammoth deep purple ..	.15
Canary Bird—Yellow15

SPECIAL OFFER—1 Each of the 6 Varieties for 75c. Prepaid.

Spencer Sweet Peas

The Spencer Type is without doubt the most wonderful class of Sweet Peas in existence. The flowers freely and continuously produced throughout the season are also correspondingly large, measuring 2 to 2½ inches across. The wings are large and

Spencer Sweet Pea

gracefully posed, while the giant standards round and upright are frilled. The undulation diminishing fanlike into dainty waves at the margin. The effect of which is high lights and shadings, giving a harmony of varied color tones. Three and often four of these queenly blossoms are borne on a strong stem nearly a foot in length rendering them unsurpassable when cut and vased. They are also ideal for bouquets. This is the grandest type of Sweet Peas grown and we are anxious to place them within the reach of all our customers.

Price any of varieties below: 10c per pkt.; oz., 40c; ¼ lb., \$1.25. Prepaid.

BLANCHE FERRY—The best bi-color. The standard is a real rose-pink while the wings are white, occasionally flushed with delicate pink. A big waved type of the old popular Blanche Ferry.

CRIMSON KING—A true rich crimson. Flowers are large, beautifully waved and carried on long strong stems. One of the finest crimsons.

KING WHITE—A mammoth glistening white of perfect form. Not as free a bloomer as Constance Hinton, but a purer white and large flowered.

ROYAL PURPLE—Beautiful flowers of a rich warm purple. A free grower and profuse bloomer.

MRS. TOM JONES—A bright Delphinium-blue that is considered one of the best light blues. Large flowers on vigorous free-blooming vines.

MAJESTIC CREAM—A wonderful flower of rich cream color. **PRESIDENT HARDING**—Flowers are a peach red color. Very distinctive.

THE SULTAN—A black velvety maroon color, very fine.

SENSATION—Rich orange scarlet, really a sensation.

SPECIAL OFFER—ONE EACH OF THE 9 ABOVE FOR 60c. PREPAID

GRANDIFLORA SWEET PEAS

MIXED COLORS—For those who want some good mixed Sweet Peas, but do not wish to pay the necessarily high prices for the Extra Early and Spencer varieties we have an exceptionally fine mixture of the Grandiflora varieties. These are large, handsome flowers and are just as pretty colors as the higher priced sorts. Pkt., 5c; 3 pkts., 10c. Prepaid.

Zinnia

BEST LAWN GRASS SEED

EVERGREEN MIXTURE

FOR A GOOD, CLEAN QUICK LAWN

This mixture is composed of the choicest grasses for lawn purposes, and is especially made to produce a crop of grass very quickly. We have had, where conditions were extremely favorable, a good stand ready for the mower in 3 weeks. This mixture contains no trash and is adapted to either clay, sandy or loam soil, and should be applied at the rate of 1 pound to 300 square feet, or in the case of renovating old lawn 1 lb. to 600 square feet, depending upon how thin the grass is. Price per pound, 30c; 4 lbs. for \$1.00; 10 lbs., \$2.40. Prepaid.

DUTCH WHITE CLOVER

This is very good seed to use in renovating old lawns, especially on sandy soil, as this plant roots deeper than any other variety of grass and is not affected so much by drought. Price per pound, 50c; 3 pounds, \$1.40. Prepaid.

KENTUCKY BLUE GRASS

One of the most fancy grasses that we have today. Is largely used in lawn making and starts growing early in the spring, continuing until the ground freezes late in the fall. Price per pound, 35c; 4 pounds, \$1.25. Prepaid.

FANCY RED TOP

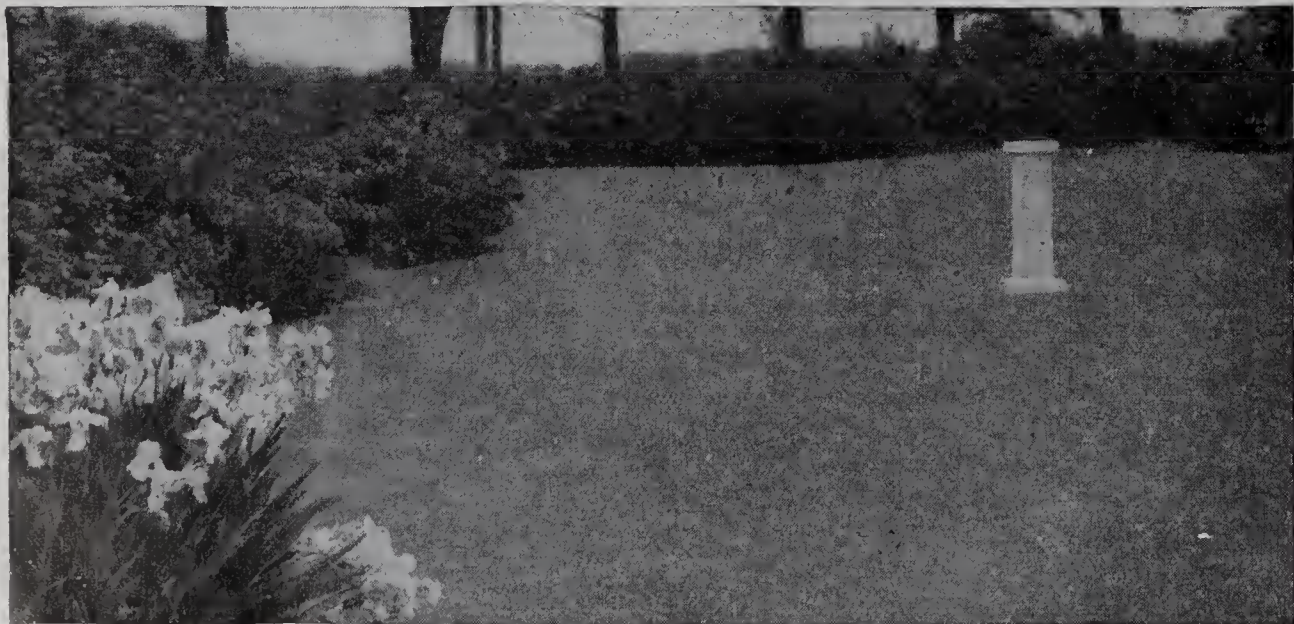

Red Top is of a quicker growth than Kentucky Blue Grass and is very desirable for Lawns. It can be used with other grasses in seeding a lawn or can be used separately. Per lb., 30c; 5 lbs., \$1.40. Prepaid.

CREeping BENT

This seed is used on Putting Greens and on private grounds where a beautiful growth is desired. It takes a long time to get established but once established fully repays the cost of seeding. Lb., \$1.00; 2 lbs., \$1.80. Prepaid.

SHADY NOOK MIXTURE

Have you a lawn that is shaded by trees? If so try a few pounds of our Shady Nook Grass Mixture which is just what you need in order to raise a patch of fine, compact, velvety grass under such conditions. Shaded ground often becomes sour and in this case it would be necessary to give it an application of Crushed Limestone before seeding, applied at the rate of 25 pounds for 500 square feet. Seed at the rate of 1 pound to about 250 square feet. Price, lb., 55c; 2 pounds for \$1.00. Prepaid.

Grown from our Evergreen Grass Seed Mixture

GOOD VARIETIES OF CANNAS

LIST OF THE BEST VARIETIES

THE PRESIDENT—Height four feet. In color, a rich, glowing scarlet and the immense firm, rounded flowers, 7 inches across when open, are produced on strong, erect stalks well above the large, rich green foliage. The "President" is superior to any other red variety in the quantity and also the quality of bloom, and the firm flowers resist drought and heat to a remarkable degree. 25c each; 6 for \$1.20. Prepaid.

AUSTRIA—Pure yellow with crimson markings in throat. A beautiful shade; the color of light. Four and one-half feet. 10c each; 12 for \$1.00; 100 for \$7.50. Prepaid.

INDIANA—Glistening golden orange flowers, with silky texture. Very attractive. 10c each; 12 for \$1.00; 100 for \$7.50. Prepaid.

KING HUMBERT—In this grand Italian Canna we have a combination of the highest type of flower with the finest bronze foliage. Its flow-

ers which under ordinary cultivation will measure six inches in diameter, and which are produced in heavy trusses of gigantic size, are of a brilliant orange-scarlet, with bright red markings, while the foliage is broad and massive and of a rich coppery bronze with brownish-green markings. Five feet, 15c each; 12 for \$1.40; 100 for \$12.00. Prepaid.

MRS. ALFRED CONARD—Grandest flesh-pink, most striking and beautiful; height four feet. 15c each; 12 for \$1.40; 100 for \$12.00. Prepaid.

RICHARD WALLACE—A light shade of canary-yellow, almost an ecru, with delicate flecks of red; a lovely Canna. Four feet. 15c each; 12 for \$1.40; 100 for \$12.00. Prepaid.

CITY OF PORTLAND—A very lovely shade of pink and largest flowers. 25c each; 12 for \$2.50. Prepaid.

JAPANESE LILIES

AURATUM (Gold Banded Japan Lily)—This variety has ever been a great favorite. The flower heads are large, with broad petals gracefully recurved. White, thickly studded crimson-maroon, with a wide gold band down the center of each petal. Improves with age, and produces a vast amount of bloom.

SPECIOSUM RUBRUM—This is one of the joys of August; ruby spots distributed over a broad expanse of white.

TIGRINUM SPLENDENS—The dear old single "Tiger Lily".

LILIUM CANDIDUM (Madonna Lily)—This well known and much sought for lily is considered one of the choicest of the lily tribe and one of the easiest to grow. Trumpet-shaped blooms are pure white and borne in spikes on tall, rigid, leafy stems. Bulbs should be planted as early as possible in the autumn.

All Lilies, blooming size bulbs, 35c each; 3 for \$1.00. Prepaid.

King Humbert Canna

ELEPHANT'S EAR

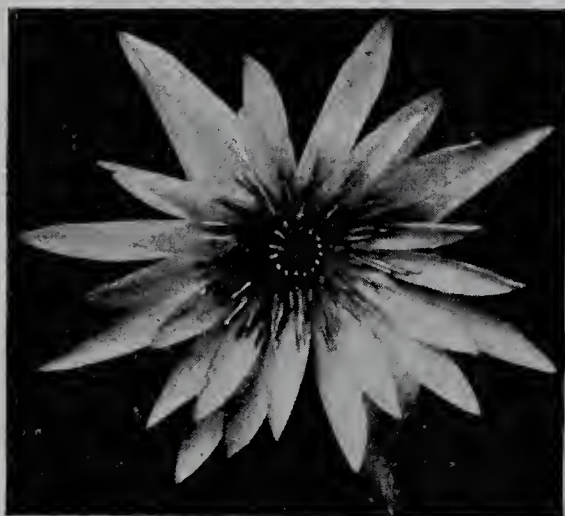

MAMMOTH LEAVES (*Caladium Esculentum*) — Very effective. The growth is very rapid, and the ground must be made rich. Watering will help develop large leaves. Bulbs can be stored in dry sand in winter and kept from year to year. A very widely grown lawn plant. Price, large bulbs, 20c each; 3 for 50c. Mammoth bulbs, 30c each; 3 for 75c. Prepaid.

Caladium or Elephant's Ear

Lilium Candidum

Water Lily

Tuberose

WATER LILIES

WHITE—Flowers medium in size ranging from 3 to 5 inches in diameter. Petals white with yellow stamens. \$1.65 each. Prepaid.

PINK—Bright pink. Fine flowers. Unusually showy, first class. \$2.00 each. Prepaid.

RED—Wonderful red flowers. Free blooming. Pride of all. \$3.75 each. Prepaid.

TUBEROSES

FRAGRANT DOUBLE — The flower spikes attain a height of about 2 feet, and are compactly filled for two-thirds of their length with very large, perfectly double flowers. 1½ to 2 inches across. The flowers have the waxlike substance of a Camellia, are glistening white and deliciously fragrant. Price, 10c each, 2 for 11c. Prepaid.

HARDY FERNS

The most beautiful and natural effects can be produced by planting hardy ferns. They should be planted to be protected from the prevailing winds. They are perfectly hardy and can stand planting either in shady or sunny positions

The Hardy Ferns are most satisfactory for planting on shady banks and around porches where the sun does not reach. They are valuable in that they do well in any good well drained soil and require practically no care. No home should be without them. We can furnish either of the following varieties. Price: 30c each, 2 for 31c. Prepaid.

OSTRICH FERN—The large leaf, tall growing variety.

ROYAL FERN—One of the large growing varieties.

CINNAMON FERN—Medium grower in height.

Hardy Fern

FINE DAHLIAS

We are offering our customers a special treat this year in our Dahlias. The varieties below include some very rare sorts and are really worth more than the price we are asking.

NOTICE—D. Decorative; S. Show; C. Cactus; Pom. Pompon.

A FEW WORDS ABOUT DAHLIAS

Many people think that the little Pompons make the most attractive Dahlia bouquets. They surely lend themselves to artistic arrangement and they bloom so freely that if you have a few plants you can always get plenty to pick. Little rounded balls of formal design usually 1 to 1½ inches in diameter.

The Decorative Dahlias are perhaps now the most popular of all. They are less formal than the Show or Ball Dahlias. The flowers are more flattened, the petals broader and less quilled. We have an especially fine list of Decoratives to offer you.

The Cactus type has long straight or slightly curved quilled petals, making up graceful and dainty flowers. The Hybrid Cactus varieties have some straight quilled petals, others flattened or curled and twisted. In the descriptions these will be marked H.C.

The Show Dahlia has flowers as round as balls, each petal like its neighbor, closely curled yet soft and velvety in texture. The Shows bloom very freely, have long stems, and flowers that last well when cut.

LIST OF VARIETIES

Millionaire (D)—Delicate lavender, large. 45c.

Jersey Beauty (D)—Large, real pink, free bloomer. 40c.

John H. Slocombe (D)—Intense velvet red, large. 35c.

Snowdrift (D)—Pure white, Giant. 35c.

Sagamore (D)—Amber gold, lightly tinted rose. 35c.

Mr. Crowley (D)—Luminous Salmon pink. 40c.

Brides Bouquet (C)—White, profuse bloomer, long stems. 35c.

Cigarette (C)—Variegated creamy white, edged with orange, no two flowers alike. 40c.

Jean Kerr (S)—One of the best pure white. 25c.

Yellow Duke (S)—Good primrose yellow. Good form. 25c.

Amber Queen (Pom.)—Rich clear amber shaded apricot. 25c.

Little Beauty (Pom.)—Krinkled petals, soft rose pink. 25c.

Flame, (Pom.)—Dark Crimson. 20c.

SUPERFINE UNNAMED DAHLIAS

By careful selection of the different classes, Decorative, Peony, Cactus, Pompon, Show and others, and by growing very large quantities, we are able to offer them to you in these collections at very much below the usual retail prices for named varieties. It costs us very little more to grow a high class Dahlia than an ordinary cheap variety. As new varieties are constantly being added we discard common varieties.

A REAL DAHLIA BARGAIN

An assortment of Dahlias comprising a wonderful range of color and types. These tubers are not labeled by name, but are named varieties and you are sure of getting a fine assortment. 5 for 50c; 12 for \$1.00. Prepaid.

BEST GLADIOLUS

The Gladiolus that we offer you in this list are all unusually good varieties, many of them are not new but they are the popular varieties that have been grown in thousands of gardens and have proven themselves so satisfactory that no list would be complete without them. No varieties yet introduced will fully replace some of these standard popular varieties. It adapts itself to all climates and almost any kind of soil. It thrives beautifully among the perennials and shrubbery, but is grown to best advantage in masses or rows in the garden.

LIST OF VARIETIES

Price of all varieties, 10 for 60c, 50 for \$2.50, 100 for \$4.00.

Alice Tiplady, best primulinus, rich orange saffron.

America, soft rosy pink, one of the best.

E. J. Shaylor, delicate cream pink, primrose center.

Crimson Glow, wide open glowing crimson.

Herada, light lavender.

Le Marchael Foch, delicate rosy pink.

Mrs. Dr. Norton, creamy pink, yellow blotch.

Mrs. F. Pendleton, light rose pink, dark blotch.

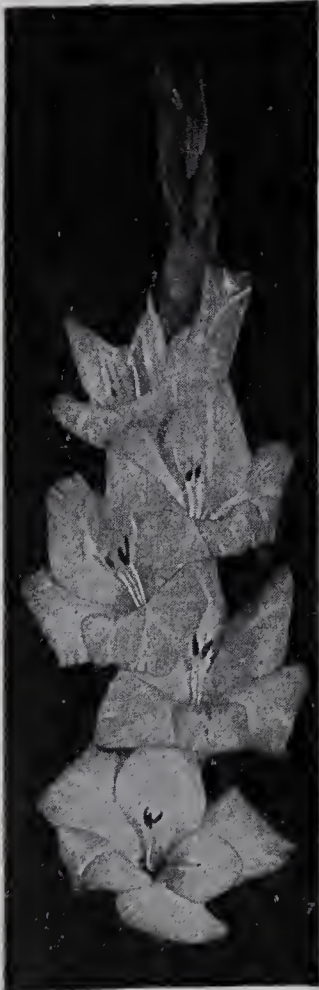

GLADIOLUS MIXTURES

Grow Plenty of Gladiolus, The Glory of the Garden
If you could see our beautiful field of Gladiolus when they are in full bloom you would certainly want to plant a large quantity. In mixture of course is the cheapest way to buy them. You do not know just which colors will appear and that is part of the pleasure of growing mixtures. You will be delighted with the splendid range of colors. Each year we add many named varieties to our mixtures to balance them up as to color and season of blooms. They produce a riot of colors from the lightest to the darkest, and give you early, medium and late blooming sorts.

GLORY MIXTURE

This is a wonderful mixture of Gladiolus made up of many of the best varieties and includes many of the ruffled sorts. From this mixture you will obtain varieties that you would be unable to secure in any way without several times the cost. This is an unusual mixture and you will be well pleased with all the varieties included. They are all guaranteed to produce fine large spikes of flowers this year.

Special Low Price, 50 for 60c, 100 for \$1.00 ppd.

Herada

E. J. Shaylor

Mrs. F. Pendleton

HARDY AMARYLLIS

(*Lycoris Squamigera*)

The only hardy and fragrant Amaryllis grown. It is a native of Japan, has immense flowers in the fall of a rosy lilac color. The bulbs we offer are strong bulbs that throw 5 to 6 gigantic blooms of the most perfect form. They are easily grown and handled and will prove a pleasure to all planters. It is perfectly hardy and blooms 2nd year. If left undisturbed it will multiply and grow into quite a large mass that will produce a wealth of bloom each year. Price \$1.00 each, 2 for \$1.75. l'repaid.

Hardy Amaryllis

GOOD VARIETIES EVERY HOME SHOULD HAVE

Water Hyacinths

Water Hyacinths

LILAC ROSE FLOWERS—It forms a lovely rosette of its curious shining green leaves, and throws up spikes of the most exquisite flowers imaginable resembling in form a spike of Hyacinth bloom, as beautiful as Orchids. In color a beautiful lilac-rose. In the windows the most beautiful effect is produced by using a glass vessel of some sort, with shells and white sand so arranged as to conceal a small amount of soil. In summer it can be grown outdoors in pools or tub of soil. 25c each, 2 for 26c. Prepaid.

Blood Red Japanese Maple

ACER PALMATUM ATROPURPUREUM—It is a very popular, low growing tree or tall shrub. Has star shaped leaves of a blood red color. If planted in a sunny location the leaves retain their bright red foliage all summer and fall. In a shady location the leaves turn a reddish green toward the latter part of the season. It is a plant that everyone admires, and attracts a lot of attention in any planting. It is one of the best plants that Japan has given to this country. Price, 12 to 18 inch plants, \$3.00 each, 18 to 24 inches \$4.00. Prepaid.

PRUNUS CISTINA

This is a beautiful, low growing tree with a beautiful dark shiny red leaf. It is very hardy, easily grown and can be trained in any shape desired. It holds its color throughout the season, keeping its red color till late in November. No other plant will do just as well, where color is wanted in the planting. Our first stock was procured direct from the originator and after several years of testing, we find it the most desirable dwarf tree for color effect in cultivation. If left to grow they will attain a height of 10 to 12 ft. but can be kept trimmed to any desired height. Price, 18 to 24 inch plants, 2 yr. old 50c each, 2 to 3 ft. 65c, 3 to 4 ft. \$1.00. Prepaid.

PRUNUS TOMENTOSUM

Often called the Nanking Chinese Flowering Cherry. Has very beautiful foliage and a solid mass of white flowers when in bloom. It also produces a very good quality of fruit that is very showy and can be used for anything in the way of food that our common cherry is used.

It is one plant that is both ornamental and useful and has a place in every home planting. They bear fruits and flowers the second year after planting.

Price, 2 to 3 ft., .45c, 3 to 4 ft., 65c, 5 to 6 ft. \$1.00. Prepaid.

Prunus Tomentosum

Two New Snowballs

VIBURNUM OPULUS NANA—A dwarf form of High Bush Cranberry and a member of the Snowball family. It grows very dense, globular in form.

Has large glossy green leaves terminating brilliant bronze in the autumn. Grows from 18 to 24 inches high. Needs no trimming. Price, 8 to 12 inch, 60c each, 2 for 61c. Prepaid.

VIBURNUM CARLSII—(Pink Flowering Snowball) — Another of the dwarf Snowballs growing to about 4 feet tall, silver green foliage, very compact and dense. Its beautiful light pink flowers are borne in clusters covering the entire bush. They are very fragrant, with a heliotrope odor that is very pleasing. Price, 12 to 18 inch \$1.00, 3 for \$2.50. Postpaid.
